Patient Recruitment In Clinical Trials:

Reinventing Patient Recruitment Joan F. Bachenheimer, Bonnie A. Brescia, 2017-03-02 During the last five years clinical research and development costs have risen exponentially without a proportionate increase in the number of new medications While patient recruitment for clinical studies is only one component in the development of a new medicine or treatment it is one of the most significant bottlenecks in the overall drug development process Now it is imperative that industry leaders see beyond reactive measures and recognize that advancing their approach to patient recruitment is absolutely essential to advancing medicine and continuing the stability of their corporate brand across the globe Reinventing Patient Recruitment Revolutionary Ideas for Clinical Trial Success is a definitive guide to planning implementing and evaluating recruitment strategies and campaigns globally The combined experience of the authors provides a depth of perspective and boldness of innovative leadership to set the standards for future patient recruitment programs and practices This book is a must have for pharmaceutical biotechnology and medical device industry professionals concerned with enrolling for domestic and multinational clinical studies and remaining on time and on budget Patient Recruitment in Clinical Trials Bert Spilker, Joyce A.
