Machiavellian Moment Florentine Political Thought

John Greville Agard Pocock

Machiavellian Moment Florentine Political Thought:

The Machiavellian Moment John Greville Agard Pocock, 2016-10-04 Originally published in 1975 The Machiavellian Moment remains a landmark of historical and political thought Celebrated historian J G A Pocock looks at the consequences for modern historical and social consciousness arising from the ideal of the classical republic revived by Machiavelli and other thinkers of Renaissance Italy Pocock shows that Machiavelli's prime emphasis was on the moment in which the republic confronts the problem of its own instability in time which Pocock calls the Machiavellian moment After examining this problem in the works of Machiavelli Guicciardini and Giannotti Pocock turns to the revival of republican ideology in Puritan England and in Revolutionary and Federalist America He argues that the American Revolution can be considered the last great act of civic humanism of the Renaissance and he relates the origins of modern historicism to the clash between civic Christian and commercial values in eighteenth century thought This Princeton Classics edition of The Machiavellian Moment features a new introduction by Richard Whatmore

The Machiavellian Moment John Greville Agard Pocock, 1975 The Machiavellian Moment is a classic study of the consequences for modern historical and social consciousness of the ideal of the classical republic revived by Machiavelli and other thinkers of Renaissance Italy J G A Pocock suggests that Machiavelli's prime emphasis was on the moment in which the republic confronts the problem of its own instability in time and which he calls the Machiavellian moment After examining this problem in the thought of Machiavelli Guicciardini and Giannotti Pocock turns to the revival of republican thought in Puritan England and in Revolutionary and Federalist America He argues that the American Revolution can be considered the last great act of civic humanism of the Renaissance He relates the origins of modern historicism to the clash between civic Christian and commercial values in the thought of the eighteenth century

Republicanism, Liberty, and Commercial Society, 1649-1776 David Wootton, 1994 This examination of republicanism in an Anglo American and European context gives weight not only to the thought of the theorists of republicanism but also to the practical experience of republican governments in England Geneva the Netherlands and Venice

Research Handbook on the History of Political Thought Cary J. Nederman, Guillaume Bogiaris, 2024-06-05 This insightful Handbook reviews the key frameworks guiding political scientists and historians of political thought Comprehensive in scope it covers historical methodology traditions epochs and classic authors and texts spanning from ancient Greece until the nineteenth century

A Global Encyclopedia of Historical Writing, Volume 2 D.R. Woolf, 2022-09-30 First published in 1998 Including a wide range of information and recommended for academic libraries this encyclopedia covers historiography and historians from around the world and will be a useful reference to students researchers scholars librarians and the general public who are interested in the writing of history Volume II covers entries from K to Z

Reformations Carlos M. N. Eire, 2016-06-28 This fast paced survey of Western civilization's transition from the Middle Ages to modernity brings that tumultuous period vividly to life Carlos Eire popular

professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg s printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind Reformations is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history **The Political Value of Time** Elizabeth F.

Cohen,2018-03-01 Waiting periods and deadlines are so ubiquitous that we often take them for granted Yet they form a critical part of any democratic architecture When a precise moment or amount of time is given political importance we ought to understand why this is so The Political Value of Time explores the idea of time within democratic theory and practice Elizabeth F Cohen demonstrates how political procedures use quantities of time to confer and deny citizenship rights Using specific dates and deadlines states carve boundaries around a citizenry As time is assigned a form of political value it comes to be used to transact over rights Cohen concludes with a normative analysis of the ways in which the devaluation of some people s political time constitutes a widely overlooked form of injustice This book shows readers how and why they need to think about time if they want to understand politics Hypocrisy and Integrity Ruth W. Grant,2008-04-15 Questioning the usual judgements of political ethics Ruth W Grant argues that hypocrisy can actually be constructive while strictly principled behavior can be destructive Hypocrisy and Integrity offers a new conceptual framework that clarifies the differences between idealism and fanaticism while it uncovers the moral limits of compromise *Rethinking Liberty before Liberalism* Hannah Dawson,Annelien de Dijn,2022-02-03 Reflects on histories of freedom and republicanism through a major new reappraisal of Quentin Skinner s Liberty before Liberalism Marvell and Liberty Martin Dzelzainis,1999-07-09 Marvell and Liberty is a collection of original essays by leading scholars which treats this major poet in an entirely new light Uniquely it gives equal attention to the full range of Marvell s writings Marvell is a writer deeply implicated in the history of his time and as the essays in this volume show also exercised a potent political influence after his death Marvell and Liberty constitutes a major reassessment of a figure who lived much of his life close to the epicentre of the revolutionary upheavals of the seventeenth century *Ambition, A History* William Casey King,2013-01-29 Looks at how ambition once considered a vice became a celebrated virtue that defines American character **The Necessity of Nature** Mónica García-Salmones Rovira,2023-02-23 To understand our current world crises it is essential to study the origins of the systems and institutions we now take for

