

Translated by C. Dickson

A photograph of a white lace-trimmed bra lying on a chain-link fence. The bra is positioned diagonally across the frame, with its straps and lace details clearly visible. The background consists of a dense layer of dry, brown leaves and twigs, creating a textured, natural setting. The lighting is bright, casting soft shadows on the fence and the bra.

Macadam Dreams Lesperance Macadam:

Macadam Dreams Gis_le Pineau, 2003-01-01 A cyclone inexorably sweeps Eliette into her past in this novel about the wayward violence of love and nature in Guadeloupe In Macadam Dreams the celebrated Creole writer Gis_le Pineau cunningly unveils the two cataclysms that have devastated Eliette's life first the cyclone of 1928 when she was only eight years old and now Hurricane Hugo whose destruction shatters the elaborate defenses the old woman has built around the sorrows and madness of her life in the small accursed town of Savane Mulet As Hugo unleashes its fury a final blow frees Eliette's repressed memories of madness isolation and loss and of the grievous failure of a prophecy that promised her a child A story of self discovery Macadam Dreams speaks eloquently of the violence and poverty endured by women of this island nation violence every bit as devastating and seemingly inescapable as the perpetually returning cyclone Viewed by many as a canonical author in the Creole movement in Francophone literature Pineau has created an extraordinary work that is recognized as a masterpiece of French Caribbean literature

Reimagining Resistance in Gisèle Pineau's Works

Lisa Connell, Delphine Gras, 2022-10-20 As one of the most prominent voices from and about the French Caribbean Gis le Pineau has garnered significant scholarly attention however this interest has culminated in precious few volumes devoted entirely to the author and her work In response to this lack of in depth critical attention Reimagining Resistance in Gis le Pineau's Works brings together a range of perspectives from both sides of the Atlantic and across the Pacific to explore the unique ways in which Gis le Pineau's works redefine the concept of resistance particularly as it relates to gender race history and Antillean identity As this volume ultimately demonstrates resistance holds up a mirror to the political economic and cultural forces that have shaped the past construct the present and build the future It argues that Pineau's characters open the narrative frame for reading them and move us beyond the categories of the wholly defiant or the inherently complicit Above all as they invite us to reimagine resistance they expose our expectations and hopefully shift our understanding about what it means to rise and to fall in a world we seek to call our own
