Joachim Remak

Nazi Years A Documentary History:

The Nazi Years Joachim Remak, 1990-08-01 The Nazi Years brings together documents that tell the whole essential story of National Socialism from its obscure ideological beginnings to its seizure of power to the exercise of that power in Germany and abroad to the bitter end of the Third Reich Historian Joachim Remak has collected and has introduced with illuminating commentaries key letters speeches memoirs political tracts secret memos and tabulations written by the actors victims or simple witnesses of the time Here is the fanatical enthusiasm of dedicated Nazis as revealed in their own writings a catalog of anti-Semitism and propaganda volkisch idealism and pan Germanism ideas of natural selection and race eugenics Here too is the history of sincere but ill fated resistance to Nazism by church people and plain citizens of the anti Nazi underground and of Count von Stauffenberg's plot to assassinate Hitler Now available from Waveland Press these vivid accounts by Germans at every level of society and of every political and moral persuasion provide a shattering view of one of the most terrible tempestuous periods of modern history

The Nazi Years Joachim Remak, 1969 The ideology of National Socialism is described by way of documents written by people who lived during the period when the Nazis were in power

The Nazi Years ; a Documentary History Joachim ed Remak, 1960

A History of the Holocaust Rita Steinhart Botwinick, 2016-09-16 Told with scrupulous attention to detail and accuracy this text provides important background information on Jewish life in Europe the functions of the hierarchy within the Nazi government and the psychological foundations of prejudice Unlike other texts on the subject A History of the Holocaust gives students an idea of just who the victims of the Holocaust were In fact the author tells this story from a unique point of view having experienced Nazi Germany as a child

A User's Guide to German Cultural Studies Scott D. Denham, Irene Kacandes, Jonathan Petropoulos, 1997 Capitalizes on the ripeness of the German case for interdisciplinary investigation

Leni Steven Bach, 2008-02-12 Leni Riefenstahl the woman known as Hitler's filmmaker made some of the greatest and most innovative documentaries ever made They are also insidious glorifications of Adolf Hitler and the Third Reich Now Steven Bach reveals the truths and lies behind Riefenstahl's lifelong self vindication as an apolitical artist who claimed to know nothing of the Holocaust and denied her complicity with the criminal regime she both used and sanctified A riveting and illuminating biography of one of the most fascinating and controversial personalities of the twentieth century

Before Auschwitz Paul R. Hinlicky, 2013-06-27 What can Christian theology in North America learn from the rise of Nazism in Germany in the 1920s and 1930s This book explores an explosion of scholarship in recent decades that has reopened questions once thought to be settled about the relationships between Nazism Liberalism and Christianity In the process of criticizing the retrospective fallacy and urging a properly hermeneutical historiography its method in historical theology causes us to reflect back upon our tacit commitments suggesting that we are closer to fascism than we are aware and that although the devil never shows its face twice in exactly the same way the particular hubris of grasping after final solutions along biopolitical lines that is the racially scientific

version of fascism that was Nazism is and remains near at hand today within our horizon of possibilities unrecognized in just the ways that it was unrecognized by Germans before Auschwitz The book takes a fresh look at the theology of Adolf Hitler and finds themes that are disturbingly familiar It summons to the renewal of Christian theology after Christendom in the form of critical dogmatics where the motif of the Beloved Community replaces the fallen idol descended from Charlemagne

Animals in the Third Reich Boria Sax, 2000-01-01 This is the first book to explore the paradox of the Nazi cult of animals and the obsession with the annihilation of biologically inferior people Animals in the Third Reich begins by contrasting Jewish Christian and polytheistic traditions relating to animals in Germany and examines the ways that the Nazi movement adopted altered challenged or exploited these traditions This discussion covers several perspectives on the treatment of animals including those of zoologists veterinarians novelists painters sculptors and the general public Adopting and exploiting such traditions the Nazis elaborated their own symbolic system of relating certain animals to supporters and antagonists of the movement Aryan wolves and horses Jewish pigs and apes BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Fascism** Brian E. Fogarty, 2009 When the Nazis took power in 1933 most Germans did not foresee the oncoming storm Many were wildly enthusiastic some were alarmed most were worried but trusted that things would work out In short they felt much as Americans have felt from time to time Brian E Fogarty's *Fascism Why Not Here* draws parallels between German culture of the early twentieth century and American culture today While Fogarty postulates that it would take a confluence of events and circumstances to propel Americans into the arms of fascism he concludes that it is not entirely unlikely Today less than a decade after his original warning some of those events are beginning to unfold As Americans become more divided as formerly nonpartisan institutions are politicized and as Congress becomes increasingly paralyzed we are forced to ask how do we respond to a political outsider's rally cries to make America great again In examining the similarities and differences between Nazi Germany and America today Fogarty finds many reasons for hope that Americans will not fall victim to such chauvinistic appeal but he also finds plenty to worry about He points out that contemporary Americans and Germans of the 1920s and 1930s share many similar values ideals fears and beliefs Fogarty's strong words of caution will resonate with anyone concerned about America's political future and the freedoms we too often take for granted Teaching and Studying the Holocaust Samuel Totten, Stephen Feinberg, 2009-11-01 Originally Published in 2000 by Allyn Ida E King Distinguished Visitor Professor of Holocaust Studies Richard Stockton College and Former Director of Research at the United States Holocaust Memorial Museum There are many scholars who are wont to criticize the teaching of the Holocaust Many journalists critique what they regard as kitsch or trendiness All critics of contemporary Holocaust education would do well to read this book One cannot fail to be impressed by the quality of its learning and the seriousness of its purpose It is a wonderful place for teachers to turn as they contemplate teaching the Holocaust an open invitation to learn more and teach more effectively Barry van Driel Coordinator

International Teacher Education Anne Frank House Amsterdam Teaching and Studying the Holocaust is an invaluable resource for any teacher wanting to address the complex and sometimes overwhelming history of the Holocaust in the classroom The book offers a multitude of sensitive and responsible ways of dealing with the issue of the Holocaust It succeeds in showing teachers very clearly how the study of the Holocaust is not just a topic for history teachers but for teachers across the curriculum Dr Nili Keren Kibbutzim College of Education Tel Aviv Israel Teaching about the Shoah is one of the most complicated tasks for educators Indeed teaching and studying this history raises unprecedented questions concerning modern civilization and presents teachers and students with tremendous challenges Samuel Totten and Stephen Feinberg have created a volume that provides educators with essential information and new insights regarding the teaching of this history and in doing so they assist educators to face the aforementioned challenges head on Teaching and Studying the Holocaust does not make the task easier but it does make it possible Samuel Totten is currently professor of Curriculum and Instruction at the University of Arkansas Fayetteville Prior to entering academia he was an English and social studies teacher in Australia Israel California and at the U S House of Representatives Page School in Washington D C Totten is also editor of Teaching Holocaust Literature published by Allyn Bacon Stephen Feinberg is currently the Special Assistant for Education Programs in the National Institute for Holocaust Education at the United States Holocaust Memorial Museum With Samuel Totten he was co editor of a special issue Teaching the Holocaust of Social Education the official journal of the National Council for the Social Studies For eighteen years he was a history and social studies teacher in the public schools of Wayland MA
