to possess an immediacy that made them an effective resource within certain kinds of written communication The third part considers the roles of orality in the worlds of the learned and of learning The book as a whole demonstrates that the borderline between orality and writing was highly permeable and that the culture of the period with its continued reliance on orality alongside writing was often hybrid in nature *Modern Peoplehood* John Lie, 2011-04 A most impressive achievement by an extraordinarily intelligent courageous and that goes without saying well read mind The scope of this work is enormous it provides no less than a comprehensive historically grounded theory of modern peoplehood which is Lie's felicitous umbrella term for everything that goes under the names race ethnicity and nationality Christian Joppke *American Journal of Sociology* Lie's objective is to treat a series of large topics that he sees as related but that are usually treated separately the social construction of identities the origins and nature of modern nationalism the explanation of genocide and racism These multiple themes are for him aspects of something he calls modern peoplehood His mode of demonstration is to review all the alternative explanations for each phenomenon and to show why each successively is inadequate His own theses are controversial but he makes a strong case for them This book should renew debate Immanuel Wallerstein Yale University and author of *The Decline of American Power The U S in a Chaotic World* Standard Italian Giorgio Raimondo Cardona, 2019-05-20 No detailed description available for Standard Italian **Languages in Jewish Communities, Past and Present** Benjamin Hary, Sarah Bunin Benor, 2018-11-05 This book offers sociological and structural descriptions of language varieties used in over 2 dozen Jewish communities around the world along with synthesizing and theoretical chapters Language descriptions focus on historical development contemporary use regional and social variation structural features and Hebrew Aramaic loanwords The book covers commonly researched language varieties like Yiddish Judeo Spanish and Judeo Arabic as well as less commonly researched ones like Judeo Tat Jewish Swedish and Hebraized Amharic in Israel today **The Complete Idiot's Guide to Learning Italian** Gabrielle Euvino, 2001 A guide to speaking beginning Italian provides grammar rules pronunciation guidelines practical phrases and slang words for travelling and facts on Italian history and culture **Italian All-in-One For Dummies** Antonietta Di Pietro, Francesca Romana Onofri, Teresa L.
