accommodates social changes taking in that which makes it stronger and further solidifying its core **Nancy Drew 14: The Whispering Statue** Carolyn Keene, 1937-09-01 Once again Nancy faces two puzzling mysteries at once The first concerns a valuable collection of rare books that Mrs Horace Merriam commissioned an art dealer to sell has he swindled her instead The second mystery revolves around the baffling theft of a beautiful marble statue To solve both mysteries the famous young detective disguises herself and assumes a false identity Despite these precautions danger stalks Nancy's every move An attempted kidnapping a nearly disastrous sailboat collision and an encounter with a dishonest sculptor are just a few of the exciting challenges that Nancy is faced with as she gathers evidence against a clever ring of art thieves *Hardy Boys 57: The Firebird Rocket* Franklin W. Cornelius, 2020-11-11 Where we come from where we are where we have been and where we are going all have a huge impact on who we are Theories of space and place also hold that the converse is equally true that we have an impact on those spaces and places we inhabit or dwell within We make space our agencies our cultures our beliefs and values and understandings shape the macro and micro environments around us Just as much however those places we inhabit shape us causing us to adapt ourselves to them Children exist in spaces that are crafted for them by adults by parents by school administrators and teachers and as such their impact on space can be somewhat limited Space is made for them but certainly not to their own specifications or liking In children's literature spaces are often seen as noteworthy markers of a child's progression toward adulthood whether the space is Laura Ingalls' little house or Harry Potter's Hogwarts For these characters movement through space is about growth and change about accepting the inevitability of growing up and the responsibility of the adulthood whether that be marriage and motherhood or vanquishing the most evil wizard of all time However what about juvenile series books whose central protagonists generally never grow or change The central character of these series usually a flat unchanging trope more than a fully realized fleshed out dynamic figure is a static creation Though characters like Nancy Drew and the Hardy Boys frequently move through different geographies they never change as characters In fact one could argue that the only dynamic that ever experiences

any alteration in a series like Nancy Drew is setting Surely there is something significant about the relationship of series books to those spaces their protagonists inhabit This collection explores that relationship the dynamics between the controlled spaces of childhood and the variable spaces of juvenile series literature It shows that the unchanging series book characters demonstrate that their impact on space is far greater than its impact ever is on them reflecting an exercise in spatial authority that most children and even children s book heroes never quite experience *Judy Moody's Mini-Mysteries and Other Sneaky Stuff for Super-Sleuths* Megan McDonald, Peter H. Reynolds, 2012 Young fans are invited to join Judy and her friends in a series of six mini mysteries complemented by instructions on how to compile a detective kit and sharpen elementary sleuthing skills Original
