Passage Making Tom Cunliffe,United States Sailing Association,2000 For sailors contemplating coastal or offshore passagemaking this book should be of use to them It includes information on planning watchkeeping systems living aboard safety at sea and the use of weather faxes and other electronic equipment **Further Offshore** Ed Mapes,2008 Further Offshore describes all steps involved in becoming an accomplished offshore passage maker Initial boat selection voyage planning outfitting routing weather medical concerns vessel inspection for seaworthiness anchoring techniques meal planning provisioning and more this just describes the preparation before departure for sea The book then discusses the nuts and bolts of conducting an offshore passage with shipkeeping watchkeeping monitoring and maintenance preparing for heavy weather emergency protocols and storm management tactics Concluding with making landfall this book is a concise yet comprehensive guide for anyone who contemplates offshore sailing *Seaworthy Offshore Sailboat: A Guide to Essential Features, Handling, and Gear* John Vigor,2001-04-11 An invaluable resource Vigor's practical wisdom gives you the know how and confidence to prepare your boat for the sea *Cruising World* Here is the book that answer the sailor's fundamental question Can my boat take me offshore safely then shows how to make it happen *The Complete Ocean Skipper* Tom Cunliffe,2022-10-18 The essential reference for anyone interested in offshore sailing and ocean passages Following on from his bestselling *The Complete Day Skipper* and *The Complete Yachtmaster* yachting legend Tom Cunliffe turns his attentions to the third strand of the RYA syllabus With the same hugely popular highly practical approach *The Complete Ocean Skipper* covers everything a sailor needs to know when planning and preparing for an offshore cruise or ocean passage Preparation types of suitable boat choice of rig engine power safety equipment communication systems crew preparation On passage ocean weather systems forecasting deck routines watchkeeping self steering emergencies heavy weather techniques Ocean navigation electronic as well as celestial The second edition of this definitive handbook is fully updated with new and revised content on multihulls autopilots radar anchoring and software *The Complete Ocean Skipper* goes beyond the theory of the

RYA syllabus to ensure that readers are equipped with the knowledge of both what to do and how to go about it in whatever circumstances A veteran offshore yachtsman as well as an RYA examiner Tom Cunliffe brings his experience to bear and packs this must have guide with invaluable hands on advice for offshore and coastal sailors alike With clear helpful colour photographs and diagrams throughout this is the essential book for anyone planning for or dreaming about sailing further afield

Seamanship Secrets John Jamieson, 2009-03-08 Secrets is the modern Bowditch written so clearly that navigation and seamanship will be comprehensible to anyone Dave and Jaja Martin circumnavigators and authors of Into the Light A Family's Epic Journey It's a great book The prose is simple and clear John Vigor author of The Seaworthy Offshore Sailboat The nautical tips and techniques presented are encyclopedic yet the clear explanations demystify the topics Don Launer contributing editor for Good Old Boat magazine It is a fine piece of work and should be read by anyone contemplating coastal cruising or blue water voyages It definitely deserves a place in the offshore yacht's library Ted Brewer yacht designer author and offshore racing and cruising sailor Be a Better Skipper In the night wind rain fog big seas strong currents or congested waters when there's no time for textbook seamanship solutions what you need are shortcuts and techniques that work quickly and reliably every time Distilled from the vast accumulated lore of seamanship and navigation here are the absolute essentials 185 techniques that work without fail in the pilothouse or the exposed cockpit or flying bridge of a shorthanded sail or powerboat John Jamieson shows you how to Set up a clipboard chart table for cockpit use Avoid hazards with danger bearings or a GPS grid highway Estimate current speeds with the 50 90 100 rule Track other boats in poor visibility using radar plots and bearing drift Sail home without a rudder or get your twin screw boat home on one working engine Dock or anchor under any conditions And much much more Even in this age of electronic navigation you need to know how to eyeball your boat through any situation Each of the techniques in this cut to the chase book has shown itself to be absolutely repeatable It will work this time the next time and the time after that in conditions fair or foul

Cruising Boat Basics Cap'n Fatty Goodlander, 2018-01-03 This book contains 58 years of seamanship and ship's husbandry distilled into more than 350 readable pages It is chockfull of technical information gathered during three circumnavigations and a lifetime of living aboard in foreign ports It tells you the nitty gritty technical details of the sea gypsy lifestyle It isn't merely about the boat it is also about the knowledge required to safely handle that boat and ultimately how to manage the cruise as well It contains what every sea gypsy understands but few marine publications address the good the bad and the ugly of ocean cruising It does not cop out by telling you to throw money at your problems by hiring marine experts It does exactly the opposite It informs you how to not need those experts It clearly communicates the morality the economy the karma and the delights of sailing the world with empty pockets and full hearts Cruising offshore isn't rocket science It is all basic logical stuff The skills required can be explained step by step This book reveals the reality of buying a well found inexpensive boat and outfitting it for living aboard then taking it inshore gunkholing coastal sailing offshore cruising and ocean storm strutting Reading this

book is like sitting in the cockpit of a battered ketch at anchor in an exotic port and having one of the most famous circumnavigators spin yarns tell jokes and give the most outrageous of advice on cruising under sail Forget the you gotta have a pile of money rock hugger thinking You don t There are a million good reasons why not to go to sea lack of money is not one of them Basic seamanship is far more important than coinage and you can t buy seamanship In fact circumnavigators with large purses actually have less fun than work as you sail sea gypsies This book was not written for the edification of Topside clad yachtsmen or teak trodding credit card captains but rather for the working class sailor attempting to transit from dirt dweller to ocean vagabond without losing sight of the daily fun factor Does sailing across an ocean on a small vessel seem like an immense challenge It doesn t need to be if you are prepared with a well found boat strong offshore safety gear and some basic seamanship skills Fatty and his wife Carolyn are currently on their fourth circumnavigation They sail across oceans with no more concern than most yachties experience while putt putting to the fuel dock Are you just getting your sealegs but have a burning desire to live within Mother Ocean s warm embrace To be truly free To sail to Borneo Madagascar Cocos Keeling the Caribbean and Chagos To kiss life full on the lips from the deck of a small boat on a big ocean Then you are in luck This book is written with the specific aim of helping sailors exactly like you accomplish these very real very worthwhile cruising dreams without a massive amount of money complication or BS Welcome aboard
