Macbeth Oneact Adaptation Of Shakespeares Masterpiece:

Macbeth William Shakespeare, 1965-06 Sinophone Adaptations of Shakespeare Alexa Alice Joubin, 2022-07-07

Shakespeare's tragedies have been performed in the Sinophone world for over two centuries. Hamlet, Macbeth, and King Lear are three of the most frequently adapted plays. They have been reimagined as political theatre, comedic parody, Chinese opera, avant-garde theatre, and experimental theatre in Hong Kong, China, and Taiwan. This groundbreaking anthology features the first English translations of seven influential adaptations from 1987 to 2007 across a number of traditional and modern performance genres in Beijing, Shanghai, Hong Kong, and Taipei. Each of the book's three sections offers a pair of two contrasting versions of each tragedy in two distinct genres for comparative analysis. This anthology is an indispensable tool for the teaching and research of Sinophone theatre's engagement with Western classics in the late twentieth and early twenty-first centuries.

The Routledge Companion to Global Literary Adaptation in the Twenty-First Century

Brandon Chua, Elizabeth Ho, 2023-03-10. The Routledge Companion to Global Literary Adaptation in the Twenty-First Century offers new perspectives on contemporary literary adaptation as a dynamically global field. Featuring contributions from an international team of established and emerging scholars, this volume considers literary adaptation to be a complex global network of influences, appropriations, and audiences across a diversity of media. It offers site-specific case studies that situate literary adaptation within global market forces while challenging the homogenizing effects of globalization on local literatures and adaptation practices. The collection also provides a multi-disciplinary and transnational discussion around a wide array of topics in literary adaptation in a global context, such as soft power, decolonization, global justice, the posthuman, eco-criticism, and forms of activism. This Companion provides scholars, researchers, and students with a survey of key methodologies, current debates, and ideologies emerging from a new and exciting phase in literary adaptation.

Adaptation

Before Cinema Lissette Lopez Szwydky, Glenn Jellenik, 2023-01-19. Adaptation Before Cinema highlights a range of pre-cinematic media forms, including theater, novelization, painting, and illustration, transmedia art, children's media, and other literary and visual culture. The book expands the primary scholarly audience of adaptation studies from film and media scholars to literary scholars and cultural critics working across a range of historical periods, genres, forms, and media. In doing so, it underscores the creative diversity of cultural adaptation practiced before cinema came to dominate the critical conversation on adaptation. Collectively, the chapters construct critical bridges between literary history and contemporary media studies, foregrounding diverse practices of adaptation and providing a platform for innovative critical approaches to adaptation, appropriation, or transmedia storytelling, popular from the Middle Ages through the invention of cinema. At the same time, they illustrate how these forms of adaptation not only influenced the cinematic adaptation industry of the twentieth century but also continue to inform adaptation practices in the twenty-first-century transmedia landscape. Written by scholars with expertise in historical literary and cultural scholarship ranging from the medieval period through the
