Lying Abroad Diplomatic Memoirs:

Lying Abroad Henry Brind, 1999-12-31 An ambassador is an honest man sent to lie abroad for the good of his country Sir Henry Wotton 1604 Harry Brind did not emulate his illustrious seventeenth century diplomatic predecessors as can be seen from his compelling account of British diplomacy in difficult and exotic locations from the last days of empire to the late twentieth century After leaving the army Harry Brind joined the Colonial Service in the Gold Coast and Ghana after independence This was a period of vital importance in the history of the British policy on decolonization of which Ghana was regarded as a key example Brind went on to Canada an independent and long established former Dominion and in the sharpest contrast after a spell in London dealing with Britain's application to join the Common Market to Uganda during Idi Amin's tyranny In Lying Abroad he gives a graphic and harrowing picture of one of the worst episodes in Africa's modern history His time in Mauritius might in comparison seem idyllic but there were pressing diplomatic problems in an island of mixed ethnicity and still bearing the stamp of its French colonial past Brind's period as ambassador in Somalia is of great interest to students of modern history and international relations the story of a vital piece on the chessboard of global political interest in the turbulent Horn of Africa His account of his last major appointment as High Commissioner in Malawi during Hastings Banda's rule gives a sharply etched picture of contrasts a poor but stable country ruled almost as a personal fief by a Life President both demonised and admired Lying Abroad encapsulates a period when the problems of post imperial Britain were at their height Brind describes the pressures of international diplomacy with humour lightness of touch and authority

The Foreign Office and British Diplomacy in the Twentieth Century Gaynor Johnson, 2013-09-13 This book examines the evolution of the Foreign Office in the 20th century and the way in which it has responded to Britain's changing role in international affairs The last century was one of unprecedented change in the way foreign policy and diplomacy were conducted The work of The Office expanded enormously in the 20th century and oversaw the transition from Empire to Commonwealth with the merger of the Foreign and Colonial Offices taking place in the 1960s The book focuses on the challenges posed by waging world war and the process of peacemaking as well as the diplomatic gridlock of the Cold War Contributions also discusses ways in which the Foreign and Commonwealth Office continues to modernise to meet the challenges of diplomacy in the 21st century This book was previously published as a special issue of the journal Contemporary British History

Globetrotters I write about Asians who have made lives in other countries other than their own viz America England Australia Italy and Malaysians Some have left their mother country from an early age following their families on diplomatic postings I also touched on life in the diplomatic world which I found interesting and which I feel would be interesting to the readers I also touched on places some remote some familiar to readers which were their hometowns before they left to venture to faraway places Their experiences as a foreigner are all mentioned as part of their life overseas Most of these events happened as far back as in the 1950s I have categorized the characters under three different groups viz Children of Diplomats The Missionaries and The Adventures based on their life stories and experiences All the stories are true and some heart breaking and it touches on the path of life through the choices we made through their own or was chosen for them

Revolt of the Ministers Colin Baker, 2001-03-23 I certainly had very extreme views very violent views and I certainly did advocate extreme methods So a leading Nyasaland nationalist characterised the struggle for independent Malawi but Dr Hastings Banda a highly respected medical doctor based for many years in London was invited back to Nyasaland to lead the movement to independent Malawi and the Malawi National Congress Here was or so it seemed a loyal and progressive Government with pro Western leadership a final success in the story of British decolonisation Yet within three months all but one of the cabinet ministers had resigned or were dismissed former ministers fled the country including distinguished members of the independence movement Even the pro Congress Europeans feared for their lives Colin Baker unravels this potentially disastrous episode in Malawi's history and in the story of decolonisation He illuminates not only the immediate post independence problems of Malawi a newly independent African state but charts the growth of Banda's autocracy This detailed and revealing study reveals the problems inherent in the whole momentous story of Africa in independence and decolonisation
