Bendersky, 2020-09-21 This balanced history offers a concise readable introduction to Nazi Germany Combining compelling narrative storytelling with analysis Joseph W Bendersky offers an authoritative survey of the major political economic and social factors that powered the rise and fall of the Third Reich Now in its fifth edition the book incorporates significant research of recent years analysis of the politics of memory postwar German controversies about World War II and the Nazi era and more on non Jewish victims Delving into the complexity of social life within the Nazi state it also reemphasizes the crucial role played by racial ideology in determining the policies and practices of the Third Reich Bendersky paints a fascinating picture of how average citizens negotiated their way through both the threatening power behind certain Nazi policies and the strong enticements to acquiesce or collaborate His classic treatment provides an invaluable overview of a subject that retains its historical significance and contemporary importance **Hitler's True Believers** Robert Gellately, 2020-05-01 Understanding Adolf Hitler s ideology provides insights into the mental world of an extremist politics that over the course of the Third Reich developed explosive energies culminating in the Second World War and the Holocaust Too often the theories underlying National Socialism or Nazism are dismissed as an irrational hodge podge of ideas Yet that ideology drove Hitler s quest for power in 1933 colored everything in the Third Reich and transformed him however briefly into the most powerful leader in the world How did he discover that ideology How was it that cohorts of leaders followers and ordinary citizens adopted aspects of National Socialism without experiencing the leader first hand or reading his works They shared a collective desire to create a harmonious racially select community of the people to build on Germany s socialist oriented political culture and to seek national renewal If we wish to understand the rise of the Nazi Party and the new dictatorship s remarkable staying power we have to take the nationalist and socialist aspects of this ideology seriously Hitler became a kind of representative figure for ideas emotions and aims that he shared with thousands and eventually millions of true believers who were of like mind They projected onto him the properties of the necessary leader a commanding figure at the head of a uniformed corps that would rally the masses and storm the barricades It remains remarkable that millions of people in a well educated and cultured nation eventually came to accept or accommodate themselves to the tenants of an

extremist ideology laced with hatred and laden with such obvious murderous implications Hitler's Willing Executioners Daniel Jonah Goldhagen, 2007-12-18 This groundbreaking international bestseller lays to rest many myths about the Holocaust that Germans were ignorant of the mass destruction of Jews that the killers were all SS men and that those who slaughtered Jews did so reluctantly Hitler's Willing Executioners provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans Goldhagen reconstructs the climate of eliminationist anti-Semitism that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular Drawing on a wealth of unused archival materials principally the testimony of the killers themselves Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals tortured them wantonly and then posed cheerfully for snapshots with their victims From mobile killing units to the camps to the death marches Goldhagen shows how ordinary Germans nurtured in a society where Jews were seen as unalterable evil and dangerous willingly followed their beliefs to their logical conclusion Hitler's Willing Executioners is an original indeed brilliant contribution to the literature on the Holocaust New York Review of Books The most important book ever published about the Holocaust Eloquently written meticulously documented impassioned A model of moral and scholarly integrity Philadelphia Inquirer
