Patrology The Beginnings Of Patristic Literature From The Apostles Creed To Irenaeus:

Patrology Johannes Quasten, 2005-02-01 A monumental work that presents a solid introduction to early Christian literature to the English reading public It is the first work of its kind written originally in English Reviewers were unanimous in heaping praise upon the publication and looking upon it as a breakthrough in studying the Fathers of the Church

Pedagogy in Ancient Judaism and Early Christianity Karina Martin Hogan, Matthew Goff, Emma Wasserman, 2017-06-30 Engage fourteen essays from an international group of experts There is little direct evidence for formal education in the Bible and in the texts of Second Temple Judaism and early Christianity At the same time pedagogy and character formation are important themes in many of these texts This book explores the pedagogical purpose of wisdom literature in which the concept of discipline Hebrew *musar* is closely tied to the acquisition of wisdom It examines how and why the concept of *musar* came to be translated as *paideia* education enculturation in the Greek translation of the Hebrew Bible Septuagint and how the concept of *paideia* was deployed by ancient Jewish authors writing in Greek The different understandings of *paideia* in wisdom and apocalyptic writings of Second Temple Judaism are this book's primary focus It also examines how early Christians adapted the concept of *paideia* influenced by both the Septuagint and Greco Roman understandings of this concept Features A thorough lexical study of the term *paideia* in the Septuagint Exploration of the relationship of wisdom and Torah in Second Temple Judaism Examination of how Christians developed new forms of pedagogy in competition with Jewish and pagan systems of education **Irenaeus on the Trinity** Jackson

Lashier, 2014-09-18 In *Irenaeus on the Trinity* Jackson Lashier provides a fresh reading of Irenaeus' understanding of God in dialogue with his opponents and sources which reveals a more developed Trinitarian theology than traditionally thought Key Trinitarian themes that emerge are the Fatherhood of God the mutual indwelling relations of Father Son and Spirit and the cooperative divine work of all three in the economy The study finds Irenaeus thought to depart in these areas from standard second century trajectories Apologists and Gnostics moving Trinitarian theology in the direction of more developed Trinitarian thought of later centuries This monograph offers not only a better understanding of Irenaeus' thought but also a fuller picture of the development of Trinitarian thought in early Christianity **The Beginnings of Christianity** Howard

Clark Kee, 2005-11-22 To understand the historical beginnings of Christianity requires one not only to examine the documents that the movement produced but also to scrutinize other evidence historical literary and archaeological that can illumine the socio cultural context in which Christianity began and how it responded to the influences that derived from that setting This involves not only analysis of the readily accessible content of the relevant literary evidence but also attention to the world views and assumptions about reality that are inherent in these documents and other phenomena that have survived from this period Attention to the roles of leadership and the modes of formation of social identity in Judaism and the continuing influence of these developments as Christianity began to take shape is important for historical analysis

Distinguished New Testament scholar Kee performs such readings of the texts and communities in this dazzling study of early Christian origins In methodological terms the historical study of Christian Origins in all its diversity must involve three different modes of analysis 1 epistemological 2 sociological and 3 eschatological The first concerns the way in which knowledge and communication of it were perceived The second seeks to discern the way in which the community or tradition preserving and conveying this information defined its group identity and its shared values and aims The third focuses on the way in which the group understood and affirmed its ultimate destiny and that of its members in the purpose of God These factors are interrelated and features of one mode of perception strongly influence details of the others but it is useful to consider each of them in its own category in order to discern with greater precision the specific historical features of the spectrum of facets which appear in the evidence that has survived concerning the origins of Christianity

The Tyranny of Time? D. Jeffrey Bingham,2024-12-02 In a day fascinated with questions of historiography and with explicating a distinctive Christian philosophy of time and history Henri Charles Puech s 1950s work on Gnosis and time found an audience Studying four second century texts he marked as Gnostic he argued for the Gnostic anti cosmic anti historical pessimism about existence within the tyrannical temporal world of bondage and error Bliss and truth were otherworldly and atemporal This book reassesses Puech s argument by analysis of the writings undergirding his sample and a wide array of second century Christian and Gnostic Christian texts that display not the Gnostic view as if there were one but a broader second century theological discussion regarding time world and knowledge manifesting a spectrum of perspectives A review of past and present scholarly discourse that evoked discussions of Gnosticism and anti cosmism and informed Puech s thesis begins the volume along with study of his own thesis A discussion of the academy s reception of Puech then follows The close reading of early pertinent texts forms the heart of the work arguing for eight discernible models of history time and world that arose within the second century intellectual debate

[Early Christian Readings of Genesis One](#) Craig D. Allert,2018-07-24 Do the writings of the church fathers support a literalist interpretation of Genesis 1 Young earth creationists have maintained that they do But are we correctly representing the Fathers and their concerns This study from Craig Allert resets our understanding of early Christian interpretation and considers whether contemporary evangelicals may be more bound to modernity in our reading of Genesis 1 than we realize

