Paul Beyond The Judaism Hellenism Divide:

Paul Beyond the Judaism/Hellenism Divide Troels Engberg-Pedersen, 2001-01-01 This insightful book intends to do away with the traditional strategy of playing Judaism and Hellenism out against one another as a context for understanding Paul Case studies focus specifically on the Corinthian correspondence **Paul and His Mortality** R. Gregory Jenks, 2015-11-16 While many books are written on Jesus's death a gap exists in writings about the theological significance of a believer's death particularly in imitation of Jesus's Paul as a first apostolic witness who talked frequently about his own death serves as a foundational model for how believers perceive their own death While many have commented about Paul's stance on topics such as forensic righteousness and substitutionary atonement less is written about Paul's personal experience and anticipation of his own death and the merit he assigned to it **Paul and His Mortality** Imitating Christ in the Face of Death explores how Paul faced his death in light of a ministry philosophy of imitation as he sought to imitate Christ in his life so he would imitate Christ as he faced his death In his writings Paul acknowledged his vulnerability to passive death as a mortal that at any moment he might die or come near death He gave us some of the most mournful and vitriolic words about how death is God's and our enemy But he also spoke openly about choosing death My aim is to know him to be like him in his death This study seeks to show that Paul embraced death as a follower and imitator of Christ because the benefits of a good death supersede attempts at self preservation For him embracing death is gain because it is honorable because it reflects ultimate obedience to God and because it is the reasonable response for those who understand that only Jesus's death provides atonement Studying mortality is paradoxically a study of life Peering at the prospect of life's end energizes life in the present This urgency focuses on living with mission in step with God the Creator and Sustainer of life who is rightly referred to as Life itself By focusing on mortality we focus on Paul's theology of life in its practical aspects in particular living life qualitatively aware of God's kingdom and mission and our limited quantity of days **Ancient Judaism in its Hellenistic Context** Carol Bakhtos, 2004-12-01 This volume explores the ways in which Jews lived within the Hellenistic and Greco Roman contexts how they negotiated their religious and social boundaries in their own distinctive manner Scholars demonstrate how the Jewish encounter with Hellenism led not to a conscious struggle with alien forces but rather in many instances to an active re tailoring and re shaping of tradition in light of their material ideological and philosophical surroundings That is to say the Jews a minority people maintained their identity by adapting the trappings to varying degrees of their milieu These essays also reflect many issues that emerge when we study the development of several aspects of Jewish Civilization through the ages in light of broad socio political cultural and philosophical contexts **Paul and Philosophy** Troels Engberg-Pedersen, 2023-11-20 This volume collects sixteen essays published by Troels Engberg Pedersen between 1994 and 2023 in which he analyses Pauline texts and themes philosophically often using ancient philosophy particularly Stoicism as a comparison to invigorate traditional theological exegesis of Paul Published in chronological order the essays

