Nature And Function Of Rituals:

The Nature and Function of Rituals Ruth-Inge Heinze, 2000-01-30 From time to time immemorial people have performed rituals out of a deep rooted human need to come into the presence of the Divine When a theophany is reenacted harmony and balance necessary for leading a satisfactory life are restored to the individual participants and to the community as a whole This collection of seventeen studies illuminates the power of ritual to facilitate life transitions and includes discussion of rituals associated with childbirth adolescent initiation wedding and funeral rites and rituals used to resolve conflict and reinforce the solidarity of a community The reader will observe how rituals resolve the tension between modernity and tradition and will understand why rituals have not lost their power over the millennia *Society, Spirituality, and the Sacred* Donald Swenson, 2009-01-01 This work makes a much needed contribution to teaching and learning about the various forms of religious belief and action in our world Kevin J Christiano University of Notre Dame [The Nature and Function of Water, Baths, Bathing and Hygiene from Antiquity through the Renaissance](#), 2009-03-25 These essays offer scholars teachers and students a new basis for discussing attitudes toward and technological expertise concerning water in antiquity through the early Modern period and they examine historical water use and ideology both diachronically and cross regionally Topics include gender roles and water usage attitudes practices and innovations in baths and bathing water and the formation of identity and policy ancient and medieval water sources and resources and religious and literary water imagery The authors describe how ideas about the nature and function of water created and shaped social relationships and how religion politics and science transformed and were themselves transformed by the manipulation of uses of and disputes over water in daily life ceremonies and literature Contributors are Rabun Taylor Sandra Lucore Robert F Sutton Jr Cynthia K Kosso Kevin Lawton Evi Johanne H land H l ne Cazes Alexandra Cuffel Mark Munn Brenda Longfellow Gretchen Meyers Sara Saba Scott John McDonough Etienne Dunant E J Owens Mehmet Tal alan Deborah Chatr Aryamontri John Stephenson Lin A Ferrand Paul Trio Anne Scott Misty Rae Urban Ruth Stevenson Charles Connell Alyce Jordan Ronald Cooley and Irene Matthews *The Ideology of Ritual* Frank H. Gorman, 1990-01-01 For the Priestly writers ritual was a fundamental form of theological reflection This study analyses the conceptual categories of space time and status in an effort to clarify the larger cultural and conceptual categories operative in the Priestly ritual system Drawing on interpretative models derived from cultural anthropology the author argues that Priestly creation theology forms a necessary context for understanding the Priestly rituals **The Restorative Justice Ritual** Lindsey Pointer, 2020-12-23 Restorative justice is an innovative approach to responding to crime and conflict that shifts the focus away from laws and punishment to instead consider the harm caused and what is needed to repair that harm and make things right Interest in restorative justice is rapidly expanding with new applications continuously emerging around the world The restorative philosophy and conference process have shown great promise in providing a justice response that heals individuals and strengthens the community Still a few key questions

remain unanswered First how is the personal and relational transformation apparent in the restorative justice process achieved What can be done to safeguard and enhance that effectiveness Second can restorative justice satisfy the wider public's need for a reaffirmation of communal norms following a crime particularly in comparison to the criminal trial And finally given its primary focus on making amends at an interpersonal level does restorative justice routinely fail to address larger structural injustices This book engages with these three critical questions through an understanding of restorative justice as a ritual It proffers three dominant ritual functions related to the performance of justice the normative the transformative and the proleptic Two justice rituals namely the criminal trial and the restorative justice conference are examined through this framework in order to understand how each process fulfills or fails to fulfill the multifaceted human need for justice The book will be of interest to students academics and practitioners working in the areas of Restorative Justice Criminal Law and Criminology *Nature, Ritual, and Society in Japan's Ryukyu Islands* Arne Røkkum, 2006-04-18 Despite their small area the southern islands of Japan can be seen as stepping stones towards a more nuanced view of cultural osmosis between Japan and the outside world This book presents an ethnographic portrayal of the people of the Southern Ryukyu Islands and their world In particular it explores the mind of the islanders their relationship with the natural world their social relationships and the rituals which represent and give expression to these relationships Based on extensive original research including participant observation the book allows the authentic voices of the Ryukyu Island worlds to speak for themselves as well as setting the work in the wider context of anthropology Japanese Studies and Pacific Island studies
