Paul Tuttle Design The 80s

Phyllis Plous, David Gebhard

Paul Tuttle Design The 80s:

Paul Tuttle Design and the 80s Phyllis Plous, David Gebhard, 1987 Paul Tuttle Designs Marla Berns, Paul Tuttle, Michael Darling, Kurt Gerard Frederick Helfrich, 2003 Paul Tuttle Designssurveys Tuttle s 50 year career primarily as a furniture designer showcasing more than 60 examples of seating and tables and highlighting five homes he designed in Santa Barbara early in his career Paul Tuttle s 1918 2002 impressive oeuvre is noted for its combination of gorgeous woods with materials such as steel glass cane and upholstery Regardless of how aesthetically beautiful or freshly inventive his creations are they were always intended to be functional tuttle stands out among mid to late twentieth century designers in his avoidance of trends or styles and his commitment to solving design problems in an original way Working within a modernist tradition Tuttle s work is distinguished by an elegance of line purity of materials fascination with structure and delight in small details Although crafted with precision and taste his furniture often exudes a distinctive quirky playfulness that reflects the designer s belief that a sense of fun should be part of a work s purpose **Paul Tuttle** Paul Tuttle, 1987 **Interiors**, 1987 **Design & Applied Arts Index**, 1988 Publishers Directory, 1994 **Artbibliographies Modern**, 1998

Environmental Design Research Directions Gary T. Moore, D. Paul Tuttle, Sandra C. Howell, 1985 Art Index Alice Maria Dougan, Margaret Furlong, 1982 **Architectural Record**, 1981 **Paul Tuttle** University of California, Santa Barbara. University Art Museum, 1987 *Historical Collections Council Newsletters* Nancy Dustin Wall Moure, Historical Collections Council (Laguna Beach, Calif.), 2006 Continues those Newsletters printed in Publications in Southern California Art No 5 **EDRA**. Environmental Design Research Association, 1985 *Edra 16* Environmental Design Research Association. Annual Conference, 1985 *The Design Encyclopedia* Mel Byars, 2004 Design has an increasingly high profile figures like Philippe Starck are as venerated and well known as more traditional artists But where the literature on fine art is vast design is still comparatively ill served This encyclopedia provides an account of the still largely unknown story of design

Art Index Retrospective, 1991 The Canadian Encyclopedia James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every

Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada's motto and a good description of this volume's range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada's finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada

Santa Barbara, the Creation of a New Spain in America David Gebhard, 1982 Arts & Humanities Citation Index, 1981 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals

1985 Proceedings Federal Acquisition Research Symposium, 1985