are preceded by a substantial introduction tracing their analytical development This leads to a final account of Paul's message bringing all the issues together in a single strand Among the central themes tackled are the relationship between theology and ethics the logical form of Pauline moral exhortation the understanding of flesh and spirit the logic of action personhood and Paul's soteriology Along the way Paul's apocalypticism and his relationship with Judaism gain in importance with the analysis reaching its goal in an explication of the notion of the Christ circle *Paul in the Greco-Roman World: A Handbook* J. Paul Sampley, 2016-10-06 This landmark handbook written by distinguished Pauline scholars and first published in 2003 remains the first and only work to offer lucid and insightful examinations of Paul and his world in such depth Together the two volumes that constitute the handbook in its much revised form provide a comprehensive reference resource for new testament scholars looking to understand the classical world in which Paul lived and work Each chapter provides an overview of a particular social convention literary or rhetorical topos social practice or cultural mores of the world in which Paul and his audiences were at home In addition the sections use carefully chosen examples to demonstrate how particularly features of Greco Roman culture shed light on Paul's letters and on his readers possible perception of them For the new edition all the contributions have been fully revised to take into account the last ten years of methodological change and the helpful chapter bibliographies fully updated Wholly new chapters cover such issues as Paul and Memory Paul's Economics honor and shame in Paul's writings and the Greek novel **Paul and Judaism** Reimund Bieringer, Didier Pollefeyt, 2012-03-08 The New Perspective on Paul cleared Judaism contemporary to Paul of the accusation that it was a religion based on works of righteousness Reactions to the New Perspective both positive and critical and sometimes even strongly negative reflect a more fundamental problem in the reception of this paradigm the question of continuity and discontinuity between Judaism and Christianity and its assumed implications for Jewish Christian dialogue A second key problem revolves around Paul's understanding of salvation as exclusive inclusive or pluralist The contributions in the present volume represent at least six approaches that can be plotted along this axis considering Paul's theology in its Jewish context William S Campbell and Thomas R Blanton consider Paul's Covenantal Theology Michael Bachman provides an exegetical study of Paul Israel and the Gentiles and Mark D Nanos considers Paul and Torah After this chapters by Philip A Cunningham John T Pawlikowski Hans Joachim Sander and Hans Herman Henrix give particular weight to questions of Jewish Christian dialogue The book finishes with an epilogue by pioneer of the New Perspective James D G Dunn *Paul, the Temple, and Building a Metaphor* David Anthony Basham, 2024-12-12 David Anthony Basham argues that Paul and the Corinthians share a system of associated commonplaces about the Jerusalem temple Basham proposes that when Paul applies temple language to the Corinthians by calling them *naos theou* God's temple he sparks a creative process of interaction between the temple and the Corinthian assembly a process of selecting emphasizing and organizing information from the source domain temple to see the target domain the Corinthians in a new light Basham suggests that in understanding Paul's fraught relationship with

certain institutions of Second Temple Judaism and his conception of gentile inclusion we can appreciate the creative ways in which he employs cultic imagery to describe his ministry and the ritual life of early gentile believers By exploring the construction of metaphor the depiction of the Jerusalem temple in Paul's letters and Judaeian religion among gentiles Basham demonstrates that Paul's temple metaphor speaks to a new cultic reality for gentiles in Christ that is linked to Israel's worship though detached from its actual expression in Jerusalem

Dictionary of Paul and His Letters InterVarsity Press, 2023-04-11 In this thoroughly revised and updated edition of a classic reference work topics like Christology justification and hermeneutics receive careful treatment by trusted specialists New topics like politics patronage and different cultural perspectives expand the volume's breadth and usefulness for scholars pastors and students today

Paul's Visual Piety J. M. F. Heath, 2013-05-02 This book is at the interface between Visual Studies and Biblical Studies For several decades scholars of visibility have been uncovering the significance of everyday visual practices in the sense of learnt habits of viewing and the assumptions that underpin them They have shown that these play a key role in forming and maintaining relationships in religious devotion and in social life The Visual Studies movement brought issues such as these to the attention of most humanities disciplines by the end of the twentieth century but until very recently made little impact on Biblical Studies The explanation for this disciplinary blind spot lies partly in the reception of St Paul who became Augustine's inspiration for platonising denigration of the material world and Luther's for faith through scripture alone In the hands of more radical Reformers the Word was soon vehemently opposed to the Image an emphasis that was further fostered in the philologically inclined university faculties where Biblical Studies developed Yet Paul's piety is visual as well as verbal even aside from his mystical visions He envisages a contemplative focus on certain worldly sights as an integral part of believers' metamorphosis into Christ-likeness This theme runs through Romans but finds its most concise expression in his correspondence with the Corinthians We all with unveiled face beholding in a mirror the glory of the Lord are being metamorphosed into the same image from glory to glory as from the Lord the Spirit 2 Cor 3:18 Richly ambiguous and allegorical as this is Paul shortly afterward defines an earthly site where this transformative sacred gaze occurs He insists that not mere death but the death of Jesus is made manifest in his suffering apostolic flesh Rightly perceived this becomes a holy spectacle for the sacred gaze working life in those who behold in faith but undoing those who see but do not perceive

