An Examination of the Theme of Discipleship in The Seven Churches of Revelation Steve L. Roy, 2021-09-15 Go and make disciples Our command is clear our mission is given But what exactly is a disciple and what does discipleship really mean In An Examination of the Theme of Discipleship in the Seven Churches of Revelation Dr Steve Roy takes the reader to the book of Revelation and to the specific letters from Jesus Christ himself These letters help the reader to discover dramatically important conclusions as to what discipleship is and what it means to be a disciple Through each of the letters to the seven churches Jesus follows a particular pattern of discipleship and applies it to the specific churches in western Asia Minor These patterns and instructions are just as relevant for us today as they were when John the Revelator sent them This book is written for the person who wants to take discipleship seriously and for the pastor who stands before his congregation weekly with the purpose of making disciples

The Meaning of "Make Disciples" in the Broader Context of the Gospel of Matthew Lindsay D. Arthur, 2022-05-09 Students of the Bible are generally comfortable with their understanding of the command make disciples Matt 28 19 Indeed most of them would argue that the Gospel writer Matthew spells out very clearly the meaning of the term in the Great Commission Matt 28 16 20 by utilizing three key words viz go ing baptizing and teaching This point of view is the result of centuries of scholarly opinion that has looked primarily if not solely to these three adjacent participles of make disciples Matt 28 19 and not to the entire Gospel of Matthew for the meaning of the command This book does not suggest that going baptizing and teaching are not to be considered in determining the essence of Christian disciple making Rather it contends that the three terms should not be our only source of meaning This problem is tackled herein by demonstrating that Matthew establishes a framework within the

Great Commission itself that points to a fuller meaning of make disciples in the broader context of his Gospel and that the Gospel writer expects his reader to draw on his entire Gospel to grasp the full meaning of this important command

Images of Salvation in the New Testament Brenda B. Colijn, 2010-10-05 The New Testament does not develop a systematic doctrine of salvation writes Brenda Colijn Instead it presents us with a variety of pictures taken from different perspectives Students of the New Testament and of theology will both find their vision broadened and their understanding deepened by this rich informative study As the author seeks to understand their implications for people of faith she uncovers how New Testament images provide the building blocks of the master story of redemption

Christology and Discipleship in John 17 Marianus Pale Hera, 2013 Using the method of literary critical analysis to read the Johannine narrative Marianus Pale Hera underlines the profound relationship between the Johannine Christology and the Gospel's teaching on discipleship A narrative reading of selected passages from chapters 1-12 of John the prologue Jesus first disciples the first sign at Cana the man born blind and the I Am sayings indicates John's tendency to present christological teaching that leads to teaching on discipleship The reading of these passages also identifies the elements that indicate the christological character of Johannine discipleship The author's exegesis of John 17 confirms that John's teaching on Christology and discipleship are intimately interrelated to each other All the elements that indicate the christological character of discipleship are on display in John 17 The author concludes that Christology which is the center and heartbeat of John's thought is not an end in itself but leads to discipleship The twofold message of Christology and discipleship is a distinctive Johannine trait

Dictionary of Jesus and the Gospels (2nd edn) J B GREEN, J BROWN, N PERRIN, 2020-05-21 The Dictionary of Jesus and the Gospels is unique among reference books on the Bible the first volume of its kind since James Hastings published his Dictionary of Christ and the Gospels in 1909 In the more than eight decades since Hastings our understanding of Jesus the Evangelists and their world has grown remarkably New interpretive methods illumined the text the ever changing profile of modern culture has put new questions to the Gospels and our understanding of the Judaism of Jesus's day has advanced in ways that could not have been predicted in Hastings's day But for many readers of the Gospels the new outlook on the Gospels remains hidden within technical journals and academic monographs The Dictionary of Jesus and the Gospels bridges the gap between scholars and those pastors teachers students and lay people desiring in depth treatment of select topics in an accessible and summary format The topics range from cross sectional themes such as faith law Sabbath to methods of interpretation such as form criticism redaction criticism sociological approaches from key events such as the birth temptation and death of Jesus to each of the four Gospels as a whole Some articles such as the Dead Sea Scrolls rabbinic traditions and revolutionary movements at the time of Jesus provide significant background information to the Gospels Others reflect recent and less familiar issues in Jesus and Gospel studies such as divine man ancient rhetoric and the chreiai Contemporary concerns of general interest are discussed in articles covering such topics as healing the demonic and the historical reliability of the

