Nazisme Et Communisme Deux Regimes Dans Le Siècle:

Nazisme et communisme Marc Ferro, 1999 Loin des comparaisons trop hâtives P Burrin P Bouretz Ja S Drabkin M Ferretti F Furet I Kershaw C Lefort M Lewin T Mason L Pomian B Vilatte N Werth parmi d'autres proposent une nouvelle lecture des régimes nazi et soviétique en soulignant la complexité des relations entre dictature et société L'ensemble est présenté par Marc Ferro co-directeur de la revue Annales EHESS et présentateur d'Histoire parallèle sur la Sept Arte L'Histoire en revue propose des recueils d'articles de revues françaises et étrangères autour d'une grande question d'histoire Choisissez pour leur qualité de synthèse leur clarté et la force de leur démonstration des articles signés par les meilleurs auteurs permettent ainsi de faire le point des connaissances en restituant les grands débats qui font de l'histoire une science vivante et critique One Hundred Years of History of the French Communist Party Roger Martelli, Jean Vigreux, Serge Wolikow, 2022-09-14 The Communist Party appeared a hundred years ago on the French political and social scene According to opinions and moments it has been the party of Moscow of those shot of the working class of the union of the left the party of the foreigner or that of the nation It has been underground in government in town halls in factories or in the streets Some considered it too revolutionary others not enough More than others it aroused passions positive or negative It attracted many and repelled just as many After the fall of the USSR it decided to remain a communist party while many others gave it up But it no longer has the place it once had in reality as in the imagination This book does not intend to judge but to provide keys to understanding It is based on a considerable number of archives that are now available and is an ordered and distanced look at an object that is not lacking in complexity and no doubt even in mystery This book has been translated from French to English thanks to a financial help from the Gabriel Péri Foundation and the LIR3S UMR Cnrs 7366 of Dijon **The Strange Death of Soviet Communism** Nikolas K. Gvosdev, 2017-07-05 The collapse of communism marked the close of an era of world history What took place in the Soviet Union between 1917 and 1991 in the eyes of its proponents constituted a great experiment in the application of new modes of organization to social life the largest such experiment in history The Strange Death of Soviet Communism which first appeared as a special issue of The National Interest brings together leading scholars of Soviet history who show why the experiment failed and how it has destroyed the laboratory of socialist utopias Francis Fukuyama considers the role of long term social and intellectual modernization while Vladimir Kontorovich examines the related factor of economic stagnation Myron Rush then analyzes the accidental and precedent breaking accession and leadership of Gorbachev Charles Fairbanks looks at the more general factors of change and rigidity within communist political culture Chapters by Peter Reddaway and Stephen Sestanovich conclude this section by assessing respectively the role of internal pressure from Soviet citizens and external pressure from the West The next chapters deal with why the West was surprised by the communist collapse This involves a critique of Western Sovietology both for its scholarly failures and its ideological prejudices Here Peter Rutland and William Odom deal with social science interpretations of the Soviet Union while Robert

Conquest and Richard Pipes reflect on historians readings of Soviet history Martin Malia then offers a comparative assessment of both In the third section Irving Kristol and Nathan Glazer discuss communism in relation to the intellectuals in the West Although the authors are united in their anti communist stance the volume is diverse in its perspectives and assessments of Soviet communism Taken together these contributions show that the debate on the legacy of communism and a subsequent rethinking of modern history is just beginnin

Stalinism for All Seasons Vladimir Tismaneanu,2003-10-15 This history of the Romanian Communist Party RCP traces its origins as a tiny clandestine revolutionary organization in the 1920s to its years in national power from 1944 to 1989 and to the post 1989 metamorphoses

Humanitarian Aid in Post-Soviet Countries Laetitia Atlani-Duault,2008-01-07 Published originally in French this revised and updated English edition presents an original and insightful approach to the problem of humanitarian aid in the Central Asian and Caucasus region

