Nazi Wireless Propaganda Lord Haw Haw And British Public Opinion:

Nazi Wireless Propaganda Martin A. Doherty, 2000 Devoted exclusively to the analysis of the Nazis radio effort against the UK during World War 2 this book examines the purposes behind the propaganda the changing patterns themes styles and techniques employed and its impact on the British British Writing, Propaganda and Cultural Diplomacy in the Second World War and Beyond Beatriz Lopez, James Smith, Guy Woodward, 2024-07-25 This book offers the first sustained analysis of the interactions between British writers propaganda and culture from the Second World War to the Cold War It traces the involvement of a series of major cultural figures in domestic and international propaganda campaigns and throws new light on the global deployment of British propaganda and cultural diplomacy in colonial and post colonial theatres such as Cyprus India and Sierra Leone Chapters re evaluate the propaganda work of prominent writers including Arthur Koestler and Dylan Thomas in the light of new archival research study how organisations including the BBC British Council and Ministry of Information engaged with new media forms analyse cultural representations of propaganda service and investigate how British literature and culture was deployed and projected as a form of soft power across the globe Featuring contributions from a variety of disciplines including literary studies visual culture book history and radio history this book brings together a constellation of established and emerging scholars to show the crucial role played in shaping and mediating the techniques and content of British information campaigns of the mid twentieth century Big Disconnect Giles Slade, 2012-08-07 Smart phones and social media sites may be contemporary fixations but using technology to replace face to face interactions is not a new cultural phenomenon Throughout our history intimacy with machines has often supplanted mutual human connection This book reveals how consumer technologies changed from analgesic devices that soothed the loneliness of a newly urban generation to prosthetic interfaces that act as substitutes for companionship in modern America The history of this transformation helps explain why we use technology to mediate our connections with other human beings instead of seeking out face to face contact Do electronic interfaces receive most of our attention to the detriment of real interpersonal communication Why do sixty million Americans report that isolation and loneliness are major sources of unhappiness The author provides many insights into our increasingly artificial relationships and a vision for how we can rediscover genuine community and human empathy *The Battle of Britain, 1945-1965* Garry Campion, 2015-10-06 Seventy five years after the Battle of Britain the Few s role in preventing invasion continues to enjoy a revered place in popular memory The Air Ministry were central to the Battle s valorisation This book explores both this and also the now forgotten 1940 Battle of the Barges mounted by RAF bombers **Life On Air** , 2008-09-25 Radio Four has been described as the greatest broadcasting channel in the world the heartbeat of the BBC a cultural icon of Britishness and the voice of Middle England Defined by its rich mix encompassing everything from journalism and drama to comedy quizzes and short stories its programmes such as Today The Archers Woman s Hour The Hitchhiker s Guide To the Galaxy Gardeners Question Time and The Shipping Forecast have

been part of British life for decades Others less successful have caused offence and prompted derision Born as it was in the Swinging Sixties Radio Four's central challenge has been to change with the times while trying not to lose faith with those who see it as a standard bearer for quality authoritativeness or simply old fashioned BBC values In this first major behind the scenes account of the station's history David Hendy a former producer for Radio Four draws on privileged access to the BBC's own archives and new interviews with key personnel to illuminate the arguments and controversies behind the creation of some of its most popular programmes He reveals the station's struggle to justify itself in a television age favouring clear branding and tightly targeted audiences with bitter disputes between the BBC and its fiercely loyal listeners The story of these struggles is about more than the survival of one radio network Radio Four has been a lightning rod for all sorts of wider social anxieties over the past forty years A kaleidoscopic view of the changing nature of the BBC the book provides a gripping insight into the very nature of British life and culture in the last decades of the twentieth century **How Books,**

Reading and Subscription Libraries Defined Colonial Clubland in the British Empire Sterling Joseph Coleman, Jr., 2020-05-31 How Books Reading and Subscription Libraries Defined Colonial Clubland in the British Empire argues that within an entangled web of imperial colonial and book trade networks books reading and subscription libraries contributed to a core and peripheral criteria of clubbability used by the select people clubbable settler elite to vet the proper sort clubbable indigenous elite as they culturally economically and socially navigated their way towards membership in colonial clubland As a microcosm for British controlled areas of the Caribbean Asia and Africa this book assesses the history membership growth and collection development of three colonial subscription libraries the Penang Library in Malaysia the General Library of the Institute of Jamaica and the Lagos Library in Nigeria during the nineteenth and twentieth centuries This work also examines the places these libraries occupied within the lives of their subscribers and how the British Council reorganized these colonial subscription libraries to ensure their survival and the survival of colonial clubland in a post colonial world This book is designed to accommodate historians of Britain and its empire who are unfamiliar with library history library historians who are unfamiliar with British history and book historians who are unfamiliar with both topics *The Anatomy of Fake News*