Baptism on Account of the Dead (1 Cor 15:29) Michael F. Hull, 2005 This volume reviews and critiques the over forty different interpretations of 1 Cor 15:29 then examines the verse anew in terms of its literary historical and theological contexts within the writings of Paul

Paul and the Roman Imperial Order Richard A. Horsley, 2004-01-01 The five articles and Simon Price's response at the core of this book were originally papers delivered in a session of the Paul and Politics Group at the 2000 SBL Annual Meeting There are a number of special features that make this a special combination of articles on Paul in what is turning out to be a highly suggestive new perspective and context the ancient Roman imperial

order First these articles are all informed by and respond in some way to the ground breaking work of Simon Price on the Roman imperial cult in Greek cities some of the very cities in which Paul carried out his mission Invited as a special guest of the SBL for the 2000 Annual Meeting Price was the respondent to these papers and interaction with him has aided the authors in their revisions The articles bring a rich variety of fresh perspectives to issues of the relation of Paul and the Roman imperial order including postcolonial theory political anthropological theory James C Scott postcolonial theory and feminist theory along with the new perspective on the imperial cult represented by Price This collection of articles thus stands at the cutting edge of new scholarship on Paul s mission and letters in his political and cultural context Contributors for this book include Robert Jewett Abraham Smith Neil Elliott Rollin A Ramsaran Efrain Agosto Erik Heen Jennifer Wright Knust and Simon R F Price Richard A Horsley is Distinguished Professor of Liberal Arts and the Study of Religion at the University of Massachusetts Boston and the author of *Paul and Politics Ekklesia Israel Imperium Interpretation and Paul and Empire Religion and Power in Roman Imperial Society*

We Are Being Transformed M. David Litwa, 2012-02-22 Can Pauline soteriology be categorized as a form of deification This book attempts to answer this question by keen attention to the Greco Roman world It provides the first full scale history of research on the topic It is also the first work to fully treat the basic historical questions relating to deification Namely what is deity in the Greco Roman world What are the types of deification in the Greco Roman world Are there Jewish antecedents to deification Does Paul consider Christ to be a divine being If so according to what logic How is Pauline deification possible in light of ancient Jewish monotheism How is deification possible with a strong notion of creation Although a rigorously historical study no attempt is made to avoid theological issues in their historical context Deification it is argued provides a new historical category of perception with which to deepen our knowledge of the Apostle s religious thought in its own time This book is intended for an academic audience The range of topics discussed here should interest a wide array of scholars in the fields of Hebrew Bible New Testament Classics and Patristics

Paul and the Greco-Roman Philosophical Tradition Joseph R. Dodson, Andrew W. Pitts, 2017-10-19 Paul and the Greco Roman Philosophical Tradition provides a fresh examination of the relationship of Greco Roman philosophy to Pauline Christianity It offers an in depth look at different approaches employed by scholars who draw upon philosophical settings in the ancient world to inform their understanding of Paul The volume houses an international team of scholars from a range of diverse traditions and backgrounds which opens up a platform for multiple voices from various corridors Consequently some of the chapters seek to establish new potential resonances with Paul and the Greco Roman philosophical tradition but others question such connections While a number of them propose radically new relationships between Paul and GrecoRoman philosophy a few seek to tweak or modulate current discussions There are arguments in the volume which are more technical and exegetical and others that remain more synthetic and theological This diversity however is accentuated by a goal shared by each author to further our understanding of Paul s relationship to and

