Adjectives in Germanic and Romance Petra Sleeman, Freek Van de Velde, Harry Perridon, 2014-02-15 Although the Germanic and Romance languages are two branches of the same language family and although both have developed the adjective as a separate syntactic and morphological category the syntax morphology and interpretation of adjectives is by no means the same in these two language groups and there is even variation within each of the language groups One of the main aims of this volume is to map the differences and similarities in syntactic behavior morphology and meaning of the Germanic and Romance adjective and to find an answer to the following question Are the dissimilarities the result of autonomous developments in each of the two branches of the Indo European language family or are they caused by language contact

Grammaticalization at Work Matti Rissanen, Merja Kytö, Kirsi Heikkonen, 2011-09-20 The future of English linguistics as envisaged by the editors of Topics in English Linguistics lies in empirical studies which integrate work in English linguistics into general and theoretical linguistics on the one hand and comparative linguistics on the other The TiEL series features volumes that present interesting new data and analyses and above all fresh approaches that contribute to the overall aim of the series which is to further outstanding research in English linguistics

Grammatical Change in English World-Wide Peter Collins, 2015-02-24 The contributions to this volume apply and extend the techniques of corpus linguistics and diachronic linguistics to the challenge of describing and explaining grammatical change in varieties of English world wide The book is divided into two parts with ten chapters on Inner Circle varieties such as Australian Canadian and Irish English and eight on Outer Circle varieties such as Philippine Indian and Nigerian English Contributors examine a range of topics including the progressive aspect modal auxiliaries do support verb morphology and quotatives using a wide variety of corpus resources Overarching research questions addressed include the following Do diachronic tendencies observed in a particular variety converge with diverge from or run in parallel with those in the parent variety What are the possible causes of changes observed e g English teaching traditions Americanisation internal changes in registers This book will appeal to linguists particularly those interested in grammatical description corpus linguistics and World Englishes