Nolan Higdon, 2020-08-04 Since the 2016 U S presidential election concerns about fake news have fostered calls for government regulation and industry intervention to mitigate the influence of false content These proposals are hindered by a lack of consensus concerning the definition of fake news or its origins Media scholar Nolan Higdon contends that expanded access to critical media literacy education grounded in a comprehensive history of fake news is a more promising solution to these issues The Anatomy of Fake News offers the first historical examination of fake news that takes as its goal the effective teaching of critical news literacy in the United States Higdon employs a critical historical media ecosystems approach to identify the producers themes purposes and influences of fake news The findings are then incorporated into an invaluable fake news detection kit This much needed resource provides a rich history and a promising set of pedagogical strategies for

mitigating the pernicious influence of fake news **Fay Taylour, 'The World's Wonder Girl'** Stephen M. Semite and then as a Second World War traitor when assuming the persona of Lord Haw Haw he acted as a radio propagandist for the Nazis It is an endlessly compelling story of simmering hope intense frustration renewed anticipation and ultimately catastrophic failure This fully referenced work is the first attempt to place Joyce at the centre of the turbulent traumatic and influential events through which he lived It challenges existing biographies which have reflected not only Joyce's frequent calculated deceptions but also the suspect claims advanced by his family friends and apologists By exploring his rampant increasingly influential narcissism it also offers a pioneering analysis of Joyce's personality and exposes its dangerous destructive consequences What a saga my life would make Joyce wrote from prison just before his execution Few would disagree with him

The Jazz War Will Studdert, 2017-12-11 During World War II jazz embodied everything that was appealing about a democratic society as envisioned by the Western Allied powers Labelled degenerate by Hitler's cultural apparatus jazz was adopted by the Allies to win the hearts and minds of the German public It was also used by the Nazi Minister for Propaganda Joseph Goebbels to deliver a message of Nazi cultural and military superiority When Goebbels co-opted young German and foreign musicians into Charlie and his Orchestra and broadcast their anti Allied lyrics across the English Channel jazz took centre stage in the propaganda war that accompanied World War II on the ground The Jazz War is based on the largely unheard oral testimony of the personalities behind the German and British wartime radio broadcasts and chronicles the evolving relationship between jazz music and the Axis and Allied war efforts Studdert shows how jazz both helped and hindered the Allied cause as Nazi soldiers secretly tuned in to British radio shows while London party goers danced the night away in demimonde bottle parties leading them to be branded a menace in Parliament This book will appeal to students of the history of jazz broadcasting cultural studies and the history of World War II

The Voice as Something More Martha Feldman, Judith T. Zeitlin, 2019-09-30 In the contemporary world voices are caught up in fundamentally different realms of discourse practice and culture between sounding and nonsounding material and nonmaterial literal and metaphorical In *The Voice as Something More* Martha Feldman and Judith T Zeitlin tackle these paradoxes with a bold and

rigorous collection of essays that look at voice as both object of desire and material object Using Mladen Dolar's influential *A Voice and Nothing More* as a reference point *The Voice as Something More* reorients Dolar's psychoanalytic analysis around the material dimensions of voices their physicality and timbre the fleshiness of their mechanisms the veils that hide them and the devices that enhance and distort them Throughout the essays put the body back in voice Ending with a new essay by Dolar that offers reflections on these vocal aesthetics and paradoxes this authoritative multidisciplinary collection ranging from Europe and the Americas to East Asia from classics and music to film and literature will serve as an essential entry point for scholars and students who are thinking toward materiality *The BBC* David Hendy, 2022-03-29 The first in depth history of the iconic radio and TV network that has shaped our past and present Doctor Who tennis from Wimbledon the Beatles and the Stones the coronation of Queen Elizabeth and the funeral of Diana Princess of Wales for one hundred years the British Broadcasting Corporation has been the preeminent broadcaster in the UK and around the world a constant source of information comfort and entertainment through both war and peace feast and famine The BBC has broadcast to over two hundred countries and in more than forty languages Its history is a broad cultural panorama of the twentieth century itself often although not always delivered in a mellifluous Oxford accent With special access to the BBC's archives historian David Hendy presents a dazzling portrait of a unique institution whose cultural influence is greater than any other media organization Mixing politics espionage the arts social change and everyday life The BBC is a vivid social history of the organization that has provided both background commentary and screen grabbing headlines woven so deeply into the culture and politics of the past century that almost none of us has been left untouched by it Historical Dictionary of American Propaganda Martin J. Fearful Odds John Jay, 2014-10-30 On 22 May 1940 Alec Jay arrived in Calais with his Battalion the Queen Victoria Rifles After four days of intense fighting he was taken prisoner of war along with those of his colleagues who were not killed The Calais Garrison was not evacuated His situation as a POW was exceptionally perilous as he was a Jew Made to wear distinctive clothing he was all too aware of the Nazis determination to eradicate his race Undeterred he made five escape attempts as well as leading a successful protest strike one of the few during the War When he finally escaped he teamed up with Czech partisans and fought alongside them during the closing stages of the War John Jay a distinguished journalist and Investment manager has reconstructed his Father s war using the archive material from four countries and numerous other sources and POW accounts The result is a fascinating and inspiring story **Imprisoning the Enemy** Nikolaos

