Merrell-Wolff Dave Vliegenthart, 2018-01-16 In *The Secular Religion of Franklin Merrell Wolff An Intellectual History of Anti intellectualism in Modern America* Dave Vliegenthart offers an account of the life and teachings of the modern American mystic Franklin Merrell Wolff 1887 1985 who combined secular and religious sources from eastern and western traditions in order to elaborate and legitimate his metaphysical claim to the realization of a transcendental reality beyond reason Using Merrell Wolff as a typical example of a modern western guru Vliegenthart investigates the larger sociological and historical context of the ongoing grand narrative that asserts a widespread anti intellectualism in modern American culture exploring developments in religious philosophical and psychological discourses in North America from 1800 until the present

Naked Spirit Jon Whale, 2008 **Talking to the Dead** Nina Witoszek, Pat Sheeran, 2022-02-22 *Talking to the Dead* is an essay on death and its tenacious hold on Irish culture There are few traditions in which funerary motifs have been so ubiquitous in literature popular rituals folk representations public rhetorics even constructions of place There are even fewer cultures in which funerary genres and preoccupations constitute the central thread of continuity *The Irish Theatrum Mortis* is not simply an obsession of writers from the bards to Beckett and Heaney Nor is it confined to contemporary Republican iconography It is to be found in the pages of the local press in acts of ritual resistance to unpopular decisions in the way in which significant public events are narrated and framed Though the funerary Ireland presented here may well yield to the new positive self image of the Celtic Tiger it is the authors contention that at the end of the twentieth century the funerary sign continues to define Irish identity For good and ill it is the centre that holds *Shimmering Mirrors* Patrick