Gospels And for those entrusted with communicating the message of the Gospels there is an extensive article on preaching from the Gospels The Dictionary of Jesus and the Gospels presents the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialog with contemporary scholarship and challenges facing the church *Mimesis in the Johannine Literature* C. Bennema,2017-09-21 Mimesis is a fundamental and pervasive human concept but has attracted little attention from Johannine scholarship This is unsurprising since Johannine ethics of which mimesis is a part has only recently become a fruitful area of research Bennema contends that scholars have not yet identified the centre of Johannine ethics admittedly due to the fact that mimesis is not immediately evident in the Johannine text because the usual terminology for mimesis is missing This volume is the first organized study on the concept of mimesis in the Johannine literature The aim of the study is to establish that mimesis is a genuine Johannine concept to explain its particulars and to show that mimesis is integral to Johannine ethics Bennema argues that Johannine mimesis is a cognitive creative process that shapes the believer s identity and behaviour within the context of the divine family Besides being instrumental in people s moral transformation mimesis is also a vital mechanism for mediating the divine reality to people **Make Disciples!** Terry A. Bowland,1999 Let us make no mistake about it Evangelism is not simply learning Bible facts Evangelism is not simply understanding sociological information Evangelism is taking part in God s great work of redeeming the world through Christ It is to reach out and allow God s power and presence to extend into the lives of people through our daily lives When we increasingly become aware of God working within us the result will be joy joy in our daily tasks and joy in the lives we touch Wherever God s will is done the ultimate result for us will be joy **Ecclesia and Ethics** Edward Allen Jones III,John Frederick,John Anthony Dunne,Eric Lewellen,Janghoon Park,2016-05-19 Ecclesia and Ethics considers the subject of Ecclesial Ethics within its theological theoretical and exegetical contexts Part one presents the biblical theological foundations of an ecclesial ethic examining issues such as creation and Paul s theology of the Cross Part two moves on to examine issues of character formation and community Finally part three presents a range of exegetical applications which examine scripture and ethics in praxis These essays look at hot button issues such as the virtual self in the digital age economics and attitudes to war The collection includes luminaries such as N T Wright Michael J Gorman Stanley Hauerwas and Dennis Hollinger as well as giving space to new theological and exegetical voices As such Ecclesia and Ethics provides a challenging and contemporary examination of modern ethical debates in the light of up to date theology and exegesis **"You Will be My Witnesses"** R. Glenn Wooden,Timothy R. Ashley,Robert S. Wilson,2003 The publication of this volume celebrates thirty seven extraordinary years of teaching at Acadia Divinity College and more years than that of dedicated service to the church It is a joy to honor the lifetime service of Allison Trites for his ministry of teaching and service to the church His commitment to the work of Christ has been an encouragement to all of his colleagues fellow workers and students not to mention his fellow church

Moral Transformation Andrew J. Wallace,R. D. Rusk,2011 Recent scholarship has challenged post Reformation ideas about the early Christian doctrines of salvation This ground breaking book draws together the conclusions of recent scholarship into a compelling and clear view of the early Christian paradigm of salvation It presents the case that the early Christians focussed not on Christ s death on the cross or saving faith but on moral transformation They saw Jesus as God s appointed teacher prophet and leader who died as a martyr in order to teach them a new way of life Their paradigm of salvation centred upon this way of life taught by Jesus and on following faithfully his example and teachings Part 1 How the Gospels present Jesus explores the way in which the early Christians understood the teaching of Jesus It highlights five themes of Jesus message economics and wealth moral purity social equality the temple system and physical and spiritual affliction It shows why people viewed Jesus as a divinely appointed teacher prophet and leader and saw his death as a martyrdom for his cause and movement Part 2 Doctrines of the early Christians presents the key early Christian doctrines of

salvation and shows why several post Reformation doctrines conflict with their views It shows that the early Christians believed God's final judgment is made on the basis of character and conduct They believed that by following Jesus and transforming their lives morally they would obtain positive judgment and resurrection This part shows how the early Christians' ideas of faith justification forgiveness and grace all fit into this paradigm Part 3 The importance of Jesus looks at why the early Christians considered Jesus so significant they focussed on the moral transformation he brought to their lives This part highlights what they believed Jesus achieved for them and how they used sacrificial language to explain these beliefs It explores the evidence for viewing Jesus' death as a martyrdom and for seeing his resurrection as equally important Part 4 Ideas throughout history shows that Christians held this paradigm of salvation for several centuries It outlines the key changes that occurred from the 4th century through to the Reformation which moved tradition away from the early Christian ideas Finally it offers a critique of modern post Reformation doctrines of salvation