Theotokis, 2024-11-30 Offers a vivid examination of Axis prisoners of war during World War II detailing their experiences circumstances and the complexities of their captivity in various theatres from 1940 to 1945 Prisoners of war POWs are an important part in the history of the Second World War Nikolaos Theotokis in this vividly written book examines the subject taking a closer look at the hundreds of thousands of Axis military personnel including women mostly German who were held in POW camps POW cages prisons or forced labor camps after being captured by or surrendering to Allied forces between 1940 and 1945 in the North African European and Pacific theaters of operations Hundreds of cases of officers of the Wehrmacht and the SS as well as of the Royal Italian and the Imperial Japanese Armies have been grouped by the author in two main categories those who were taken prisoner by Allied forces and those who surrendered to them This is not a book about military might but about people many of whom were proven innocent victims of circumstance Officers who committed suicide to avoid capture and others who were charged and punished as war criminals are separately presented along with a great number of foreign volunteers who were captured by or surrendered to Allied forces during the war after joining units of the German or the Japanese Armies Members of the military and secretarial staff of Adolf Hitler who were imprisoned after the German capitulation are also highlighted in the book along with cases of high ranking officers in co belligerent Romania who were harshly punished by their country s post war communist authorities for being anti communists and for having fought against the Red Army Another category also examined by the author are the German prisoners who were handed over to Joseph Stalin by the western Allies in May 1945 as a gesture of friendship although the Soviet Union had not signed the Geneva Convention This book is a concise authoritative account of the Axis POWs being also an unrivaled source of information on the subject **Ireland and the Problem of Information** Damien Keane, 2014-10-23 Though the work of

Irish writers has been paramount in conventional accounts of literary modernism Ireland itself only rarely occupies a meaningful position in accounts of modernism s historical trajectory With an itinerary moving not simply among Dublin Belfast and London but also Paris New York Addis Ababa Rome Berlin Geneva and the world s radio receivers Ireland and the Problem of Information examines the pivotal mediations through which social knowledge was produced in the mid twentieth

century Organized as a series of cross fading case studies the book argues that an expanded sphere of Irish cultural production should be read as much for what it indicates about practices of intermedial circulation and their consequences as for what it reveals about Irish writing around the time of the Second World War In this way it positions the problem of information as first and foremost an international predicament but one with particular national implications for the Irish field

British Propaganda and News Media in the Cold War John Jenks, 2006-04-19 This is a study of the British state's generation suppression and manipulation of news to further foreign policy goals during the early Cold War Bribing editors blackballing unreliable journalists creating instant media experts through provision of carefully edited inside information and exploiting the global media system to plant propaganda disguised as news around the world these were all methods used by the British to try to convince the international public of Soviet deceit and criminality and thus gain support for anti Soviet policies at home and abroad Britain's shaky international position heightened the importance of propaganda The Soviets and Americans were investing heavily in propaganda to win the hearts and minds of the world and substitute for increasingly unthinkable nuclear war The British exploited and enhanced their media power and propaganda expertise to keep up with the superpowers and preserve their own global influence at a time when British economic political and military power was sharply declining This activity directly influenced domestic media relations as officials used British media to launder foreign bound propaganda and to create the desired images of British public opinion for foreign audiences By the early 1950s censorship waned but covert propaganda had become addictive The endless tension of the Cold War normalized what had previously been abnormal state involvement in the media and led it to use similar tools against Egyptian nationalists Irish republicans and British leftists Much more recently official manipulation of news about Iraq indicates that a behind the scenes examination of state propaganda's earlier days is highly relevant John Jenks draws heavily on recently declassified archival material for this book especially files of the Foreign Office's anti Communist Information Research Department IRD propaganda agency and the papers of key media organisations journalists politicians and officials Readers will therefore gain a greater understanding of the depth of the state's power with the media at a time when concerns about propaganda and media manipulation are once again at the fore