A Journey to the High Places

Christopher Felix Bezzina, 2012-12-24. Since his existence, the human being has explored various ways in his quest for God. Part of this search is related to humanity's yearning for true harmony and joy in the world. Christian spirituality as a unique spirituality one encounters today imparts various ways one can respond to this longing. One of these ways is through allegorical narratives. Specifically, this study analyzes the spirituality of Hannah Hurnard 1905-1990 by intertextually perusing her most famous allegorical narrative, *Hinds Feet on High Places*. *A Journey to the High Places* is divided into four chapters. In chapter 1, the allegorical narrative is subjectively considered in all its aspects and the central themes are expressed without any reference to other secondary connections. Chapter 2 analyzes the allegorical narrative by relating this narrative with other material that Hannah Hurnard published. These other narratives provide the tools which Hannah employed in the composition of this allegorical narrative. Thus, chapter 2 presents an intertextual analysis between her other publications and *Hinds Feet on High Places*. Likewise, chapter 3 presents another intertextual analysis between the many biblical abstracts and their relation to the narrative in the hope of showing her biblical interpretations. Several spiritual themes that emerged from the preceding chapters are discussed in chapter 4, presenting a consistent spirituality. In presenting the themes, one notes that the strong points and weaknesses of Hannah's spirituality are related to other Christian spiritual traditions. In order to conduct a comprehensive study, the introductory section of this study deals with the significance of allegory and spirituality.

A Defense of Free Will Against Luther

St John Fisher, 2025-02-07. Lord Acton said that of all the works written against Martin Luther in the beginning of the Reformation, Bishop John Fisher of Rochester's *Assertionis Lutheranae Confutatio* of 1523 was the most important. Oddly enough, this massive work of Catholic apologetics, composed in Latin, has never been rendered into the English language. It contains Fisher's detailed responses to all forty-one articles defended by Martin Luther against the censures of Pope Leo X found in the bull *Exsurge Domine* 1520. In this volume, Thomas Scheck presents for the first time in English translation, introduced and annotated, Fisher's Preface to the Reader, Ten Truths, and the most important single article found in Fisher's *Confutation*, namely his *Confutation of Luther's Assertion of Article 36* in which Fisher defends the existence of free will against Luther's claim that free will is a fiction with no reality.

Fisher's reply is thoroughly grounded in Scripture and in the interpretation of Scripture found in the ancient Fathers of the Church. Interestingly to defend free will he makes abundant use of Augustine, Origen, Jerome, Tertullian, and John Chrysostom. Luther's controversy with the Catholic Church over free will is well known today from his debate with Erasmus of Rotterdam, which is easily accessible in English. Less well known is the fact that Bishop John Fisher's reply to Luther preceded Erasmus's by one year and was used extensively by Erasmus himself in arguing against Luther's positions. Also noteworthy is that Bishop John Fisher's particular response to Luther was well known to the bishops and theologians at the Council of Trent 1545-1563 and appears to have influenced the formulation of Catholic dogma in the Decree on Justification where free will is affirmed and the power of human resistance recognized. Bishop John Fisher was canonized along with St. Thomas More in 1935, 400 years after their bloody martyrdoms under King Henry VIII. Their mutual feast day is on June 22. Honor, Shame, and the Gospel Christopher Flanders, Werner Mischke, 2020-10-27. An honorific Gospel: Biblically Faithful, Culturally Relevant. Christians engaged in communicating the gospel navigate a challenging tension: faithfulness to God's ancient revealed Word and relevance to the local current social context. What if there was a lens or paradigm offering both? Understanding the Bible, particularly the gospel through the ancient cultural language of honor/shame, offers believers this double blessing. In Honor, Shame, and the Gospel, over a dozen practitioners and scholars from diverse contexts and fields add to the ongoing conversation around the theological and missiological implications of an honorific gospel. Eight illuminating case studies explore ways to make disciples in a diversity of social contexts: for example, East Asian rural, Middle Eastern refugee, African tribal, and Western secular urban. Honor, Shame, and the Gospel provides valuable resources to impact the ministry efforts of the church locally and globally. Linked with its ancient honor/shame cultural roots, the gospel paradoxically is ever new, offering fresh wisdom to Christian leaders and optimism to the church for our quest to expand Christ's kingdom and serve the worldwide mission of God.

