World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism s enduring appeal *The Languages and Linguistics of Europe* Bernd Kortmann, Johan van der Auwera, 2011-07-27 Open publication The Languages and Linguistics of Europe A Comprehensive Guide is part of the multi volume reference work on the languages and linguistics of the continents of the world The book supplies profiles of the language families of Europe including the sign languages It also discusses the areal typology paying attention to the Standard Average European Balkan Baltic and

Martin Luther Martin Tangely, 2003 Martin Luther only meant for his 95 Theses to spark debate and hopefully a few changes in the Catholic Church Instead they changed the face of world history sparking decades of

violent religious conflict and war amongst the nations and peoples of Europe Luther was a Catholic cleric whose chief problem with the Church was the practice of selling indulgences Church leaders though would not sanction debate with him and excommunicated Luther His cause was then championed by varied European royals who saw the chance to break from the Catholic Church and take control of valuable land As the Protestants separated from the Catholic Church they also split from each other into denominations like Lutheran Anglican and Calvinist All of this was more than Luther sought or likely even wanted But the Reformation remains a seminal moment in Western indeed world history and Martin Luther is its father This book presents an overview of Martin Luther s life and his impact on Christianity and the face of the world Following that is a list of carefully selected citations of literature about Luther and the religious change he spawned Easy access is finally provided via author title and subject indexes
