particular areas of function encompassed by SWB Personal Meaning Aesthetics and Desire Mark Leffert looks at the importance of these factors in our positive experiences in everyday life and how they are manifested in clinical psychoanalytic work These domains of Being form the basis of chapters each comprising an interdisciplinary discussion integrating many strands of research and argument Leffert discusses how the areas interact with each other and how they come to bear on the care healing and cure that are the usual subjects of psychoanalytic treatment He also explores how they can be represented in contemporary psychoanalytic theory This novel work discusses and integrates research findings phenomenology and psychoanalytic thought that have not yet been considered together It seeks to inform readers about these subjects and demonstrates with clinical examples how to incorporate them into their clinical work with the negative helping patients not just to heal the negative but also move into essential positive aspects of living a sense of personal meaning aesthetic competence and becoming a desiring being that experiences Subjective Well Being Drawing on ideas from across neuroscience philosophy and social and culture studies this book sets out a new agenda for covering the positive in psychoanalysis Positive Psychoanalysis will appeal to psychoanalysts and psychotherapists neuroscientists and philosophers as well as academics across these fields and in psychiatry comparative literature and literature and the mind ,

Theological Analyses of the Clinical Encounter G.P. McKenny, J.R. Sande, 1994-02-28 Efforts to evaluate the clinical encounter in terms of autonomous agents governed by rationally justified moral principles continue to be criticised These essays written by physicians ethicists theologians and philosophers examine various models of the clinical encounter emerging out of these criticisms and explore the prospects they offer for theological and religious discourse Individual essays focus on the reformulation of covenant models revisions of principles approaches and topics such as power authority narrative rhetoric dialogue and alterity The essays display a range of conclusions about whether theology articulates generally accessible religious insights or is a tradition specific discipline Hence the volume reflects current debates in theology while analysing current models of the clinical encounter Students professionals and scholars who find themselves at the intersection of theology and medicine will welcome these voices in an ongoing conversation **Nursing Theories in**
