Paths To Marriage Family Studies Text Series:

Paths to Marriage Bernard I. Murstein, 1986-04 A concise research oriented textbook which traces individuals from the time they meet to the point when they decide to marry It starts with a brief history of theories of marital choice noting how these have changed since the 19th century Next the social cultural determinants of marital choice are considered including age birth order education ethnicity physical attractiveness socioeconomic class sex drive propinquity race and religion Dating and courtship are considered first from a historical framework then from a developmental one and finally from a tactical one what tactics are most successful in wooing flattery playing hard to get etc Going steady engagement cohabitation and breakup are covered as well as a comprehensive review of love Also extra dyadic factors pushing the individuals toward marriage are analyzed including readiness to marry parental and friend network influences job and critical incidents Following are the theories of marital choice focusing on the interactions between the members of couples These include Freud's psychoanalytic theory Winch's complementary needs theory Center's instrumental theory Kerckhoff and Davis filter theory and Murstein's stimulus value role theory which combines exchanges and filter approaches The strength and weakness of each theory are carefully spelled out Finally the data on marital choice are summarized and future trends are predicted

Family Research Methods Brent C. Miller, 1986-04 Marketing research students starting with this book or one written on the same model would be better able to master the more detailed and comprehensive material in the basic marketing research text Journal of Marketing Research A long history of research on the family has led to ever more sophisticated methods for studying this unique social institution Yet few family researchers have attempted to synthesize the methodological techniques used for students of family science Brent Miller's concise book Family Research Methods does just that Miller describes the entire research process from research design through data collection sampling and data analysis to explain to graduates and undergraduates alike just how family research is done While many of the methods are shared with the other social sciences Miller's work highlights specific family techniques and demonstrates family related applications This brief volume can be used to introduce students in family fields to the research process or to supplement more traditional methods textbooks by providing a family focus

The Marriage and Family Experience Bryan Strong, Christine DeVault, Theodore F. Cohen, 2008 THE MARRIAGE FAMILY EXPERIENCE is a realistic look at relationships today These experienced authors will help you see and understand the underlying issues at work in marriages families and all kinds of relationships Real life cross cultural examples and features that encourage you to look deeper at yourself make the Tenth Edition accessible and compelling_ this is a book you can relate to and one you will want to read The book presents the latest information on adoptive parenting childbearing patterns gay and lesbian families the meaning of virginity gender roles and sexuality communication and conflict resolution the influence of popular culture and working families With thorough and compelling coverage of all kinds of today's families and relationships the book dispels myths about gender differences and

Kephart,Davor Jedlicka,1988 **Sociological Abstracts** ,1988 *Becoming A Parent* Ralph LaRossa,1986-04 LaRossa explores the experience of parenthood from a sociological perspective He starts from the premise that parenthood is a social construct that parenthood is a social institution and that parental perceptions of their roles are socially defined LaRossa then examines how and why the meaning of parenthood has been redefined over time how the experience of parenthood differs between the sexes and how this difference has evolved **Family Stress Management** Pauline Boss,1988-04 Rather than emphasizing the problems themselves this volume examines the prevention of family problems that are caused by stress It helps readers understand the process of recognizing and managing events and situations that cause high stress in families and why some families go under and some survive in a context of change and tension The first book length synthesis of current research on family stress this unique text provides students with a basic understanding of where the field is today and speculates on the focus of future research it is invaluable for classes in family studies marriage family therapy and related courses **Remarriage** Marilyn Ihinger-Tallman,Kay Pasley,1987 Rates of divorce and remarriage have risen dramatically worldwide Rates of redivorce are even higher Considering the scale of the problem it is surprising that remarriage has only recently been studied In this first text on the process and problems of remarriage the authors briefly and clearly synthesize research They discuss the stresses underlying remarriage and consider their implications for future research and therapy **Work and Family Life** Patricia Voydanoff,1987-05 Voydanoff examines the constraints and benefits of changing patterns of work and family life and discusses their implications for individuals families and work organizations She focuses on the contemporary social and political issues brought on by the increasing numbers of women entering the workforce part time work unemployment child care and the impact of dual wage earners on marriage the family the individual and the workplace *Families and Health* W. J. Doherty,Thomas L. Campbell,1988-04 Families and Health is the first textbook to present an overview of the research on the relationship between families and health placing an emphasis on common family patterns related to health and illness and interactions between families and the health care system The volume includes discussions of family experiences with health promotion and risk reduction vulnerability and illness onset illness appraisal acute response and adaptation to illness Separate chapters address each of these situations in relation to such areas as cardiovascular disease cancer diabetes and bereavement

Humor ,2003 **Working Women and Their Families** Jacqueline V. Lerner,1994 With so many of today s mothers employed in the workforce this concise volume considers the impact that this dual role has both on the mothers themselves and their children The author examines the complex issue of children s social emotional and intellectual development indicating the various factors which can influence child development including age sex temperament family wealth or poverty father s attitudes and the quality of child care **Divorce** Sharon J. Price,Patrick C. McKenry,1988-04 Abstract This text
