The Commander's Handbook on the Law of Naval Operations United States. Office of the Chief of Naval Operations, 1989 The Commander's Handbook on the Law of Naval Operations, 1991 Law and Usage of War Sir Thomas Barclay, 2015-07-11 Excerpt from Law and Usage of War A Practical Handbook of the Law and Usage of Land and Naval Warfare and Prize This book was originally prepared as a treatise on the law of maritime war and prize For the convenience of the reader at a time when nobody has leisure to wade through the historical or theoretical matter with which a systematic treatise is bound to deal I have selected from my intended book the material needed for immediate reference Moreover the present war being even for this country a war on land as much as if not more than a naval war and there being no quite recent treatise except the official Manual on war on land it was suggested that the book should deal with war generally and as such would be welcomed by laymen as well as by those who have to deal with its legal aspects professionally Furthermore to make reference easier I have broken up the different subjects into short and concise articles and placed the whole in alphabetical order The appendices are as complete as it has been possible to make them without swelling the book to unpractical dimensions The ample references to them and a full index will enable the reader to find at once the exact text About the Publisher Forgotten Books
