Lyric Poetry Etna:

Lyric Poetry Pietro Bembo, 2005 Pietro Bembo 1470-1547 scholar and critic was one of the most admired Latinists of his day. The poems in this volume come from all periods of his life and reflect both his erudition and his wide-ranging friendships. This volume also includes the prose dialogue *Etna*, an account of Bembo's ascent of Mt Etna in Sicily during his student days.

Lyrical Poetry from Blake to Hardy Sir Herbert John Clifford Grierson, 1928 *Lyrical Poetry of the Nineteenth Century* Sir Herbert John Clifford Grierson, 1929 *The Neo-Latin Epigram* Susanna de Beer, K. A. E. Enenkel, David Rijser, 2009 The epigram is certainly one of the most intriguing while at the same time most elusive genres of Neo-Latin literature. From the end of the fifteenth century almost every humanist writer who regarded himself a true poeta had composed a respectable number of epigrams. Given our sense of poetical aesthetics be it idealistic, postidealistic, modern or postmodern, the epigrammatic genre is difficult to understand. Because of its close ties with the historical and social context it does not fit any of these aesthetic approaches. By presenting various epigram writers' collections and subgenres from the fifteenth to the seventeenth century, this volume offers a first step toward a better understanding of some of the features of humanist epigram literature.

Multilingual Texts and Practices in Early Modern Europe Peter Auger, Sheldon Brammell, 2023-02-15 This collection offers a cross-disciplinary exploration of the ways in which multilingual practices were embedded in early modern European literary culture, opening up a dynamic dialogue between contemporary multilingual practices and scholarly work on early modern history and literature. The nine chapters draw on translation studies, literary history, transnational literatures, and contemporary sociolinguistic research to explore how multilingual practices manifested themselves across different social, cultural, and institutional spaces. The exploration of a diverse range of contexts allows for the opportunity to engage with questions around how individual practices shape national and transnational language practices and literatures, the impact of multilingual practices on identity formation, and their implications for creative innovations in bilingual and multilingual texts. Taken as a whole, the collection paves the way for future conversations on what early modern literary studies and present-day multilingualism research might learn from one another and the extent to which historical texts might supply precedents for contemporary multilingual practices. This book will be of particular interest to students and scholars in sociolinguistics, early modern studies in history and literature, and comparative literature.

The Endless Periphery Stephen J. Campbell, 2019-11-26 While the masterpieces of the Italian Renaissance are usually associated with Italy's historical seats of power, some of the era's most characteristic works are to be found in places other than Florence, Rome, and Venice. They are the product of the diversity of regions and cultures that makes up the country. In *Endless Periphery*, Stephen J. Campbell examines a range of iconic works in order to unlock a rich series of local references in Renaissance art that include regional rulers, patron saints, and miracles, demonstrating, for example, that the works of Titian spoke to beholders differently in Naples, Brescia, or Milan than in his native Venice. More than a series of regional

microhistories Endless Periphery tracks the geographic mobility of Italian Renaissance art and artists revealing a series of exchanges between artists and their patrons as well as the power dynamics that fueled these exchanges A counter history of one of the greatest epochs of art production this richly illustrated book will bring new insight to our understanding of classic works of Italian art *Letters* Angelo Poliziano,2006 Poliziano was one of the great scholar poets of the Italian Renaissance This volume illuminates his close friendship with Pico della Mirandola and includes much of the correspondence about the composition and reception of his Miscellanies a revolutionary work of philology It also includes his famous letter on the death of Lorenzo de Medici **Ciceronian Controversies** JoAnn DellaNeva,2007 The main literary dispute of the Renaissance pitted those Neo Latin writers favoring Cicero alone as the apotheosis of Latin prose against those following an eclectic array of literary models This Ciceronian controversy pervades the texts and letters collected for the first time in this volume
