

Ohio Politics On The Eve Of Conflict

Chester G. Hearn

Ohio Politics On The Eve Of Conflict:

The Era of the Civil War--1820-1876 Louise A. Arnold-Friend, US Army Military History Institute, 1982 *Forts Henry and Donelson: The Key to the Confederate Heartland* Benjamin Franklin Cooling, 1989 **Ohio Politics on the Eve of Conflict** Henry Harrison Simms, Kenneth E. Davison, 1961 *The Civil War Centennial; a Report to the Congress* United States. Civil War Centennial Commission, 1968 *Special Bibliography*, 1982 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1962 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December *The Civil War in the North* Eugene Converse Murdock, 1987 *Atlantic Politics, Military Strategy and the French and Indian War* Richard Hall, 2016-06-28 1755 marked the point at which events in America ceased to be considered subsidiary affairs in the great international rivalry that existed between the colonial powers of Great Britain and France This book examines the Braddock Campaign of 1755 a segment of the wider Braddock Plan that aimed to drive the French from all of the contested regions they occupied in North America Rather than being an archetypal military history styled analysis of General Edward Braddock's foray into the Ohio Valley this work will argue that British defeat at the infamous Battle of the Monongahela should be viewed as one that ultimately embodied military political and diplomatic divergences and weaknesses within the British Atlantic World of the eighteenth century These factors in turn hinted at growing schisms in the empire that would lead to the breakup of British North America in the 1770s and the birth of the future United States Such an interpretation moves away from the conclusion so often advanced that Braddock's Defeat was a distinctly and principally British martial catastrophe hence allowing the outcome of this pivotal event in American history to be understood in a different vein than has hitherto been apparent *The German-American Encounter* Frank Trommler, Elliott Shore, 2001 While Germans the largest immigration group in the United States contributed to the shaping of American society and left their mark on many areas from religion and education to food farming political and intellectual life Americans have been instrumental in shaping German democracy after World War II Both sides can claim to be part of each other's history and yet the question arises whether this claim indicates more than a historical interlude in the forming of the Atlantic civilization In this volume some of the leading historians social scientists and literary scholars from both sides of the Atlantic have come together to investigate for the first time in a broad interdisciplinary collaboration the nexus of these interactions in view of current and future challenges to German American relations **100 Years After**, 1958 *Manifest Destiny and the Coming of the Civil War, 1840-1861*, 1970 *Wisconsin Magazine of History* Milo Milton Quaife, Joseph Schafer, Edward Porter Alexander, 1963 **Conflict and Compromise** Raymond B. Blake, Jeffrey A. Keshen, Norman J. Knowles, Barbara J. Messamore, 2017-05-18 Driven by its strong narrative *Conflict and Compromise* presents Canadian history chronologically allowing a better understanding of the interrelationships between events Its main objective is to demonstrate that although Canadian history has been marked by cleavages and conflicts there has been a continual process

of negotiation and a need for compromise which has enabled Canada to develop into arguably one of the most successful and pluralistic countries in the world The authors have drawn from all genres characterizing the present state of Canadian historiography including social military cultural political and economic approaches In doing so their aim is to challenge readers to engage with debates and interpretations about the past rather than simply to study for an exam The first volume begins with the history of Canada s Indigenous inhabitants prior to the arrival of Europeans and ends with the nation building project that got underway in 1864 The book is illustrated with over 50 images maps and figures all designed to support its mission to provoke intellectual curiosity

Between Extremes Jack Furniss,2024-11-06 Between 1861 and 1865 northern voters fortified Abraham Lincoln s administration as it oversaw the end of the institution of slavery and an unprecedented expansion in the size and scope of the federal government Since the United States never considered suspending the democratic process during the Civil War these revolutionary developments indeed the entire war effort depended on ballots as much as bullets Why did civilians who at the start of the conflict had not anticipated or desired these transformations to their society nonetheless vote to uphold them Jack Furniss s *Between Extremes* proposes an answer to this question by revealing a potent strand of centrist politics that took hold across the Union and provided the conservative rationales that allowed most northerners to accept the war s radical outcomes

Battle Cry of Freedom James M. McPherson,1988-06-16 Vol 6

All the Powers of Earth Sidney Blumenthal,2019-09-03 Lincoln s incredible ascent to power in a world of chaos is newly revealed in this compelling original and elegantly written Michael Beschloss New York Times bestselling author third volume of the magisterial The New York Times Book Review Political Life of Abraham Lincoln series following *A Self Made Man* and *Wrestling with His Angel* After a period of depression that he would ever find his way to greatness Lincoln takes on the most powerful demagogue in the country Stephen Douglas in the debates for a senate seat He sidelines the frontrunner William Seward a former governor and senator for New York to cinch the new Republican Party s nomination *All the Powers of Earth* is the political story of all time Lincoln achieves the presidency by force of strategy of political savvy and determination This is Abraham Lincoln who indisputably becomes the greatest president and moral leader in the nation s history But he must first build a new political party brilliantly state the anti slavery case and overcome shattering defeat to win the presidency In the years of civil war to follow he will show mightily that the nation was right to bet on him He was its preserver a politician of moral integrity *All the Powers of Earth* is as essential as any political biography is likely to be and Sidney Blumenthal is the definitive chronicler of Lincoln s political career Kirkus Reviews starred review

Lincoln and McClellan at War Chester G. Hearn,2012-11-05 At the beginning of the Civil War President Abraham Lincoln and his highest ranking general George B McClellan agreed that the United States must preserve the Union Their differing strategies for accomplishing that goal however created constant conflict In *Lincoln and McClellan at War* Chester G Hearn explores this troubled relationship revealing its complexity and showing clearly why the two men both

inexperienced with war eventually parted ways A staunch Democrat who never lost his acrimony toward Republicans including the president McClellan first observed Lincoln as an attorney representing the Illinois Central Railroad and immediately disliked him This underlying bias followed thirty five year old McClellan into his role as general in chief of the Union army Lincoln a man without military training promoted McClellan on the advice of cabinet members and counted on Little Mac to whip the army into shape and end the war quickly McClellan comported himself with great confidence and won Lincoln's faith by brilliantly organizing the Army of the Potomac Later however he lost Lincoln's trust by refusing to send what he called the best army on the planet into battle The more frustrated Lincoln grew with McClellan's inaction the more Lincoln studied authoritative works on military strategy and offered strategic combat advice to the general McClellan resented the president's suggestions and habitually deflected them Ultimately Lincoln removed McClellan for what the president termed the slows According to Hearn McClellan's intransigence stemmed largely from his reluctance to fight offensively Thoroughly schooled in European defensive tactics McClellan preferred that approach to fighting the war His commander in chief on the other hand had a preference for using offensive tactics This compelling study of two important and diverse figures reveals how personality and politics prolonged the Civil War *The Journal of Southern History* Wendell Holmes Stephenson, 1962 Includes section Book reviews **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries, 1979 *Cincinnati during the Civil War* Louis Leonard Tucker, 1962
