

MODERNISING BRITISH LOCAL GOVERNMENT

**An Assessment of
Labour's Reform Programme**

John Stewart

Modernising British Local Government An Assessment Of Labours Reform Programme

F.N. Forman, Nicholas Baldwin

Modernising British Local Government An Assessment Of Labours Reform Programme:

The Changing Role of Local Politics in Britain Steve Leach, 2006-07-26 The Local Government Act 2000 has transformed the way in which local politics operates within local authorities with elected mayors cabinet government and scrutiny committees and other new initiatives This book offers an analysis of the impact of these changes on the world of local politics

Modernising British Local Government John David Stewart, 2003 Labour's modernization program for local government offers significant new opportunities especially in terms of the powers and duties in respect of community well being and of local authorities own role in community leadership But there are also many questions about the effectiveness of the reforms and in particular their impact on democracy accountability and local autonomy argues John Stewart in this critical assessment of the challenges and prospects for British local government in the 2000s

Mastering British Politics F.N. Forman, Nicholas Baldwin, 2007-08-09 Containing all the information and analysis needed to understand the British system of Government and politics Mastering British Politics is an essential text This fifth edition has been fully revised and updated to reflect the results of and developments since the 2005 General Election

Reclaiming Local Democracy Ines Newman, 2014-05-07 Austerity has left local government struggling to meet the demands for local services In this context this book asks what are the fundamental principles that should guide decision making by local councillors and officers It seeks to move the agenda from what works to what should local government do and how will its policies impact on social justice and local democracy Reclaiming local democracy examines the politics of human need and argues that local government should provide a voice for those that lack power It avoids the dry familiar debate about what structures and powers local government should have instead seeking to energise all concerned to re engage with a political and ethical approach Written in a persuasive and accessible way the book examines how local government can develop active citizens and make a difference to the well being of those in disadvantaged areas truly reclaiming local democracy Combining theory and international practice it will be relevant for councillors policy officers and activists in the third sector as well as academics and students in politics and social policy

The Oxford Handbook of Local and Regional Democracy in Europe John Loughlin, Frank Hendriks, Anders Lidström, 2012-11-08 The Oxford Handbook of Local and Regional Democracy in Europe analyses the state of play of democracy at the subnational level in the 27 member states of the EU plus Norway and Switzerland It places subnational democracy in the context of the distinctive Anglo the French the German and Scandinavian state traditions in Europe asking to what extent these are still relevant today The Handbook adapts Lijphart's theory of democracy and applies it to the subnational levels in all the country chapters A key theoretical issue is whether subnational regional and local democracy is derived from national democracy or whether it is legitimate in its own right Besides these theoretical concerns it focuses on the practice of democracy the roles of political parties and interest groups and also how subnational political institutions relate to the ordinary citizen This can take the form of local referendums or other

mechanisms of participation The Handbook reveals a wide variety of practices across Europe in this regard Local financial systems also reveal a great variety Finally each chapter examines the challenges facing subnational democracy but also the opportunities available to them to enhance their democratic systems Among the challenges identified are Europeanization globalization but also citizens disaffection and switch off from politics Some countries have confronted these challenges more successfully than others but all countries face them An important aspect of the Handbook is the inclusion of all the countries of East and Central Europe plus Cyprus and Malta who joined the EU in 2004 and 2007 This is the first time they have been examined alongside the countries of Western Europe from the angle of subnational democracy **Explaining local**

government J. A. Chandler, 2013-07-19 Explaining local government available at last in paperback uniquely presents a history of local government in Britain from 1800 until the present day The study explains how the institution evolved from a structure that appeared to be relatively free from central government interference to as John Prescott observes one of the most centralised systems of government in the Western world The book is accessible to A level and undergraduate students as an introduction to the development of local government in Britain but also balances values and political practice to provide a unique explanation using primary research of the evolution of the system Local democracy, civic engagement and community Hugh Atkinson, 2017-10-03 This accessible book is about local democracy civic engagement political participation and community in Britain It rejects the many pessimistic accounts that seek to dominate our political discourse with their talk of political apathy community breakdown and selfish individualism The book focuses on local democratic politics in Britain over the last decade and a half from the election of the New Labour government right up to the current Conservative Liberal Democrat coalition government It includes an analysis of local democracy civic engagement and participation across a range of policy areas and in the context of debates around accountability legitimacy sustainability localism and the big society Drawing on a wide range of examples it argues that local democracy is a vibrant terrain of innovation civic engagement and participation and dynamic community activity with a wide variety of informal and formal activity taking place