granted This book takes a novel approach to charting intellectual scientific and philosophical histories alongside the development of the international legal order by studying the philosophy and theology of the Scientific Revolution and its impact on European natural law political liberalism and political economy Starting from analysis of the work of Thomas Hobbes Robert Boyle and John Locke on natural law the author incorporates a holistic approach that encompasses global legal matters beyond the foundational matters of treaties and diplomacy The monograph promotes a sustainable transformation of international law in the context of related philosophy history and theology Tackling issues such as nature money necessities human nature secularism and epistemology which underlie natural lawyers thinking Associate Professor Garc a Salmenes explains their enduring relevance for international legal studies today *Inheritance Law and Political Theology in Shakespeare and Milton* Dr Joseph S Jenkins, 2013-02-28 Reading God s will and a man s Last Will as ideas that reinforce one another this study shows the relevance of England s early modern crisis regarding faith in the will of God to current debates by legal academics on the theory of property and its succession The increasing power of the dead under law in the US the UK and beyond a concern of recent volumes in law and social sciences is here addressed through a distinctive approach based on law and humanities Vividly treating literary and biblical battles of will the book suggests approaches to legal constitution informed by these dramas and by English legal history This study investigates correlations between the will of God in Judeo Christian traditions and the Last Wills of humans especially dominant males in cultures where these traditions have developed It is interdisciplinary in the sense that it engages with the limits of several fields it is informed by humanities critical theory especially Benjaminian historical materialism and Lacanian psychoanalysis but refrains from detailed theoretical considerations Dramatic narratives from the Bible Shakespeare and Milton are read as suggesting real possibilities for alternative inheritance i e constitutional regimes As Jenkins shows these texts propose ways to alleviate violence violence both personal and political through attention to inheritance law **Machiavelli, Hobbes, and the Formation of a Liberal Republicanism in England** Vickie B. Sullivan, 2006-12-14 Argues that some English writers of the seventeenth and early eighteenth centuries synthesized a liberal republicanism Rethinking Political Thinkers Manjeet Ramgotra, Simon Choat, 2023 The first textbook to challenge and expand the canon of political thinkers Rethinking Political Thinkers presents political thought in a new light invites debate and brings diverse perspectives to the fore giving students the tools to think about political concepts theories and arguments critically and analytically **The English Republican tradition and eighteenth-century France** Rachel Hammersley, 2013-07-19 The English republican tradition and eighteenth century France offers the first full account of the role played by seventeenth and eighteenth century English republican ideas in eighteenth century France Challenging some of the dominant accounts of the republican tradition it revises conventional understandings of what republicanism meant in both Britain and France during the eighteenth century offering a distinctive trajectory as regards ancient and modern constructions and highlighting variety rather than homogeneity within the tradition

Hammersley thus offers a new and fascinating perspective on both the legacy of the English republican tradition and the origins and thought of the French Revolution The book focuses on a series of case studies featuring such colourful and influential characters as John Toland Viscount Bolingbroke John Wilkes and the Comte de Mirabeau This book will thus be of value to all those interested in the fields of intellectual history and the history of political thought seventeenth and eighteenth century British history eighteenth century French history and French Revolution studies Byzantine and Renaissance Philosophy Peter Adamson,2022-02-10 Peter Adamson explores the rich intellectual history of the Byzantine Empire and the Italian Renaissance Peter Adamson presents an engaging and wide ranging introduction to the thinkers and movements of two great intellectual cultures Byzantium and the Italian Renaissance First he traces the development of philosophy in the Eastern Christian world from such early figures as John of Damascus in the eighth century to the late Byzantine scholars of the fifteenth century He introduces major figures like Michael Psellos Anna Komnene and Gregory Palamas and examines the philosophical significance of such cultural phenomena as iconoclasm and conceptions of gender We discover the little known traditions of philosophy in Syriac Armenian and Georgian These chapters also explore the scientific political and historical literature of Byzantium There is a close connection to the second half of the book since thinkers of the Greek East helped to spark the humanist movement in Italy Adamson tells the story of the rebirth of philosophy in Italy in the fifteenth and sixteenth centuries We encounter such famous names as Christine de Pizan Niccol Machiavelli Giordano Bruno and Galileo but as always in this book series such major figures are read alongside contemporaries who are not so well known including such fascinating figures as Lorenzo Valla Girolamo Savonarola and Bernardino Telesio Major historical themes include the humanist engagement with ancient literature the emergence of women humanists the flowering of Republican government in Renaissance Italy the continuation of Aristotelian and scholastic philosophy alongside humanism and breakthroughs in science All areas of philosophy from theories of economics and aesthetics to accounts of the human mind are featured This is the sixth volume of Adamson s History of Philosophy Without Any Gaps taking us to the threshold of the early modern era

