Toni Morrison and the Natural World Anissa Janine Wardi, 2021-06-28 Winner of the Toni Morrison Society Book Prize for Best Single Authored Book 2019 2022 Critics have routinely excluded African American literature from ecocritical inquiry despite the fact that the literary tradition has from its inception proved to be steeped in environmental concerns that address elements of the natural world and relate nature to the transatlantic slave trade plantation labor and nationhood Toni Morrison s work is no exception Toni Morrison and the Natural World An Ecology of Color is the first full length ecocritical investigation of the Nobel Laureate s novels and brings to the fore an unequalled engagement between race and nature Morrison s ecological consciousness holds that human geographies are enmeshed with nonhuman nature It follows then that ecology the branch of biology that studies how people relate to each other and their environment is an apt framework for this book The interrelationships and interactions between individuals and community and between organisms and the biosphere are central to this analysis They highlight that the human and nonhuman are part of a larger ecosystem of interfacing and transformations Toni Morrison and the Natural World is organized by color examining soil brown in *The Bluest Eye* and *Paradise* plant life green in *Song of Solomon* *Beloved* and *Home* bodies of water blue in *Tar Baby* and *Love* and fire orange in *Sula* and *God Help the Child* By providing a racially inflected reading of nature Toni Morrison and the Natural World makes an important contribution to the field of environmental studies and provides a landmark for Morrison scholarship

Lens to the Natural World Kenneth H. Olson, 2011-12-08 This book straddles the fertile middle ground between science and religion at a time when the conversation is dominated by extremists on both sides Taking seriously the modern view of the universe including the fossil record for the history of life across millions of years the author considers our relationship to the rest of nature In addition the age old

questions concerning meaning values and our place within it all are perhaps more pressing than ever before This work provides a broad engagement with major ideas including evolution and earth stewardship while drawing upon a rich heritage of philosophy and literature and doing so in a manner accessible to the general reader *Academic Encounters: The Natural World Student's Book* Jennifer Wharton,2009-04-27 A content based reading study skills and writing book that introduces students to topics in Earth science and biology relevant to life today from cover *Essays to My Daughter on Our Relationship With the Natural World* Steven Simpson,2022-10-15 What do fishing with an otter sitting atop a mountain at dawn with eighty Taiwanese backpackers and driving home from Aldo Leopold s Shack have to say about the evolution of a personal environmental philosophy *Essays to My Daughter on Our Relationship With the Natural World* provides a series of reflections by an environmental educator about lessons learned from time spent in nature Originally conceived as personal letters to the author s daughter this collection presents ethical questions outdoor enthusiasts regularly face as they work and play in the natural world The essays in this book explore environmentalism in a modern day context with topics including sustainability education the current relevance of environmental writers from the past and the uncertainty of what is meant by words like naturalist solitude and wilderness There is no attempt to direct readers to any particular environmental philosophy Instead Simpson encourages readers to articulate their own perspective based on personal experiences in nature Though *Essays to My Daughter* is written by a father to his daughter the insights within the volume and the questions they provoke are valuable to all members of the next generation as they grapple with their own relationship to the natural world

The Natural World and Science Education in the United States Ajay Sharma,Cory Buxton,2018-04-04 This book focuses on the representation of nature in science education in schools in the United States Given the importance of our relationship with the nonhuman world for the fate of our planet this work gives special attention to the representation instruction and understanding of the relationship between the social and the natural world It also proposes an alternative sustainability science based conceptual framework for ecology and environmental science topics in science education which is compatible with the current social ecological understanding of life in the Anthropocene epoch *Travel Writing and the Natural World, 1768-1840* P. Smethurst,2012-10-10 Taking as a starting point the parallel occurrence of Cook s Pacific voyages the development of natural history scenic tourism in Britain and romantic travel in Europe this book argues that the effect of these practices was the production of nature as an abstract space and that the genre of travel writing had a central role in reproducing it *Natural History of the Islands of California* Allan A. Schoenherr,C. Robert Feldmeth,Michael J. Emerson,2003-07-10 *Natural History of the Islands of California* provides a solid introduction to the marine and terrestrial biotas of the islands and serves not only as an important general source of information but also as a field guide for visitors Details on getting to the islands are presented in the first chapter
