Pattons GI Photographers:

Patton's GI Photographers Ralph Butterfield, 1992 **Darkness Visible** Charles Eugene Summers, 2010-06-28 The average GI in World War II carried a rifle had military support was committed to whatever action his unit was engaged in and often had time to rest and regroup before advancing Conversely the combat photographer had his camera a sidearm and a jeep was sent wherever there was fighting to document what was happening He often saw the worst of the war Charles Eugene Summers was a still photographer in the 166th Signal Photo Company and in *Darkness Visible* he offers his World War II memories some sad some happy many horrendous all life changing With the aid of many of his photographs reproduced in this book he remembers boot camp the trip overseas and events in France Germany Belgium and Luxembourg including the Battle of the Bulge while covering Patton's Third Army's field artillery infantrymen engineers the 10th Armored and the 6th Armored Other subjects include Hitler youth refugees labor camps POWs other combat photographers including his friend Russ Meyer and going back to Europe after the war **The Home Fronts of Iowa, 1939-1945** Lisa L. Ossian, 2009-10-16 As Americans geared up for World War II each state responded according to its economy and circumstances as well as the disposition of its citizens This book considers the war years in Iowa by looking at activity on different home fronts and analyzing the resilience of Iowans in answering the call to support the war effort With its location in the center of the country far from potentially threatened coasts Iowa was also the center of American isolationism historically Republican and resistant to involvement in another European war Yet Iowans were quick to step up and Lisa Ossian draws on historical archives as well as on artifacts of popular culture to record the rhetoric and emotion of their support Ossian shows how Iowans quickly moved from skepticism to overwhelming enthusiasm for the war and answered the call on four fronts farms factories communities and kitchens Iowa's farmers faced labor and machinery shortages yet produced record amounts of crops and animals even at the expense of valuable topsoil Ordnance plants turned out bombs and machine gun bullets Meanwhile communities supported war bond and scrap drives while housewives coped with rationing raised Victory gardens and turned to home canning *The Home Fronts of Iowa 1939-1945* depicts real people and their concerns showing the price paid in physical and mental exhaustion and notes the heavy toll exacted on Iowa's sons who fell in battle Ossian also considers the relevance of such issues as race class and gender particularly the role of women on the home front and the recruitment of both women and blacks for factory work taking into account a prevalent suspicion of ethnic groups by the state's largely homogeneous population The fact that Iowans could become loyal citizen soldiers forming an Industrial and Defense Commission even before Pearl Harbor speaks not only to the patriotism of these sturdy midwesterners but also to the overall resilience of Americans In unraveling how Iowans could so overwhelmingly support the war Ossian digs deep into history to show us the power of emotion and to help us better understand why World War II is consistently remembered as the Good War *Army Reserve Magazine* , **A WWII Combat Photographer's Story** Paula

Een Generaal in de** a Ingrid Baraitre,2006 **World War II in Literature for Youth** Patricia Hachten Wee,Robert James Wee,2004 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource **Patton's War** Kevin M. Hymel,2023-04-07 Winner of the 2023 Army Historical Foundation Distinguished Writing Award for Biography This second of three volumes of Patton's War picks up where the first one left off examining General George S Patton's leadership of the U S Third Army The book follows Patton's contributions to both the Normandy and Brittany campaigns the closing of the Falaise Pocket in Normandy and racing to the port cities in Brittany It ends with Patton and his corps rescuing the besieged town of Bastogne in the Battle of the Bulge As he did in the preceding volume Hymel relies not only on Patton's diaries and letters but countless veteran interviews surveys and memoirs He also provides a unique insight missed by previous Patton scholars Instead of using Patton's transcribed diaries which were heavily edited and embellished he consults Patton's original hand written diaries to uncover previously unknown information about the general This second volume of Hymel's groundbreaking work shows Patton at the height of his generalship successfully leading his army without the mistakes and caustic behavior that almost got him sent home earlier even if we also see a Patton still guided at times by racism and antisemitism **The Hearsts** William Randolph Hearst (Jr.),Jack Casserly,1991 Spotlighting the career of William Jr this fascinating memoir one that holds a mirror up to the American Century and an unforgettable family who did so much to define it tells the extraordinary story of the Hearsts and their empire More than 100 photographs *The Publishers Weekly* ,1990 *I Was with Patton* D.
