Music in the African American Church      Newport Gardner's Anthem Edward E. Andrews, 2025-10-15 Newport Gardner's Anthem explores the remarkable life of Occramer Marycoo an enslaved African who went on to become one of early America's most important Black leaders In the mid eighteenth century Marycoo was taken from West Africa to Newport Rhode Island where he was forced into racial bondage and given a name that symbolized the power that his new city and new enslaver held over him Newport Gardner In this powerful book Edward E Andrews pieces together newspaper articles church records letters and Gardner's own writings to tell the story of his life After acquiring his freedom via a winning lottery ticket in 1791 Gardner became a kind of Founding Father for Newport's free Black community He established and led several Black benevolent organizations that helped the community navigate the complicated waters of freedom as Rhode Island slowly began the process of emancipation He became a popular educator to young Black Newporters and also emerged as a key religious figure serving as a long standing pillar of Newport's First Congregational Church and later founding an independent Black church in the 1820s His final act was leading a group of about three dozen Black New Englanders to Liberia in hopes that a new start in Africa would be better than the discrimination they faced in America A richly textured account Newport Gardner's Anthem tells the story of a forgotten Black leader while exploring the new but tragically limited opportunities for formerly enslaved people in the post Revolutionary world      **African Americans in the Nineteenth Century** Dixie Ray Haggard, 2010-03-11 A revealing volume that portrays the lives of African Americans in all its variety across the entire 19th century combining coverage of the pre and post Civil War eras Uniquely inclusive African Americans in the Nineteenth Century People and Perspectives offers a wealth of insights into the way African Americans lived and how slave era experiences affected their lives afterward Coverage goes beyond well known figures to focus on the lives of African American men women and children across the nation battling the oppression and prejudice that didn't stop with emancipation while they tried to establish their place as Americans The book ranges from the African origins of African American communities to coverage of slave communities female slaves slave holder relations and freed persons Additional chapters look at African Americans in the Civil War Reconstruction and Jim Crow eras An alphabetically organized mini encyclopedia plus additional information sources round out this eye opening work of social history      **Patriots and Cosmopolitans** John Fabian Witt, 2007-02-28 Ranging from the founding era to Reconstruction from the making of the modern state to its post New Deal limits Witt illuminates the legal and constitutional foundations of American nationhood through the stories of five patriots and critics each of whom came up against the power of national institutions to shape the directions of legal change      Black Boston George Levesque, 2018-01-12 Between the Revolution and the Civil War non slave black Americans existed in the no man's land between slavery and freedom The two generations defined by these two titanic struggles for national survival saw black Bostonians struggle to make real the quintessential values of individual freedom and equality promised by the Revolution Levesque's richly detailed study fills a significant void in our understanding of the

formative years of black life in urban America Black culture Levesque argues was both more and less than separation and integration Poised between an occasionally benevolent sometimes hostile frequently indifferent white world and their own community black Americans were in effect suspended between two cultures

*The Common Wind* Julius S. Scott, 2020-09-01 Winner of the 2019 Stone Book Award Museum of African American History A remarkable intellectual history of the slave revolts that made the modern revolutionary era The Common Wind is a gripping and colorful account of the intercontinental networks that tied together the free and enslaved masses of the New World Having delved deep into the gray obscurity of official eighteenth century records in Spanish English and French Julius S. Scott has written a powerful history from below Scott follows the spread of rumors of emancipation and the people behind them bringing to life the protagonists in the slave revolution By tracking the colliding worlds of buccaneers military deserters and maroon communards from Venezuela to Virginia Scott records the transmission of contagious mutinies and insurrections in unparalleled detail providing readers with an intellectual history of the enslaved Though The Common Wind is credited with having opened up the Black Atlantic with a rigor and a commitment to the power of written words the manuscript remained unpublished for thirty two years Now after receiving wide acclaim from leading historians of slavery and the New World it has been published by Verso for the first time with a foreword by the academic and author Marcus Rediker

**Slavery and the Making of America** James Oliver Horton, Lois E. Horton, 2005 The history of slavery is central to understanding the history of the United States Slavery and the Making of America offers a richly illustrated vividly written history that illuminates the human side of this inhumane institution presenting it largely through stories of the slaves themselves Readers will discover a wide ranging and sharply nuanced look at American slavery from the first Africans brought to British colonies in the early seventeenth century to the end of Reconstruction The authors document the horrors of slavery particularly in the deep South and describe the slaves valiant struggles to free themselves from bondage There are dramatic tales of escape by slaves such as William and Ellen Craft and Dred Scott's doomed attempt to win his freedom through the Supreme Court We see how slavery engendered violence in our nation from bloody confrontations that broke out in American cities over fugitive slaves to the cataclysm of the Civil War The book is also filled

with stories of remarkable African Americans like Sergeant William H Carney who won the Congressional Medal of Honor for his bravery at the crucial assault on Fort Wagner during the Civil War and Benjamin Pap Singleton a former slave who led freed African Americans to a new life on the American frontier Filled with absorbing and inspirational accounts highlighted by more than one hundred pictures and illustrations Slavery and the Making of America is a gripping account of the struggles of African Americans against the iniquity of slavery