appropriation of Greco Roman philosophical traditions in his literary and missionary efforts **That's What I'm Talking about** Richard B. Cook, 2006-12 Collection of Previously Published Articles and Reviews The selections are tied together by the theme the nature of belief its expression and application in different contexts both historical and literary There is an emphasis upon the missionary career of St Paul both as an organizer of newly converted Gentile believers and as a former persecutor of believers who denounced him to his converts **Jesus as Mediator** Malcolm Gill, 2008 This book addresses the influence of the imperial cult in first century AD Asia Minor and its subsequent relevance to the reading of the New Testament In particular this work argues through a contrapuntal reading of 1 Timothy 2 1 7 that the early Christian community strongly resisted the Emperor's claim to be the mediator between the gods and humanity In contrast to this claim the author shows that 1 Timothy 2 1 7 can be read as a polemic from a minority community the Christian church in Ephesus against the powerful voice of the Roman Empire in regard to divine mediation **God as Father in Paul** Abera M. Mengestu, 2013-08-28 God as Father in Paul explores Paul's use of the kinship term Father to refer to God along with related familial terms children of God and Christ followers as brothers and sisters as part of a study of the use of kinship language in the identity formation of early Christianity Mengestu argues that these kinship terms are shared modes of identity constructions within the wider textual and cultural settings the Roman Empire the Roman Stoic philosophers the Hebrew Bible and ancient Jewish literature from which Paul draws on as well as contests Employing theoretical kinship and social identity theory as well as interpretative approaches imperial critical and narrative approaches to Paul he contends that Paul uses God as Father consistently strategically and purposefully in both stable and crisis situations to develop a narrative orienting framework's that images the community of Christ followers as a family that belongs to God who together with the Lord Jesus Christ bestows on them equal but diverse membership in the family The narrative so constructed forms the foundation for referring to Christ followers as children of God and brothers and sisters of one another It constructs boundaries and serves as nexus of transformation and negotiation Slaves in the New Testament James Albert Harrill, In this exciting new analysis of slaves and slavery in the New Testament Harrill breaks new ground with his extensive use of Greco Roman evidence discussion of hermeneutics and treatment of the use of the New Testament in antebellum U S slavery debates He examines in detail Philemon 1 Corinthians Romans Luke Acts and the household codes *Paul and His Recent Interpreters* N. T. Wright, 2015-10-15 This companion volume to N T Wright's Paul and the Faithfulness of God and Pauline Perspectives is essential reading for all with a serious interest in Paul the interpretation of his letters his appropriation by subsequent thinkers and his continuing significance today In the course of this masterly survey Wright asks searching questions of all of the major contributors to Pauline studies since the Enlightenment *Acts: An Exegetical Commentary : Volume 4* Craig S. Keener, 2015-10-06 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research This commentary on Acts his magnum opus may be the largest and most thoroughly documented

Acts commentary ever written Useful not only for the study of Acts but also early Christianity this work sets Acts in its first century context In this volume the last of four Keener finishes his detailed exegesis of Acts utilizing an unparalleled range of ancient sources and offering a wealth of fresh insights This magisterial commentary will be an invaluable resource for New Testament professors and students pastors Acts scholars and libraries The complete four volume set is available at a special price **Eastern Orthodox Christianity and American Higher Education** Ann Mitsakos Bezzerides, Elizabeth H.

Prodromou, 2017-01-15 Over the last two decades the American academy has engaged in a wide ranging discourse on faith and learning religion and higher education and Christianity and the academy Eastern Orthodox Christians however have rarely participated in these conversations The contributors to this volume aim to reverse this trend by offering original insights from Orthodox Christian perspectives that contribute to the ongoing discussion about religion higher education and faith and learning in the United States The book is divided into two parts Essays in the first part explore the historical experiences and theological traditions that inform and sometimes explain Orthodox approaches to the topic of religion and higher education in ways that often set them apart from their Protestant and Roman Catholic counterparts Those in the second part problematize and reflect on Orthodox thought and practice from diverse disciplinary contexts in contemporary higher education The contributors to this volume offer provocative insights into philosophical questions about the relevance and application of Orthodox ideas in the religious and secular academy as well as cross disciplinary treatments of Orthodoxy as an identity marker pedagogical framework and teaching and research subject