Modernizing Governance Janet Newman, 2001-08-03 Explores the politics and policies of New Labour and asks how far they represent a shift in the governance of the UK back cover British Government and the Constitution Colin Turpin, Adam Tomkins, 2007-06-28 The first five editions of this well established book were written by Colin Turpin This new edition has been prepared jointly by Colin Turpin and Adam Tomkins This edition sees a major restructuring of the material as well as a complete updating New developments such as the Constitutional Reform Act 2005 and recent case law concerning the sovereignty of Parliament the Human Rights Act counter terrorism and protests against the Iraq War among other matters are extracted and analysed While it includes extensive material and commentary on contemporary constitutional reform Turpin and Tomkins is a book that covers the historical traditions and the continuity of the British constitution as well as the current tide of change All the chapters contain detailed suggestions for further reading Designed

principally for law students the book includes substantial extracts from parliamentary and other political sources as well as from legislation and case law As such it is essential reading also for politics and government students Much of the material has been reworked and with its fresh design the book provides a detailed yet accessible account of the British constitution at a fascinating moment in its ongoing development

The Strange Demise of the Local in Local Government Steve Leach, Colin Copus, 2023-07-24 This book challenges the notion that bigger local government is always better Whilst the central government in Britain has often supported increases in local government size the book argues that this has been detrimental and has caused the erosion of distinctive community identities that were previously represented by local authorities empowered to make significant local choices about services and future strategy Drawing from national and international evidence it offers an alternative narrative about the size role function and purpose of local government to that currently dominating policy discussion It aims to provide readers who oppose size increases in local government with the evidence and arguments to influence change in their areas The book will appeal to policymakers working in central and local government as well as academics interested in public policy public administration and local government

Politics UK Bill Jones, Philip Norton, 2014-06-20 The revised and updated eighth edition of the bestselling textbook Politics UK is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues facing Britain today With contributed chapters from respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for students of British politics The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition The eighth edition includes Britain in context boxes offering contrasting international perspectives of themes in British politics A comprehensive who's who of politics in the form of Profile boxes featuring key political figures And another thing pieces short articles written by distinguished commentators including Jonathan Powell Michael Moran and Mark Garnett Fully updated chapters plus new material providing excellent coverage of contemporary political events including The Leveson Inquiry the aftermath of the 2011 riots and the House of Lords reform A vibrant and accessible new design to excite and engage students as they work through a variety of political topics A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government including an overview of the major differences that divide the coalition partners

Local Government in England Colin Copus, Mark Roberts, Rachel Wall, 2017-03-15 The book explores the claim that English local government exists in one of the most centralised relationships with national government Such a position fundamentally undermines any notion of local self government and makes the term government in local government a misnomer The book will examine how the erosion of the autonomy powers roles functions and responsibilities of English local government came about the arguments of centralisers and localisers to

support their view of the constitutional status of local government and its overall role in the government of England The book offers an antidote to the onward march of centralisation by offering a new vision of local government which emphasises both local and government

Innovations in Urban Politics Dr Jonathan S. Davies, Jonathan Davies, 2007-12-13 Previously published as a special issue of Policy Studies this volume demonstrates the vitality of the field of urban politics and presents future challenges for urban political research in the years ahead If it does not already the population of cities will very soon make up more than half the global population As the global urban population continues to expand the challenges facing urban politics grow with it How do we understand the relationship between politics and urban policy What are the political challenges facing citizens and politicians in a radically unequal developing country like South Africa How are patterns of urban governance institutionalised How might we understand the changing relationship between hierarchies markets and networks And is it possible to develop a genuinely comparative urban politics in countries as different as Canada South Africa and Bangladesh Drawing together the work of new and established scholars from the UK Canada the US and South Africa in an impressive and wide ranging collection of articles this book demonstrates the contribution of urban scholarship to answering these questions

Leading the Localities Colin Copus, 2013-02-28 This book now available in paperback is the result of national research conducted amongst England's directly elected mayors and the councillors that serve alongside them It is the first such major publication to assess the impact on local politics of this new office and fills a gap in our understanding of how the Local Government Act 2000 has influenced local governance The book also draws from a range of research that has focused on elected mayors in England and overseas to set out how the powers roles and responsibilities of mayors and mayoral councils would need to change if English local politics is to fundamentally reconnect with citizens It not only explores how English elected mayors are currently operating but how the office could develop and as such is a major contribution to the debate about the governance of the English localities

Town and Country Planning in the UK Barry Cullingworth, Vincent Nadin, 2006-10-16 This revised fourteenth edition reinforces this title's reputation as the bible of British planning It provides a thorough explanation of planning processes including the institutions involved tools systems policies and changes to land use

Public Sector Management Norman Flynn, 2007 The Fifth Edition of this popular textbook provides students and practitioners with a jargon free description analysis and critique of the management of the public sector by the UK government Fully revised and updated it assesses the policies and performance of the second and third Blair administrations with completely new material on Public Private Partnerships Private Finance Initiative and the management of the railways and London Underground Written in a highly accessible yet analytical style The Fifth Edition includes chapter summaries thematically organized further reading and a website with resources for students and lecturers

