Vande Kappelle,2021-08-10 Many people today including Christians of deep conviction are deciding for one reason or another to stop attending church They have been swept up by the avalanche in America known simply as the nones thereby joining the ranks of the religiously unaffiliated dubbed the church alumni association or perhaps more accurately believers in exile by Anglican Bishop John Shelby Spong Research shows that during the first two decades of the twenty first century a seismic shift occurred in the U S population away from religious institutions and toward disaffiliation While the causes and effects of this dislocation are varied and numerous by 2015 the phenomenon of shrinking faith communities was so widespread that nones became the third largest religious identity in the world behind Christians and Muslims Today there are more religious nones than Catholics or evangelicals and 36 percent of those born after 1981 do not identify with any religion Does this shift mark a loss of spirituality or do these changes point to a new global religious awakening one that affirms religious pluralism and views faith relationally rather than dogmatically as a way of the heart and not of the head While some Christians are staying put experiencing the current shift in traditional church settings this book proposes a new understanding of the church a new pattern and vision for Christian living and thinking that can transform our understanding of God others nature and ourselves Useful for individual or church study each chapter of The Church Alumni Association concludes with questions for discussion and reflection [Heart to Heart—The Journey Outward](#) Robert P. Vande Kappelle,2023-01-20 Whether religiously theists atheists agnostics or simply seekers each of us is on a journey of faith spiraling through stages seasons or phases of spirituality On this journey we discover that spirituality is more caught than taught and that faith enriched more by subtraction than by addition is more about unlearning than learning At the center of Jesus life and message stands the exhortation to receive and share divine love The two volumes of Heart to Heart excerpted from Dr Vande Kappelle s published writings examine the meaning and implications of the biblical Great Commandment to love God and others as oneself Whereas the first volume examines the spiritual journey inward this companion volume examines the journey outward Ultimately there is only one spiritual journey the journey Godward and there is only one commandment Divine love is the key to everything Unloved people misbehave fail to love or fail to change Loved people aren

t concerned with rules regulations or beliefs Rather because they are loved they take proper care of themselves and in so doing care for nature and others as extensions of themselves Heart to Heart is written for those who affirm the value of lifelong spiritual growth realize the limits of logic and embrace the paradoxes in life If you are willing to commit less than ten minutes a day over a seven month period you will undertake a spiritual journey of epic proportions guaranteed to transform you morally and spiritually In addition you will come to embrace Christianity as the transformative movement envisioned by Jesus for humanity a way of life grounded in compassion justice service humility and love of others

Adventures in Spirituality Robert P. Vande Kappelle, 2020-02-17 Contrary to popular culture the goal of life is not happiness but meaning Those who seek happiness by trying to avoid or finesse conflict suffering doubt and change will find life increasingly superficial Feeling good is a flawed measure of life but living meaningfully is transformative for then one is living a developmental rather than a regressive agenda The ego does whatever it can to make itself comfortable whereas spirituality is about wholeness Adventures in Spirituality represents the culmination of Dr Vande Kappelle's forty year teaching career incorporating in one volume his views on topics as varied as theology Christology biblical interpretation spirituality ethics world religions religion and science faith and reason and church history Reared in Costa Rica the son of missionary parents Dr Vande Kappelle describes his journey from belief to faith as a transition from precritical to postcritical understanding from evangelical Christianity to what he calls alternative orthodoxy Narrating the shift from first to second half of life experience he introduces readers to core principles that shaped his values thinking and way of life Useful for individual or group study Adventures in Spirituality encourages readers to take risks with their lives and faith affirming that this is how one grows spiritually

Religion and Ecological Crisis Md. Abu Sayem, 2022-09-02 Religion and Ecological Crisis delves into the complex relationship between religions and ecology presenting Christian and Islamic perspectives on

ecological issues through the work of John Boswell Cobb and Seyyed Hossein Nasr. It examines how faith traditions of the world see and respond to our current unprecedented climate change issues. This is the first comparative study of Cobb and Nasr's eco-religious understanding and explores how their prescriptions can contribute alternatively to techno-scientific initiatives in environmental sustainability. Taking Cobb's economism and Nasr's scientism as the key concepts for surveying the roots of the ecological crisis, the book offers interdisciplinary and interreligious insights into the debates about ecological equilibrium, motivational awareness in human mind, and about entanglements between religion and the environment. This will be an insightful resource for policy makers, faith leaders, and for academics working in Environmental Studies and Religious Studies.

Grounding Religion Whitney A. Bauman, Richard Bohannon, Kevin J. O'Brien, 2017-04-11. Now in its second edition, *Grounding Religion* explores relationships between the environment and religious beliefs and practices. This edition features updated content, including revisions of every chapter and new material on natural disasters, gender and sexuality, race and ethnicity, climate change, food technology, and hope and despair. I can only conclude that this book will trigger your mind. The assignments for students are appealing, and all the books mentioned will make your book-loving heart sing.

Refined by Fire Robert P. Vande Kappelle, 2018-08-14. From time immemorial, in every age, a set of questions has persisted, perplexing human beings: Does God exist? Where did the universe come from? Is there any purpose to our lives? Why is there so much suffering? Do we live on after death? How can we find release from suffering and sadness? For what can we hope? These have been called life's big questions; they are the ones that never go away. It is the main business of religion to answer ultimate questions. To accomplish this task, every generation of believers benefits by reexamining its theology, thereby providing society with vision. A stagnant theology reflects a religion that is limited in usefulness and effectiveness. *Refined by Fire* is written for those who affirm the value of lifelong spiritual growth, realize the limits of logic, and embrace the paradoxes in life. This guide provides a mechanism for individuals and small groups to interact with timely theological topics such as the nature of God, Christ, Scripture, truth, faith, evil, sin, salvation, heaven, hell, creation, and evolution, the role of the church, and the future of the human race. Each session/chapter follows a threefold pattern: a) Getting Started provides an initial assignment; b) Gaining Momentum: the central part of the text provides perspective; and c) Going Deeper provides questions for discussion or further reflection.
