Making the patient-consumer Alex Mold,2015-07-01 Over the last fifty years British patients have been transformed into consumers This book considers how and why the figure of the patient consumer was brought into being paying particular attention to the role played by patient organisations Making the patient consumer explores the development of patient consumerism from the 1960s to 2010 in relation to seven key areas Patient autonomy representation complaint rights information voice and choice were all central to the making of the patient consumer These concepts were used initially by patient organisations but by the 1990s the government had taken over as the main actor shaping ideas about patient consumerism This volume is the first empirical historical account of a fundamental shift in modern British health policy and practice The book will be of use to historians public policy analysts and all those attempting to better understand the nature of contemporary healthcare

Citizens' health services AA. VV.,2012-06-13T00:00:00+02:00 1341 44 Towards the emancipation of patients Charlotte Williamson,2010-06-09 Despite a policy focus on involving patients in health care and increasing patient autonomy much covert coercion of patients takes place in everyday healthcare This book by a leading patient activist examines for the first time how the patient movement which works to improve the quality of healthcare can actually be considered an emancipation movement when led by its radical elements In this highly original book the author argues that radical patient groups and individual activists who repeatedly challenge or oppose some standards in healthcare can be seen as working in the direction of freeing patients from coercion and from its associated injustice and inequality Combining new academic theory with rich empirical evidence the book explains how looking at healthcare from an emancipatory perspective could improve its quality as patients experience it It will appeal to health professionals managers patient activists policy makers and others concerned with the quality of healthcare

Annette O'Connor Emeritus Professor University of Ottawa Canada

Committed doyenne Coulter writes superbly about patients as the greatest untapped resource in healthcare At a time when health services face so many challenges across the globe there are solutions here that need urgent attention

Professor Glyn Elwyn BA MB BCh MSc FRCGP PhD Director of Research Department of Primary Care and Public Health Clinical Epidemiology IRG Cardiff University UK

While politicians pay increasing obeisance to the notion of patient centred care patients often experience a service built around the needs of healthcare organisations and professionals The challenge is to translate the often woolly rhetoric of no decision about me without me into practical steps that improve the quality of care and keep it affordable as cost pressures mushroom Those who are serious about taking on this challenge could do no better

than study Dr Coulter's crisp and cogent overview of the theory evidence and practice of patient engagement Jeremy Taylor Chief Executive National Voices *Health and Citizenship* Frank Huisman, Harry Oosterhuis, 2015-10-06 This collection of essays looks at issues of health and citizenship in Europe across two centuries Contributors examine the extent to which the state can interfere with the private lives of its citizens the role of individual responsibility and if any boundary occurs in terms of what the state can realistically provide **From Psychiatric Patient to Citizen** Liz Sayce, 1999-12-07 This book proposes theoretical models and practical strategies for tackling the widespread social exclusion faced by people diagnosed mentally ill Based primarily on research in the US and UK but with reference to other international examples it analyses evidence of discrimination and the effectiveness of different remedies disability discrimination law work to re frame media and cultural images grassroots inclusion programmes challenges to the nimby factor It places the growing user survivor and disability movements as central to achieving any radical change **Patients, Power and Responsibility** John Spiers, 2003 Care pathways are being developed throughout the health service to improve the quality and effectiveness of care Are they being developed efficiently and making the most of the latest clinical computing systems This is the first practical guide on how Information Technology and systems methods can support the development implementation and maintenance of e Pathways Case studies throughout highlight team approaches to facilitation clinical knowledge management process analysis and redesign and computerisation providing insights into how e Pathways can be used to support high quality patient care The information is presented in an easy to read style and requires no prior knowledge of IT systems Doctors nurses and managers throughout primary and secondary care as well as healthcare information technology specialists and suppliers will find this to be essential reading An accompanying CD ROM includes supplementary information providing useful website links and additional material on specific topic areas **Patient Citizens, Immigrant Mothers** Alyshia Galvez, 2011-09-08 According to the Latina health paradox Mexican immigrant women have less complicated pregnancies and more favorable birth outcomes than many other groups in spite of socioeconomic disadvantage Alyshia Galvez provides an ethnographic examination of this paradox What are the ways that Mexican immigrant women care for themselves during their pregnancies How do they decide to leave behind some of the practices they bring with them on their pathways of migration in favor of biomedical approaches to pregnancy and childbirth This book takes us from inside the halls of a busy metropolitan hospital's public prenatal clinic to the Oaxaca and Puebla states in Mexico to look at the ways Mexican women manage their pregnancies The mystery of the paradox lies perhaps not in the recipes Mexican born women have for good perinatal health but in the prenatal encounter in the United States Patient Citizens Immigrant Mothers is a migration story and a look at the ways that immigrants are received by our medical institutions and by our society **Patient Power** John C. Goodman, Gerald Musgrave, 1992-10-01 Argues for a health care system that would restore power and responsibility to the individual consumer and taking it out of the hands of government and insurance companies
