subject areas of a range of disciplines including psychologists philosophers geologists ecologists cultural geographers foresters urban planners and landscape architects and synthesizes all these together Since many landscape and environmental problems require multi disciplinary approaches for their solution this book demonstrates how the best integration can be achieved Highly illustrated it contains examples from North America Canada Europe and Australasia Glossary references and further reading provide the reader with guidance and back up resources

Garden Revolution

Larry Weaner, Thomas Christopher, 2016-05-18 A leading landscape designer shows how an ecological approach can lead to beautiful gardens that benefit the environment and require less time and money According to landscape designer Larry Weaner conventional gardening is full of counter intuitive time consuming and even harmful habits The constant tilling weeding irrigating and fertilizing create perpetual disturbance in a plot s ecology and waste countless hours in a dubious struggle against nature In Gardening Revolution Weaner offers a radically new approach based on the ways plants and wildlife behave in nature He advocates for a more fluid style choosing plants that are adapted to the soil and climate and then capitalizing on positive developments as they occur This lushly photographed reference is for anyone looking for a better smarter way to garden

Design Your Own Pond and Water Garden Susan Sales Harkins, William H.

Harkins, 2009-09 Everyone loves a garden filled with bright colors soft textures and lovely smells Add a little water to the mix and you have the perfect spot to relax and enjoy the best of nature Relaxing by your water garden is the end of a long but rewarding process Follow these step by step instructions for finding the best spot in your yard for a healthy water garden designing and digging it choosing water flowers and adding fish You can even build a toad house to attract wild visitors to your backyard When all the designing digging lining planting and stocking is done you can sit in your own private oasis and enjoy nature s gorgeous bounty Color movement scent it all adds up to life
