Ma Place Sur La Photo:

The Violence of the Image Liam Kennedy, Caitlin Patrick, 2020-09-13 Photography has visualized international relations and conflicts from the midnineteenth century onwards and continues to be an important medium in framing the worlds of distant suffering others Although photojournalism has been challenged in recent decades claims that it is dead are premature The Violence of the Image examines the roles of image producers and the functions of photographic imagery in the documentation of wars violent conflicts and human rights issues tackling controversial ideas such as witnessing the making of appeals based on displays of human suffering and the much cited concept of compassion fatigue In the twenty first century the advent of digital photography camera phones and socialmedia platforms has altered the relationship between photographers the medium and the audience as well as contributing to an ongoing blurring of the boundaries between news and entertainment and professional and amateur journalism The Violence of the Image explores how new vernacular and artistic modes of photographic production articulate international friction This innovative timely book makes a major contribution to discussions about the power of the image in conflict

Sealift, 1976 Photos d'ados. A l'ère du numérique Jocelyn Lachance, 2013-08-23 00:00:00-04:00 C'est bien connu la jeune génération d'aujourd'hui est la première à avoir grandi sous l'œil de l'appareil numérique avec autant d'intensité mais aussi avec un appareil personnel dans les mains D'ailleurs il semble que rien ne chappe l'œil de ces appareils numériques manipulés par les jeunes ni les relations sexuelles ni les épisodes de défouloir pas plus que les bagarres ou les agressions Or avant de comprendre les risques liés aux usages de l'appareil numérique il importe de saisir comment elle joue un rôle dans la vie des plus jeunes depuis déjà quelques années partir du discours de jeunes adultes au sujet de leur adolescence cet ouvrage montre comment les usages de cet appareil s'inscrivent dans le contexte plus large d'une jeunesse hypermoderne aux prises avec des questionnements relativement traditionnels comment s'autonomiser comment rencontrer l'autre
