Machine Age Maya The Industrialization:

Machine Age Maya: the Industrialization of a Guatemalan Community Manning Nash, 1967 *Machine Age Maya ; the Industrialization of a Guatemala Community* Manning Nash, 1958 **Out of the Shadow** Julie Gibbings, Heather Vrana, 2020-07-20 Guatemala's Ten Years of Spring 1944-1954 began when citizens overthrew a military dictatorship and ushered in a remarkable period of social reform. This decade of progressive policies ended abruptly when a coup d'état backed by the United States at the urging of the United Fruit Company deposed a democratically elected president and set the stage for a period of systematic human rights abuses that endured for generations. Presenting the research of diverse anthropologists and historians, *Out of the Shadow* offers a new examination of this pivotal chapter in Latin American history. Marshaling information on regions that have been neglected by other scholars such as coastlines dominated by people of African descent, the contributors describe an era when Guatemalan peasants, Maya and non-Maya alike, embraced change, became landowners, themselves diversified agricultural production, and fully engaged in electoral democracy. Yet this volume also sheds light on the period's atrocities, such as the US Public Health Service's medical experimentation on Guatemalans between 1946 and 1948. Rethinking institutional memories of the Cold War, the book concludes by considering the process of translating memory into possibility among present-day urban activists. *Conquest and Survival in Colonial Guatemala* George Lovell, 1992-03-03 No detailed description available for *Conquest and Survival in Colonial Guatemala* **Refugees of a Hidden War** Beatriz Manz, 1988-01-01 Examines the results of the political violence and military repression in Guatemala during the 1980s **Historical Dictionary of Guatemala** Michael F. Fry, 2018-02-20 Guatemala holds a dual image. For more than a century, travel writers, explorers, and movie producers have painted the country as an exotic place, a land of tropical forests and the home of the ancient and living Maya. Archaeological ruins abandoned a millennium ago have enhanced their depictions with a wistful, dreamy aura of bygone days of pagan splendor, and the unique, colorful textiles of rural Maya today connect nostalgically with that distant past. Inspired by that vision, fascinated tourists have flocked there for the past six decades. Most have not been disappointed; it is a genuine facet of a complex land. Guatemala is also portrayed as a poor, violent, repressive country ruled by greedy tyrants with the support of an entrenched elite, the archetypal banana republic. The media and scholarly studies consistently confirm that fair assessment of the social, political, and economic reality. The *Historical Dictionary of Guatemala* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Guatemala. *Fanning the Sacred Flame* Matthew A. Buxt, Brian D. Dillon, 2012-03-15 *Fanning the Sacred Flame* Mesoamerican Studies in Honor of H. B. Nicholson contains twenty-two original papers in tribute to H. B. Nicholson, a pioneer of Mesoamerican research. His intellectual legacy is recognized by Mesoamerican archaeologists, art historians, ethnohistorians, and

ethnographers students colleagues and friends who derived inspiration and encouragement from him throughout their own careers Each chapter which presents original research inspired by Nicholson pays tribute to the teacher writer lecturer friend and mentor who became a legend within his own lifetime Covering all of Mesoamerica across all time periods contributors include Patricia R Anawalt Alfredo L pez Austin Anthony Aveni Robert M Carmack David C Grove Richard D Hansen Leonardo L pez Luj n Kevin Terraciano and more Eloise Qui ones Keber provides a thorough biographical sketch detailing Nicholson s academic and professional journey Publication supported in part by The Patterson Foundation and several private donors

Sons of the Sierra Patrick J. McNamara,2012-09-01 The period following Mexico s war with the United States in 1847 was characterized by violent conflicts as liberal and conservative factions battled for control of the national government The civil strife was particularly bloody in south central Mexico including the southern state of Oaxaca In Sons of the Sierra Patrick McNamara explores events in the Oaxaca district of Ixtlan where Zapotec Indians supported the liberal cause and sought to exercise influence over statewide and national politics Two Mexican presidents had direct ties to Ixtlan district Benito Juarez who served as Mexico s liberal president from 1858 to 1872 was born in the district and Porfirio Diaz president from 1876 to 1911 had led a National Guard battalion made up of Zapotec soldiers throughout the years of civil war Paying close attention to the Zapotec people as they achieved greater influence McNamara examines the political culture of Diaz s presidency and explores how Diaz who became increasingly dictatorial over the course of his time in office managed to stay in power for thirty five years McNamara reveals the weight of memory and storytelling as Ixtlan veterans and their families reminded government officials of their ties to both Juarez and Diaz While Juarez remained a hero in their minds Diaz came to represent the arrogance of Mexico City and the illegitimacy of the Porfiriato that ended with the 1910 revolution

The Peruvian Industrial Labor Force David Chaplin,2015-12-08 This is a sociological analysis of change and mobility in the labor force of thirteen of the largest textile factories in Peru The book explores demographic and social variables such as age sex birthplace migration seniority current and former occupations and employment status as possible indices of rationality in the Peruvian labor market There are two especially striking empirical findings the Peruvian textile industry has not been plagued by the high levels of labor turnover generally assumed to be inevitable in underdeveloped countries since 1955 women are being shut out of better paying manufacturing jobs because of welfare laws that make them more expensive to employ than men Originally published in 1967 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
