**Patriots and Tyrants (Classic Reprint)** Marion Florence Lansing,2015-06-30 Excerpt from Patriots and Tyrants History has no period which makes a more vivid appeal to the young reader than the thousand years which we call the Middle Ages The mediaeval world is just such a world as he would like to live in where knights ride off on crusades and kings wander out from their palaces in disguise where heroes sail away to explore unknown seas and gay cavaliers sally forth to tournament and

joust It requires no effort to interest boys and girls in this part of history They turn to it with the enthusiasm with which they seize fairy tales and legends of chivalry and romance and find in its reality a satisfying response to the desire for a true story The child's interest being assured the problem is to make this interest of use in the process of his education The purpose of this series is to relate this fascinating and heroic past to the present by telling the stories from the point of view of the contribution of the Middle Ages to the world of today The heroes gain a new importance and the stories a new meaning by this treatment Who the mediaeval builders were may be seen by the titles of the following books which make up the series Barbarian and Noble Patriots and Tyrants Kings and Common Folk Craftsman and Artist Cavalier and Courtier Sea Kings and Explorers About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Essay** Tim I. Peace,2018-03-01 THE SECOND IT WAS AMENDED IN 1791 Thomas Jefferson as Secretary of State certified the Bill of Rights But what were the events that culminated into that second it was incorporated into the constitution In other words what were the prevailing thoughts of that epoch that lead to the enactment of a law as contentious as the Second Amendment And furthermore what is the greater implication of this The then embryo nation was conceived in an era of vociferous noises of what it meant for a man to be free This movement is a peculiar one in the Enlightenment era However must we bear and keep arms to enjoy the liberties a liberal society has to offer At the heart of this book is the examination of the ideals of what rights are and the justified efforts to secure them Since the days of Socrates these have been debated Notwithstanding that was eons ago The most important element of all rights enumerated by law or intrinsically endowed is that one mans right must not encroach on anothers rights are not a zero sum game Therefore leaving the Enlightenment time behind and the classical era of Athens philosophy we must now be ready to challenge old assumptions while learning from them and establishing fitting ethos for this generation