Workers' Voice, HRM Practice, and Leadership in the Public Sector Nicole Cvenkel, 2019-12-09 Much is talked and written about well being in the workplace but many wonder whether putting people first is just a facade and that were it not

for employment legislation union representation and the high profile of human rights issues employers would regard employees as a necessary burdensome financial evil as in days gone by Some scholarly research has focused on the reactions of employees to the quality of working life and well being at work and much of this suggests high levels of dissatisfaction disaffection and disengagement In Workers Voice HRM Practice and Leadership in the Public Sector Multidimensional Well Being at Work Nicole Cvenkel avers that whilst it is known that public sector employees are even less satisfied than those in the private sector there has been very little research into the effects of working life experiences on employee well being in public sector organisations There is even some doubt about whether a well being philosophy that can be applied in the private sector can readily be extended to the public sector The push towards New Public Management NPM means organisations continue to undergo significant reform processes around efficiency costs and public service delivery All these changes place additional demands on public sector employees who are at times also subject to intensive scrutiny by stakeholder groups who may regard the recourse to well being initiatives as a poor use of public funds The author has researched in the UK local government sector and that is the setting for the debate in this book about whether and how an employee well being ideology can be successfully promoted and maintained in an NPM environment given continuous reform and expenditure reduction In a local government case organisation the author has researched limited resources reduction in budgets redundancies increased workloads lack of trust and the existence of a controlled working environment were all found to be central to a climate of bullying and unfairness Although the organisation was committed to the adoption of HRM best practice and initiatives geared towards promoting employees well being employees still believed they were being bullied and treated unfairly It was found that different perspectives on the psychological contract fairness and bullying at work were highlighted by managerial and non managerial employees The author s conclusions contribute to a clearer understanding than hitherto of workers voice in relation to work leader member exchanges and well being in the public sector and she offers a model depicting employees understanding of what their quality of working life line manager s leadership and well being should be that might be used by organisational leaders researchers policy makers Human Resources managers and other practitioners and consultants to move towards a more holistic multidimensional well being at work paradigm

Farewell to the Party Model? Marion Reiser, Everhard Holtmann, 2008-05-14 Marion Reiser Everhard Holtmann Local independent lists as political actors are a common phenomenon on the local level in many European countries in established Western democracies as well as in the new democracies in Central and Eastern Europe In some West European countries these non partisan groups have been an established and stable element in the local political system for decades Ty cally they understand themselves as protectors of a harmonious factual political style In their opinion good local politics is not compatible with party politics so they consequently perceive themselves as non parties During the last two d ades presence and success of local lists have steadily increased in these co tries Furthermore during the last years local lists emerged also

in countries which had been formerly fully party politicised on the local level Explanations offered for these developments are often based on the observation of a general decline of trust in established parties and politicians Hence it has been argued that the disenchantment with political parties is a fertile ground for local lists For the Central and East European countries this argument can be played only to a certain extent Local lists established themselves in the early 1990 s as important actors on the local level especially due to a lack of party organisation in the process of democratic consolidation

Evaluation Management in South Africa and Africa Fanie Cloete, Babette Rabie, Christo De Coning, 2014-12-01 This blind peer reviewed book systematically records analyses and assesses for the first time in a single volume the implications of the global development and management of professional evaluation for the African continent The book deals with the most strategic contemporary evaluation themes Each of these themes contains discussions of theoretical issues illustrated with one or more short case studies while selected longer case studies and other relevant documentation are also taken up in annexures at the end of the book The book therefore comprises a guide to best M E practices for purposes of systematic policy programme and project evaluations It is suitable for both professional M E institutionalisation and capacity building projects as well as for evaluation information dissemination and education at different levels in the public private and voluntary sectors in society especially in a developmental context

These Englands Arthur Aughey, 2019-01-25 The term conversation is one of today s jargon terms This book explores in depth what conversation means in national terms Its premise is that to be English is to participate in a conversation about the country s history politics culture and society The conversation changes of course but there is also continuity which illustrates a distinct tradition It is a conversation the book argues which requires the plural notion of these Englands rather than the singularity of this England Englishness then is the tone register and idiom of it subject matters its anxieties and certainties differences and commonalities The book explores the English conversation through historical political literary and popular voices and tries to identify the character of contemporary Englishness

This is likewise one of the factors by obtaining the soft documents of this **Modernising British Local Government An Assessment Of Labours Reform Programme** by online. Modernising British Local Government An Assessment Of Labours Reform Programme Introduction

In today's digital age, the availability of Modernising British Local Government An Assessment Of Labours Reform Programme books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Modernising British Local Government An Assessment Of Labours Reform Programme books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Modernising British Local Government An Assessment Of Labours Reform Programme books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Modernising British Local Government An Assessment Of Labours Reform Programme versions, you eliminate the

need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Modernising British Local Government An Assessment Of Labours Reform Programme books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Modernising British Local Government An Assessment Of Labours Reform Programme books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Modernising British Local Government An Assessment Of Labours Reform Programme books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Modernising British Local Government An Assessment Of Labours Reform Programme books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Modernising British Local Government An Assessment Of Labours Reform Programme books and manuals for download and embark on your journey of knowledge?

FAQs About Modernising British Local Government An Assessment Of Labours Reform Programme Books

1. Where can I buy Modernising British Local Government An Assessment Of Labours Reform Programme books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
