delightful 35 year old woman who had been trying to have a baby for 5 years In her twenties she had been diagnosed with endometriosis Her menstrual bleeding was heavy and painful and lasted for 7 days Matilde had tried IVF on 3 occasions and 2 of these attempts had resulted in early miscarriage and the last attempt had failed to produce a pregnancy Matilde desired two things to have a healthy baby naturally and to be rid of her endometriosis After considerable tests it became obvious that this woman needed a program to reduce the autoimmune inflammation that was wreaking havoc in her gut and her reproductive tract Nine months later Matilde came to see me for a pregnancy test guess what It was positive She was so excited and so was her sister as she also not surprisingly had fertility problems Matilde had a healthy full term pregnancy resulting in a beautiful baby boy Case history of Claire Claire was a 24 year old woman who had been experiencing severe period pains for 6 years and had been diagnosed with endometriosis growing on her ovaries and in the pouch of Douglas behind her uterus She had already had two laparoscopic surgeries to remove the endometrial deposits but the relief on each occasion had lasted less than a year When I first saw Claire it was obvious to me that she had hormonal issues that needed to be addressed if we were going to get this problem under control I explained to Claire that good health begins in the digestive tract and we had to work on cleaning up her intestines and large bowel After 12 months of my program Claire was cured of her endometriosis and no longer had to take any pain killers or anti inflammatory drugs Her cycle was regular and her period pains were quite bearable She absolutely loved the natural progesterone as it had made her moods much better and she had found her old happy self again Learn about the holistic treatment for endometriosis The correct diet to fight endometriosis Recipes and Juices Nutritional Supplements to fight endometriosis Essential strategies to improve your immune system Herbal medicines to fight endometriosis Detox your liver and bowels to control it Natural progesterone creams and troches Learn the outstanding and life saving tools to give the best chance of cure Early diagnosis and treatment is vital don t put up with long term symptoms and suffering or being fobbed off by a doctor who does not recognize that you have endometriosis Do not rely upon surgery and or drugs alone as the disease will often come back to bite you Understand that endometriosis is like a weed it will come back if you don t look after yourself Use holistic medicine to keep your immune system your liver and your gut healthy you will not only cure endometriosis you will greatly reduce your risk of cancer and chronic diseases Be assertive if you need natural progesterone make sure you see a doctor who understands it This book is of great value in your battle against the unpleasant and potentially severe disease of endometriosis If you have any questions feel free to contact my professional and friendly naturopaths contact details for whom are found in the book *Safe Hormones Smart Women*
