M Thinking Revolutionise Your Business Revolutionise Your Life:

M Thinking Phil Merrick, 2005-08-01 Have you ever wondered why some people are more successful than others Have you ever wondered why on some days things go really well and yet on other days everything goes horribly wrong Why do some people seem to be luckier than others Why do businesses fail even though they are run by intelligent people The answer lies in the fact that everything in our lives is a force and everything that we do is influenced by those forces Whether we are successful and happy will depend entirely on how well we manage those forces Making sure the right forces are in play getting them to work for us not against us making them as strong as possible and making sure we influence them instead of letting them influence us is the secret of success The most important forces in anyone's life are people From birth we are influenced by what other people think do and say and it is only natural that this continues as we progress into adulthood But how much of our lives do we actually influence ourselves How much of what we do is dictated by someone else Learn to see everything and everyone as a force and learn to control your forces instead of letting them control you M thinking is a concept a mindset a management model will change the way you think about things and the way in which you make decisions will change the way you see people will enable you to identify and take control of the forces that influence what you do is easy to understand and simple to put into practice can be used for just about any situation in both your personal life and your business life can be used for high level conceptual thinking or detailed analysis work will change your life your attitude and your approach to the way you do things

INTRODUCTION There comes a time when the elastic snaps When you push yourself to breaking point and everything crashes down My breaking point came on a gloomy Monday morning commute in 2015 Sitting in my car waiting for the lights to change I looked at two guys in their cars on either side of me They looked as miserable as I felt At that moment I burst into tears What the fuck was I doing with my life I was unhappy in my personal life and hated my job I couldn't see a way out I was too invested in my career too old to start again Looking back I didn't know jack shit about building a fitness business Corporate marketing is one thing Doing everything from scratch alone in a different industry is another I didn't have a creative agency or a multimillion pound budget All I had was a Personal Trainer certificate and the ironparadisefitness.com domain name Nevertheless I started building my online empire Or as I now refer to it pissing in the wind for two years I would write lousy articles post selfies and wonder why clients weren't beating down my virtual door Desperate to carve a way out of corporate life I vowed not to quit My business was my obsession Going out meeting friends and taking a break were a rarity I thought it was the only way to be successful I became a hermit A recluse Like the creepy guy kids fear in horror movies That's Old Man Mitchell from No 29 He never leaves the house Some say he only goes outside to dispose of the dead bodies I wasn't that bad but my social life went on ice I studied nutrition and learned the intricacies of exercise mechanics I read books and invested in courses on social media copywriting and web design Iron Paradise Fitness had consumed my entire life and I loved it It was the fire in my belly I'd been missing The passion I needed Although it did make for awkward conversations on Tinder dates What do you like to do in your spare time The innocent question would come Well I'm building my own business right now so that's my main focus Ah cool But what do you like to do for fun Work on my business Yeah but what about when you're not doing that I'm either working on my business thinking about working on my business or eating Oh