A Century in Books Princeton University Press Staff,2021-10-12 It all began atop a drugstore in Princeton New Jersey in November 1905 From its modest beginnings Princeton University Press was to become one of the world s most important scholarly publishers embracing a wealth of disciplines that have enriched our cultural academic and scientific landscape Both as a tribute to our authors and to celebrate our centenary Princeton University Press here presents A Century in Books This beautifully designed volume highlights 100 of the nearly 8 000 books we have published Necessarily winnowed from a much larger list these books best typify what has been most lasting most defining and most distinctive about our publishing history from Einstein s The Meaning of Relativity 1922 to the numerous mathematical and other works that marked the Press s watershed decade of the 1940s including von Neumann and Morgenstern s Theory of Games and Economic Behavior from milestones of literary criticism by Erich Auerbach and Northrop Frye to George Kennan s Pulitzer Prize winning book on

Soviet American relations from Milton Friedman and Anna Jacobson Schwartz's *A Monetary History of the United States 1867-1960* to more recent landmarks such as L. Luca Cavalli Sforza's *Paolo Menozzi and Alberto Piazza's The History and Geography of Human Genes* and Robert Shiller's *Irrational Exuberance*. In addition to succinct descriptions of the 100 titles and a short introduction on the history of the Press, the book features five essays by prominent scholars and writers. Michael Wood discusses the impact on Princeton University Press of intellectuals who fled Nazi Germany and authored many influential books. Anthony Grafton recounts our rich publishing tradition in history, politics, and culture. Sylvia Nasar traces our evolution into a leading voice in economics publishing. Daniel Kevles reflects on Einstein, a figure of special importance to Princeton. And Lord Robert May writes on our long-standing tradition of publishing in mathematics and science. *A Century in Books* is more than a celebration of 100 years of publishing at Princeton University Press; it is a treasure trove of 100 years of books that have added to the richness of twentieth-century intellectual life.

Machiavelli and the Politics of Democratic Innovation Christopher Holman, 2018-01-01. Presenting a detailed reinterpretation and reconstruction of the political thought of Niccolò Machiavelli, *Machiavelli and the Politics of Democratic Innovation* uses original readings of Machiavelli's texts to develop a new theoretical model of democratic practice. The book critically and creatively juxtaposes certain concepts drawn from Machiavelli's work in order to produce new political insights. Christopher Holman identifies two unique ideas in Machiavelli through his rearrangement of Machiavellian concepts. The first, drawn primarily from *The Prince*, is an image of the individual human being as a creative subject that seeks the exteriorization of desire via political creation. The second, drawn primarily from *The Discourses on Livy*, is an image of the democratic republic as a form of regime in which this desire for creative self-expression is universalized: all citizens being able to affirm their psychic orientation toward innovation through their equal access to political institutions and orders. Such institutions and orders, to the extent that they function as media for the expression of a fundamental human creativity, must be arranged so that they are capable of continual interrogation and refinement. In the final instance, a new ethical ground for the normative defense of democratic life is constructed, one grounded in the orientation of individual beings toward novelty and innovation.

Political Philosophy of Niccolò Machiavelli Filippo Del Lucchese, 2015-04-08. The *Political Philosophy of Niccolò Machiavelli* is a clear account of Machiavelli's thought, major theories, and central ideas. Geared towards the specific requirements of students who need to reach a sound understanding of Machiavelli's ideas, it is the ideal companion to the study of this influential and challenging philosopher.

Whispering the Secrets of Language: An Psychological Journey through **Machiavellian Moment Florentine Political Thought**

In a digitally-driven earth wherever displays reign supreme and quick connection drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within phrases frequently move unheard.
