Paul Elmer Moore:

Paul Elmer More Francis X. Duggan, 1966-01-01 **The Reason in a Storm** Geoffrey Bernard Williams, 1991 This book shows that T S Eliot working in the romantic tradition deliberately uses ambiguity in language to manifest the realm of ultimate reality He maintains this technique first to create moments of unmediated experience in his early poetry and in his later poetry to express the transcendent in time No other study has explicitly dealt with Eliot's use of ambiguity and its significance in relating Eliot to romanticism and postmodern practices of deconstruction In this study Eliot is shown to be a significant link overlooked until now between tradition and the contemporary fracturing of tradition **The School Review**, 1901 American Journal of Theology, 1916 Vols 2-6 include Theological and Semitic literature for 1898-1901 a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures By W Muss Arnolt Separately paged Shadow Voices John Connolly, 2021-10-28 All hardbacks in the first print run will be signed by the author The story of genre fiction horror romantic fiction science fiction crime writing and more is also the story of Irish fiction Irish writers have given the world Lemuel Gulliver Dracula and the world of Narnia They have produced pioneering tales of detection terrifying ghost stories and ground breaking women's popular fiction Now for the first time John Connolly's one volume presents the history of Irish genre writing and uses it to explore how we think about fiction itself Deeply researched and passionately argued SHADOW VOICES takes the lives of more than sixty writers by turns tragic amusing and adventurous but always extraordinary and sets them alongside the stories they have written to create a new way of looking at genre and literature both Irish and beyond Here are vampires and monsters murderers and cannibals Here are female criminal masterminds and dogged detectives star crossed lovers and vengeful spouses Here are the SHADOW VOICES **Browningiana in Baylor University** Baylor University. Library, 1921 **Writing the City** Desmond Harding, 2004-06 This work examines and challenges the traditional transatlantic axis London Paris New York that marks the intersection between western thinking about the City and the advent of literary modernism *With Eyes of the Past* Henry Ladd, 1928 **The Fortnightly Review**, 1919 *The Alumni Bulletin of the University of Virginia*, 1923 **The Problems and Lessons of the War ...** George Hubbard Blakeslee, 1916 Intellectuals Don't Need God and Other Modern Myths Alister E. McGrath, 2010-12-21 Rethinking Effective Apologetics for the Present Age Christians have always had to defend their faith against all kinds of criticism and misunderstandings but these attacks change overtime and the strongest arguments of the famous classical apologists who preceded us are not necessarily the strongest today Intellectuals Don't Need God is written to today's faithful apologists who are trying to commend Christianity in terms of its relevance to everyday life and not just its inherent rationality Its focuses are Understanding and overcoming the barriers of faith in today's culture Presenting the points of contact between daily life and spiritual longing Demonstrating the apologetics of today in action Theologian and scientist Dr Alister McGrath author of the ECPA 2014 Christian Book Award Winning biography of C S

Lewis shows convincingly that appeal to reason is only one of many possible bridges between the non Christian and the gospel In today s world cerebral and emotional concerns such as a sense that life lacks purpose or a deep sense of longing for something unknown are often more effective starting points for modern apologetics Dr McGrath combines the clarity of a brilliant scientific mind with a deep commitment to Christ and to reaching non Christians Intellectuals Don t Need God is for apologists and seekers alike for both those defending and questioning the validity and value of Christianity **The Philosophical Review** Jacob Gould Schurman,James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham, 1924 An international journal of general philosophy The Fantasy Fan A Collection of Weird Stories Various, 2021-07-03 The Fantasy Fan was the first fan magazine in the weird fiction field and therefore holds an important place in the history of the American fantasy and horror fiction pulp magazine Issued monthly it was first published in September 1933 and discontinued 18 issues later in February 1935 The magazine was edited by Charles Hornig 25 May 1916 11 October 1999 *From Physics to Metaphysics: Philosophy and Allegory in the Critical Writings of T. S. Eliot* Fabio L. Vericat Pérez-Mínguez, 2011-11-28 Antes de dedicarse por completo a la literatura T S Eliot fue un serio estudiante de filosofía Este estudio pretende determinar la importancia de este hecho en su desarrollo como crítico literario La intención es argumentar que el cambio que Eliot hizo de la filosofía a la literatura fue instigado con la esperanza de encontrar en el campo literario un estilo que había vencido durante sus estudios filosóficos Georgia Women of 1926 Georgia. Department of Archives and History, 1926 *The Sewanee Review* , 1914 The West Virginia School Journal , 1900 **Constitutional Conservatism** Peter Berkowitz, 2013-02-12 Social conservatives and libertarians Is a meeting of the minds possible Feuding among US conservatives for the title True Conservative is nothing new Underlying the feud has been a failure to grasp that conservatism in America forms a family of principles that require accommodation to each other to the exigencies of the moment and to the changing habits and opinions of the American people In Constitutional Conservatism Peter Berkowitz identifies the political principles social conservatives and libertarians share or should share and sketches the common ground on which they can and should join forces Drawing on the writings of Edmund Burke The Federalist and the high points of post War II American conservatism Berkowitz argues that the top political priority for social conservatives and libertarians should be to rally around the principles of liberty crystallized in the US Constitution and pursue reform in light of them He shows that this task depends on the cultivation of the virtue of political moderation which at its peak consists in the balancing of rival but worthy principles He concludes that constitutional conservatism well understood provides a sturdy framework for developing a distinctive political agenda to which both social conservatives and libertarian conservatives can in good conscience subscribe **The Independent** , 1907
