Ukraine-Russia 1961 John Loring, 2024-10-21 Ukraine Russia 1961 reveals the unseen Russia and Ukraine behind the impenetrable Iron Curtain at the height of the Cold War when no foreigners could gain access to Russia or its southern territory Ukraine John Loring and Jean Louis Karcher both twenty one year old first year students at the Ecole des Beaux Arts in Paris were going to see Russia however difficult that was and were told by older Russians in Paris who had escaped the Bolshevik revolution of 1917 that the only but maybe impossible chance was via Helsinki in Finland near the Russian border They weren't to be dissuaded from their adventure into the forbidden and drove in a new French 2CV from Paris to Helsinki and its Russian embassy and waited in Finland for weeks of negotiations between Helsinki and Moscow until by miracle the embassy received clearance from Moscow for them to be given visas with strict limitations to travel route and permitted photography Any revealing photos were not allowed to leave Russia Their trip was closely watched by the Russian secret police the KGB and arrests were daily but useless until the KGB locked them in a dreary hotel room for a night while they sabotaged their car's steering which the next day came apart and sent them crashing down a rocky mountainside which after seven rolls wrecked the car but not them They and the remains of the car were driven to Lvov where the workers at the state garage agreed to completely rebuild the car which gave them a week in Lvov The car rebuilt they set out west to the Czechoslovakian border where things got ugly during fourteen hours of interrogation by the KGB who developed and destroyed much of their film somehow missing those images in this book At 4 00 a m they were finally released and able to cross the border to freedom with these many unique forbidden photographs *The Companion Guide to St Petersburg* Kyril FitzLyon, Kyril Zinovieff, Jenny Hughes, 2003 As a guide to the hidden city reconstructed imagined and remembered as well as to St Petersburg today this book is highly recommended It will take you to parts of the city and corners of buildings that other guides do not reach and reveal stories that others do not tell *Guide-book to the Soviet Union* Sándor Radó, 1928

Ukrainian Postcards Owen Hatherley, 2022-04-05 An ebook on the threatened built environment of urban Ukraine with all proceeds going to the CWU's Ukraine fund and Artists at Risk This is a short limited edition ebook with all proceeds being

divided between the Communication Workers Union's Humanitarian Fund for Ukraine and Artists at Risk's Ukraine appeal. Today, during Russia's imperialist war on Ukraine, everyone is talking about this large beautiful and multicultural country, but when doing so, they're often repeating some poorly understood clichés and myths. Ukrainian Postcards, written firmly from the political left, draws on the author's writings on the modern architecture of various Ukrainian cities written between 2010 and 2020 to build up a picture of a country that could one day be a model of how to live with a difficult past and a multicultural present, but which has been consistently undermined by politicians who use it as a cashbox and, above all, a neighbour who uses it as a punchbag. Above all, at a time when Ukraine's architectural heritage is literally under threat, shelled and bombed by the Russian air force day in, day out, it outlines just how valuable and special this country's buildings are and how much we stand to lose with their destruction. *Trans-Europe Express* Owen Hatherley, 2018-06-07. A scathing, lively and timely look at the European city from one of our most provocative voices on culture and architecture today. Owen Jones. A searching, timely account of the condition of contemporary Europe told through the landscapes of its cities. Over the past twenty years, European cities have become the envy of the world: a Kraftwerk Utopia of historic centres, supermodernist concert halls, imaginative public spaces and futuristic egalitarian housing estates, which, interconnected by high-speed trains traversing open borders, have a combination of order and pleasure which is exceptionally unusual elsewhere. In *Trans Europe Express*, Owen Hatherley sets out to explore the European city across the entire continent to see what exactly makes it so different to the Anglo-Saxon norm: the unplanned, car-centred, developer-oriented spaces common to the US, Ireland, UK and Australia. Attempting to define the European city, Hatherley finds a continent divided both within the EU and outside it. The latest heir to Ruskin Boyd Tonkin. Independent. Hatherley is the most informed, opinionated and acerbic guide you could wish for. Hugh Pearman. Sunday Times. Can one talk yet of vintage Hatherley? Yes, one can. Here are all the properties that have made him one of the most distinctive writers in England: not just architectural writers, but writers full stop: acuity, contrariness, observational rigour, frankness and beautifully wrought prose. Jonathan Meades. *The Rough Guide to Vienna* Rough Guides, 2011-07-01. The *Rough Guide to Vienna* is the ultimate guide to one of Europe's most elegant and civilised capital cities. From the world-class art galleries and museums full of Art Nouveau and Modernist pieces to getting off the beaten track and exploring the narrow, cobbled backstreets of the Innere Stadt or the lively cafés and bars of the Naschmarkt area, this guide covers it all. Frank, incisive reviews take you straight to the best of the city's coffee houses, restaurants and nightlife venues, from the minimalist to the magnificently traditional, while the listings help you find the right accommodation for your budget, whether that's a boutique hotel off Karlsplatz, a grand classic on the Ringstrasse or just a perfect budget hideaway. With inspirational photography, neighbourhood by neighbourhood accounts and detailed up-to-date maps, *The Rough Guide to Vienna* is the perfect companion for a weekend away or a longer city break. Make the most of your holiday with *The Rough Guide to Vienna*. *A Piece of Her Heart* Carpey Sissy Carpey, Sissy Carpey, 2009. My bubbe's house was filled with photos of

all the children and grandchildren she would not count The photo gallery was a mirror of the life cycle of the family The lost family the family in Russia was frozen in the moment of the only portrait we had That photo stood by itself on a small window sill at the right corner of the dining room To us they were always a little girl a little boy and two young parents all of them staring somberly at us None of them were included in the count of not one not two of my grandmother s children and grandchildren Why didn t my mother and her siblings talk about their lost sister in all the years of my childhood How could my grandmother have tucked away the memory of the daughter who was her first child How could she see that photo every day and yet never speak of Frayda They especially my grandmother must have buried her deep within their hearts so that they could cope with the sorrow the loss and the guilt of being safe in America

A Researcher's Guide to Sources on Soviet Social History in the 1930s Sheila Fitzpatrick,Lynne Viola,2016-07-22 The Stalin era has been less accessible to researchers than either the preceding decade or the postwar era The basic problem is that during the Stalin years censorship restricted the collection and dissemination of information and introduced bias and distortion into the statistics that were published while in the post Stalin years access to archives and libraries remained tightly controlled Thus it is not surprising that one of the main manifestations of glasnost has been the effort to open up records of the 1930s In this volume Western and Soviet specialists detail the untapped potential of sources on this period of Soviet social history and also the hidden traps that abound The full range of sources is covered from memoirs to official documents from city directories to computerized data bases
