History Will Repeat Itself Inke Arns, Gabriele Horn, Hardware MedienKunstVerein, 2007 This exhibition looked at strategies of re enactment in contemporary media art and performance art Re enactments repeat historical events they replace false memories with individual experiences through direct and physical experience of history Subject Matter Aron Vinegar, 2023-11-28 A theorization of habit that emphasizes its excessive and unsettling qualities rather than its mediating adaptive and stabilizing functions Subject Matter offers a bold counterpoint to prevalent conceptions of habit characterized by bodily fluidity and ease as the stabilizing foundation of an emerging subjectivity or more negatively as a numbing and deadening force Instead of facilitating the coordination of action with goal and self with environment habit appears here as a disruptively recursive operation with extreme ontological implications that are often more quotidian than exceptional Vinegar theorizes habit s more perturbing aspects from repetition compulsion to kenosis to breakdown through an encounter between Hegel s philosophy of habit psychoanalytic dimensions of repetition Tom McCarthy s novel Remainder and Omer Fast s feature length film interpretation of the novel Vinegar starts with the premise that habit is an unhappy mediator a disturbance of the very medium and milieu that is constitutive of the subject Subject Matter pays close attention to those aspects of habit that are usually considered deviations from or potential threats to habit proper and that generate a logic of breakdown automaticity mechanization thingness inertia and fixity By plotting a topology of habit s unbearability through detailed accounts of its manifestation in writing art aesthetics and visuality and through an attentiveness to the unbalanced nonrelations between mediation and immediacy being and having fixity and fluidity vanishing and overflowing abbreviation and excess beginning and ending Vinegar exposes habit s failure to mediate and inhabit In doing so he offers new and counterintuitive insights into how habit generates the unruly grounds it is supposed to settle thus allowing us to ask how we might break down differently **Navigation was Always a Difficult Art** Tom McCarthy, 2002 Navigation was Always a Difficult Art Tom McCarthy, 2010 **London From Punk to Blair** Joe Kerr, Andrew Gibson, 2013-06-01 London from Punk to Blair is a rich portrait of Europe s foremost capital An array of contributors including poets journalists teachers historians wanderers drinkers photographers and foodies offer a selection of personal and subjective readings of the city since the late 70s These essays chart a variety of literal and metaphorical explorations through modern and postmodern London showing how it works and how it fails to work what makes it vibrant and what makes it seedy From West End galleries to strip pubs in Shoreditch from millionaires loft apartments to buses and suburban Tube stops from film fashion and gay clubs to punk bands ruinous factories pigeon filth and the vagaries of weather London from Punk to Blair embraces the city like no other book has before This revised edition includes a new introduction by editor Joe Kerr that brings the book up to date and gives the essays context for the post recession world Full of insight into the diverse experiences that constitute the recent history of London Architects Journal This rewarding collection brings into clear focus those dramatic
