Lyndon Johnson And The American Dream:

Lyndon Johnson and the American Dream Doris Kearns Goodwin, 2015-08-04 With a new foreword The New York Times bestselling biography of President Lyndon Johnson from the Pulitzer Prize winning author of *Team of Rivals* Featuring a 2018 foreword by the Pulitzer Prize winning political historian that celebrates a reappraisal of Lyndon Johnson's legacy five decades after his presidency from the vantage point of our current profoundly altered political culture and climate Doris Kearns Goodwin's extraordinary and insightful biography draws from meticulous research in addition to the author's time spent working at the White House from 1967 to 1969 After Johnson's term ended Goodwin remained his confidante and assisted in the preparation of his memoir In *Lyndon Johnson and the American Dream* she traces the 36th president's life from childhood to his early days in politics and from his leadership of the Senate to his presidency analyzing his dramatic years in the White House including both his historic domestic triumphs and his failures in Vietnam Drawing on personal anecdotes and candid conversation with Johnson Goodwin paints a rich and complicated portrait of one of our nation's most compelling politicians in the most penetrating fascinating political biography I have ever read The New York Times

Lyndon Johnson and the American Dream Doris Kearns Goodwin, 1976 The thirty sixth President's conversations with the author provide the basis for a study of his background his personal outlook and behavior his political career and the political system that fostered his rise *Lyndon Johnson and the American Dream* Doris Kearns Goodwin, 1976 *Lyndon Johnson and the American Dream* Doris Kearns, 1976 ***Lyndon Johnson & the American Dream* Doris Kearns, 1976** ***Lyndon***

***Johnson and the American Dream* Doris Kearns, Doris Kearns Goodwin, 1976** *Summary of Doris Kearns Goodwin's Lyndon Johnson and the American Dream* Everest Media, 2022-04-29T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Lyndon Johnson's mother Rebekah was a dreamy young girl who had spent her afternoons reading poetry under the shade of the big trees in the gardens of their house She projected herself as a moral example to her son 2 Sam Johnson's mother Rebekah had the same experience as Lyndon's mother She was a cultured woman who lost her father when she was young and she married a small time farmer and trader She had to adjust to a completely different life 3 Johnson's mother Rebekah was extremely discontent with her life with Sam Johnson She felt alone and miserable and she constantly fought with him over how the household was managed 4 The Baines family code was very strict about sobriety and it was a guarantee of reliability and industry Sobriety was a promise of morality and economic success When Rebekah saw her husband drink she saw how badly it affected him and she cried a lot **Congressional Giants** J. Michael Martinez, 2020-05-26 The Congress of the United States operates in the shadow of the American presidency which can make the legislative branch appear less important than the executive in our constitutional system of government And yet Congress is a co equal branch of government deriving its powers from Article I of the United States Constitution Love it or hate it the institution is a source of incredible power It behooves all Americans to learn more about

Congress Although a single slender volume cannot provide information on all there is to know about Congress it can begin the journey In *Congressional Giants* political scientist J Michael Martinez explores the careers and achievements of 14 influential leaders of Congress men who either held formal positions within the chambers of Congress such as speaker of the House of Representatives or Senate majority leader or who served on important committees to determine how they shaped the course of American history

Lyndon Johnson, Vietnam, and the Presidency David Zarefsky, 2021-08-16 Even those who remember hearing those words may not remember that they came at the very end of a 45 minute speech primarily concerning Vietnam Three months into an already tumultuous year in the aftermath of the Tet offensive and facing a deeply divided country President Lyndon Baines Johnson addressed the nation to announce new initiatives and appeal for public support The speech of March 31 1968 announced a bombing halt over much of North Vietnam a limited troop increase rather than a major escalation and his own decision to withdraw from the presidential race Each of these decisions was unexpected a major surprise that stunned the nation In *Lyndon Johnson Vietnam and the Presidency* political rhetoric scholar David Zarefsky examines the three key announcements and how they fit together in the speech In particular LBJ's announcement that he would not run for re election gave the de escalation measures more credibility because they could not be seen as political ploys Zarefsky traces the development of the speech through eleven drafts reflecting disagreements and doubts among the writers and advisers In turn he sets these efforts in the larger context of the Cold War and the impact of the Tet offensive Drawing on archival sources and reflecting rhetorical insights this book illuminates one of the most consequential speeches of the 1960s Even though the fighting in Vietnam would continue for several more years the course of America's conduct in Vietnam was changed permanently by this speech