Worship, Music, and Interpretation Wendy J. Porter, 2024-09-30. This unique volume brings together wide-ranging research that could only be written by someone singularly expert in the full range of Christian worship and music from ancient to modern. These essays by Wendy Porter span eras and areas of study from the New Testament to the present and encompass an expansive view of worship, music, and liturgy. Some focus on what is known or not about early Christian worship, including the early creeds and hymns in the New Testament and whether music originated in Jewish or Greco-Roman contexts. Some introduce firsthand work on ancient liturgical manuscripts, such as a sixth-century manuscript by hymnwriter and preacher Romanos Melodus or a tenth-century ekphrastic liturgical manuscript. Extending her research on sixteenth-century English composers as musical interpreters, Porter includes several papers on how musicians have functioned as theological interpreters in worship and music. One chapter engages theological comparisons between well-known compositions by Bach, Beethoven, and Stravinsky; another creatively explores what contemporary worship leaders can learn from sixteenth-century songwriter and worship leader William Byrd; while others invite thoughtful reflection.

on what we can all learn if we stop to consider how Christians have functioned and fared in their worship through the centuries *Building on the Ruins of the Temple* Adam Gregerman,2016-06-28 In the immediate centuries after the Romans destruction of Jerusalem and its Temple in 70 CE Jews and Christians offered contrasting religious explanations for the razing of the locus of God s presence on earth Adam Gregerman analyzes the views found in three early Christian texts Justin s Dialogue with Trypho Origen s Contra Celsum and Eusebius Proof of the Gospel and one rabbinic text the Midrash on Lamentations all of which emerged in the same place the land of Israel and around the same time the first few centuries after 70 The author explores the ways they interpret the destruction in order to prove in the case of Christians or make it impossible to disprove in the case of the Jews that their community is the people of God He demonstrates the apologetic and polemical functions of selected explanations for claims to the covenant made by one community excluded those made by the other **Jesus Christ as Ancestor** Reuben Turbi Luka,2019-08-31 In this critical study Dr Turbi Luka uses historical theological methodology to engage in detail with Christologies of key African theologians and conventional theological sources for Christology including the church fathers Tertullian and Athanasius as well as modern theologians Turbi argues that existing African Christologies specifically ancestor Christologies are inadequate in expressing the person of Christ as Messiah and saviour the fulfilment of Old Testament prophecies Providing a new approach Turbi proposes an African

Linguistic Affinity Christology that explicitly portrays Jesus as Christ in a contextually relevant way for Africans in everyday life This crucial study highlights the need for biblically rooted Christology and for sound theological understanding and naming of Jesus at every level This book also warns the church in Africa and elsewhere to avoid repeating the dangerous christological heresies of the ancient church by remaining faithful to a biblical interpretation and orthodox theology of Christ

This Is the Sun?: Zeitgeist and Religion (Volume I: Comparative Religion) Albert McIlhenny,2011-12-07 The film Zeitgeist became an overnight internet sensation with its claims Christianity was based upon a pagan solar mythology This idea developed in the eighteenth century but dismissed as ridiculous by scholars has held support among anti religious and occultic thinkers and recently was popularized by conspiracy theorists In the first of a two volume critique of these ideas Albert McIlhenny takes on the claims of its best known supporters By the end of this volume the theory of astrotheology is shown to be based on various historical mistakes popular in early modernity but since shown to be erroneous It is demonstrated the source of its current support is not based upon any evidence but the wild claims of conspiracy theorists dressed up to look like scholarship **Infinity Dwindled to Infancy** Edward T. Oakes,2011-07-06 At the heart of all

Catholic theologians and recent magisterial statements from Vatican II Edward T Oakes presents two millennia of thinking on one of the great paradoxes at the heart of Christian faith an infinite God who is finite man in short Infinity dwindled to infancy Vatican II Matthew L Lamb,Matthew Levering,2008-04-30 From 1962 to 1965 in perhaps the most important religious event of the twentieth century the Second Vatican Council met to plot a course for the future of the Roman Catholic Church After thousands of speeches resolutions and votes the Council issued sixteen official documents on topics ranging from divine revelation to relations with non Christians In many ways though the real challenges began after the council was over and Catholics began to argue over the interpretation of the documents Many analysts perceived the Council s far reaching changes as breaks with Church tradition and soon this became the dominant bias in the American and other media which lacked the theological background to approach the documents on their own terms In Vatican II Renewal Within Tradition an international team of theologians offers a different reading of the documents from Vatican II The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II s documents are a development from an established antecedent in the Roman Catholic Church Each chapter contextualizes Vatican II teachings within that rich tradition The resulting book is an indispensable and accessible companion to the Council s developments one that focuses on theology and transcends the mass media storyline of liberal versus conservative **Meeting God in the Other** Alina Patru,2020-03-04 The present volume unites 44 studies to honor Prof Dr Dorin Oancea Romanian Orthodox theologian and religious studies scholar well known as a bridge builder between Eastern and Western Christian Traditions The manifold studies reflect upon the fundamentals of interfaith and inter confessional openness offer insightful examples from past and present or point to the loci where this openness can and should be achieved today A meaningful collection for all those interested in present day ecumenical theology in inter confessional studies or theology of religions