The Devil in History Vladimir Tismaneanu,2012-09-28 The Devil in History is a provocative analysis of the relationship between communism and fascism Reflecting the author s personal experiences within communist totalitarianism this is a book about political passions radicalism utopian ideals and their catastrophic consequences in the twentieth century s experiments in social engineering Vladimir Tismaneanu brilliantly compares communism and fascism as competing sometimes overlapping and occasionally strikingly similar systems of political totalitarianism He examines the inherent ideological appeal of these radical revolutionary political movements the visions of salvation and revolution they pursued the value and types of charisma of leaders within these political movements the place of violence within these systems and their legacies in contemporary politics The author discusses thinkers who have shaped contemporary understanding of totalitarian movements people such as Hannah Arendt Raymond Aron Isaiah Berlin Albert Camus Fran ois Furet Tony Judt Ian Kershaw Leszek Kolakowski Richard Pipes and Robert C Tucker As much a theoretical analysis of the practical philosophies of Marxism Leninism and Fascism as it is a political biography of particular figures this book deals with the incarnation of diabolically nihilistic principles of human subjugation and conditioning in the name of presumably pure and purifying goals Ultimately the author claims that no ideological commitment no matter how absorbing should ever prevail over the sanctity of human life He comes to the conclusion that no party movement or leader holds the right to dictate to the followers to renounce their critical faculties and to embrace a pseudo miraculous a mystically self centered delusional vision of mandatory happiness

Blood Enzo Traverso, 2017-03-28 Europe's second Thirty Years War an epoch of blood and ashes Fire and Blood looks at the
 European crisis of the two world wars as a single historical sequence the age of the European Civil War 1914-1945 Its
 overture was played out in the trenches of the Great War its coda on a ruined continent It opened with conventional
 declarations of war and finished with unconditional surrender Proclamations of national unity led to eventual devastation
 with entire countries torn to pieces During these three decades of deepening conflicts a classical interstate conflict morphed
 into a global civil war abandoning rules of engagement and fought by irreducible enemies rather than legitimate adversaries
 each seeking the annihilation of its opponents It was a time of both unchained passions and industrial rationalized massacre
 Utilizing multiple sources Enzo Traverso depicts the dialectic of this era of wars revolutions and genocides Rejecting
 commonplace notions of totalitarian evil he rediscovers the feelings and reinterprets the ideas of an age of intellectual and
 political commitment when Europe shaped world history with its own collapse **Le Livre Noir Du Communisme**
 Collectif, 1999-10 **The Lesser Evil** Helmut Dubiel, Gabriel Motzkin, 2004-04-22 This book comprises 14 essays by scholars
 who disagree about the methods and purposes of comparing Nazism and Communism The central idea is that if these two
 different memories of evil were to develop in isolation their competition for significance would distort the real evils both
 movements propagated Whilst many reject this comparison because they feel it could relativize the evil of one of these
 movements the claim that a political movement is uniquely evil can only be made by comparing it to another movement How
 do these issues affect postwar interrelations between memory and history Are there tensions between the ways postwar

societies remember these atrocities and the ways in which intellectuals and scholars reconstruct what happened Nazism and Communism have been constantly compared since the 1920s A sense of the ways in which these comparisons have been used and abused by both Right and Left belongs to our common history These twentieth century evils invite comparison if only because of their traumatic effects We have an obligation to understand what happened and we also have an obligation to understand how we have dealt with it

Le siècle des communismes Michel Dreyfus, 2000 Quoi de plus stimulant qu'un essai qui tente de remettre en cause des préjugés Tel est le projet de cet ouvrage collectif de chercheurs français et internationaux à briser le mythe de l'unicité du communisme Parce qu'il est pluriel le communisme y est défini sous le signe de la diversité Diversité des contextes historiques d'abord quoi de commun entre le Cuba pr Castro l'Europe de l'Est de 1945 ou la Russie de 1917 Des situations socio économiques ensuite d'où la remise en cause du pré-supposé de la relation nécessaire entre la classe ouvrière et le communisme Des trajectoires individuelles et collectives enfin d'où la prise en compte des dissidents des différents théoriciens du marxisme mais aussi de groupes assez peu étudiés comme les brigadistes ou les communistes latino américains Pour autant les auteurs ne négligent pas la singularité du communisme l'URSS et l'Internationale communiste font l'objet de nombreux chapitres qui pointent leurs similitudes avec cette autre grande institution de salut qui est l'Église catholique Ainsi dans cet ouvrage qui combine les approches historiques sociologiques et économiques on comprend mieux la formidable subordination exercée par le communisme
