Natural History Of Stanley Park:

The Natural History of Stanley Park Angela Chen, Valentin Schaefer, Vancouver Natural History Society, 1988

Inventing Stanley Park : an Environmental History, 2017 In early December 2006 a powerful windstorm ripped through Vancouver's Stanley Park. The storm transformed the city's most treasured landmark into a tangle of splintered trees and shattered a decades-old vision of the park as timeless virgin wilderness. In *Inventing Stanley Park* Sean Kheraj traces how this tension between popular expectations of idealized nature and the volatility of complex ecosystems helped shape the landscape of one of the world's most famous urban parks. This beautifully illustrated book not only depicts the natural and cultural forces that shaped the park's landscape, it also examines the roots of our complex relationship with nature.

Inventing Stanley Park Sean Kheraj, 2013 In the early hours of 15 December 2006 a powerful windstorm ripped through Vancouver. The city's residents awoke to discover Stanley Park, their most treasured landmark, transformed into a tangle of splintered fallen trees. Their anguish revealed more than just an attachment to their memories of the park; it marked the end of a romanticized vision of timeless natural space. In *Inventing Stanley Park* Sean Kheraj traces how this tension between popular expectations of idealized wilderness and the volatility of complex ecosystems helped shape one of the world's most famous urban parks. Using an environmental history approach, Kheraj not only describes the natural and cultural forces that moulded the park's landscape, he also reveals the roots of our complex relationship with nature. Released to coincide with Stanley Park's 125th anniversary, this book offers a revealing meditation on the interrelationship between nature, culture, parks policy, and public memory. Sean Kheraj is an assistant professor in the Department of History at York University.

In *Legacy of Trees*, Shoroplova tours Stanley Park's seawall and beaches, wetlands, and trails.
