working with at risk populations fostering community providing therapeutic assistance and building the infrastructure to maintain new initiatives *The Urban South* Lawrence H. Larsen, 2021-12-14 In this panoramic survey of urbanization in the American South from its beginnings in the colonial period through the Sunbelt era of today Lawrence Larsen examines both the ways in which southern urbanization has paralleled that of other regions and the distinctive marks of southernness in the historical process Larsen is the first historian to show that southern cities developed in layers spreading ever westward in response to the expanding transportation needs of the Cotton Kingdom Yet in other respects southern cities developed in much the same way as cities elsewhere in America despite the constraints of regional racial and agrarian factors And southern urbanites far from resisting change quickly seized upon technological innovations most recently air conditioning to improve the quality of urban life Treating urbanization as an independent variable without an ideological foundation Larsen demonstrates that focusing on the introduction of certain city services such as sewerage and professional fire departments enables the historian to determine points of urban progress Larsen's landmark study provides a new perspective not only on a much ignored aspect of the history of the South but also on the relationship of the distinctive cities of the Old South to the new concept of the Sunbelt city Carrying his story down to the present he concludes that southern cities have gained parity with others throughout America This important work will be of value to all students of the South as well as to urban historians **Israel on the Appomattox** Melvin Patrick Ely, 2010-12-01 WINNER OF THE BANCROFT PRIZE A New York Times Book Review and Atlantic Monthly Editors Choice Thomas Jefferson denied that whites and freed blacks could live together in harmony His cousin Richard Randolph not only disagreed but made it possible for ninety African Americans to prove Jefferson wrong Israel on the Appomattox tells the story of these liberated blacks and the community they formed called Israel Hill in Prince Edward County Virginia There ex slaves established farms navigated the Appomattox River and became entrepreneurs Free blacks and whites did business with one another sued each other worked side by side for equal wages joined forces to found a Baptist congregation moved west together and occasionally settled down as man and wife Slavery cast its grim shadow even over the lives of the free yet on Israel Hill we discover a moving story of hardship and hope that defies our expectations of the Old South **Hunter's Fiery Raid Through Virginia Valleys** Gary C.
