fashion or commerce The foundation of Trinity College in 1592 was a landmark event but the city did not really develop until the long peace of the eighteenth century Then the series of fine wide Georgian streets and noble public buildings that are Dublin s greatest boast were built A semi autonomous parliament of the Anglo Irish elite provided a focus for social life and the city flourished The Act of Union of 1800 saw Ireland become a full part of the metropolitan British state a situation not reversed until 1922 The Union years saw Dublin decline Fine old houses were gradually abandoned by the aristocracy and became hideous tenement warrens The city missed out on the Industrial Revolution By the time Joyce immortalised it it had become the centre of paralysis in his famous phrase Independence restored some of its natural function but there was still much poverty and shabbiness The 1960s boom proved to be a false dawn Only since the 1990s has there been real evidence of a city reinventing and revitalising itself
