Time Out Mallorca & Menorca Editors of Time Out, 2009 Mallorca and Menorca two of Europe's most popular holiday resorts are often unfairly maligned as overdeveloped package tour playgrounds This guide seeks to redress the balance by revealing the variety to be found on these small islands **The Worlds of Junipero Serra** Steven W. Hackel, 2018-02-23 As one of America's most important missionaries Junipero Serra is widely recognized as the founding father of California's missions It was for that work that he was canonized in 2015 by Pope Francis Less well known however is the degree to which Junipero Serra embodied the social religious and artistic currents that shaped Spain and Mexico across the 18th century Further Serra's reception in American culture in the 19th and 20th centuries has often been obscured by the controversies surrounding his treatment of California's Indians This volume

situates Serra in the larger Spanish and Mexican contexts within which he lived learned and came of age Offering a rare glimpse into Serra s life these essays capture the full complexity of cultural trends and developments that paved the way for this powerful missionary to become not only California s most polarizing historical figure but also North America s first Spanish colonial saint

Less Translated Languages Albert Branchadell, Lovell Margaret West, 2005

This is the first collection of articles devoted entirely to less translated languages a term that brings together well known widely used languages such as Arabic or Chinese and long neglected minority languages with power as the key word at play It starts with some views on English the dominant language in Translation as elsewhere considers the role of translation for minority languages both a source of inequality and a means to overcome it takes a look at translation from less translated major languages and cultures and ends up with a closer look at translation into Catalan a paradigmatic case of less translated language in a final section that includes a vindication of six prominent Catalan translators Combining sound theoretical insight and accurate analysis of relevant case studies the contributors to

this collection make a convincing case for a more thorough examination of less translated languages within the field of Translation Studies The Mediterranean Diaspora in Late Antiquity Ross Shepard Kraemer, 2020 *The Mediterranean Diaspora in Late Antiquity* examines the fate of Jews living in the Mediterranean Jewish diaspora after the Roman emperor Constantine threw his patronage to the emerging orthodox Nicene Christian churches By the fifth century much of the rich material evidence for Greek and Latin speaking Jews in the diaspora diminishes sharply Ross Shepard Kraemer argues that this increasing absence of evidence is evidence of increasing absence of Jews themselves Literary sources late antique Roman laws and archaeological remains illuminate how Christian bishops and emperors used a variety of tactics to coerce Jews into conversion violence threats of violence deprivation of various legal rights exclusion from imperial employment and others Unlike other non orthodox Christians Jews who resisted conversion were reluctantly tolerated perhaps because of beliefs that Christ's return required their conversion In response to these pressures Jews leveraged political and social networks for legal protection retaliated with their own acts of violence and sometimes became Christians Some may have emigrated to regions where imperial laws were more laxly enforced or which were under control of non orthodox Arian Christians Increasingly they embraced forms of Jewish practice that constructed tighter social boundaries around them *The Mediterranean Diaspora in Late Antiquity* concludes that by the beginning of the seventh century the orthodox Christianization of the Roman Empire had cost diaspora Jews and all non orthodox persons including Christians dearly
