Brown,2005 [Church of Lies](#) Flora Jessop,Paul T. Brown,2009-01-20 From the Preface My name is Flora Jessop I ve been called apostate vigilante and crazy bitch and maybe I am But some people call me a hero and I d like to think they re right too If I am a hero maybe it s because every time I can play a part in saving a child or a woman from a life of servitude and degradation I m saving a little piece of me too I was one of twenty eight children born to my dad and his three wives Indoctrinated to believe that the outside world was evil and that I resided among the righteous I was destined to marry a man chosen for me by the Prophet I would then live in harmony with my sister wives bear many children and obey and serve my future husband in this life and throughout eternity But my innocence didn t last long While still a child I understood that the church of the righteous was nothing but a church of lies When I was eight years old my father sexually molested me for the first time raping me when I was twelve I tried to kill myself Beaten molested taunted and abused by family members alleging they only wanted to save my soul became a daily routine I ran from this abuse more than once in my early teens even attempting to cross the desert on foot My family hunted me down I thought government agencies would provide me safety if I reported my father Instead police and social services colluded with the FLDS to return me to my family and I ended up back inside polygamy right where I started Flora goes on from there to tell the dramatic true story of how she ultimately escaped and has been fighting against frustrating obstacles with hard fought successes in rescuing women and children from the FLDS It s a story you can t put down [Mississippi Outdoors](#) ,2008 **Alabama's Treasured Forests** ,1997 [The Wild East](#) Margaret Lynn Brown,2024-10-01 The Wild East explores the social political and environmental changes in the Great Smoky Mountains during the nineteenth and twentieth centuries This revised edition is updated with information about new research and initiatives that are restoring native plants and wildlife populations in the twenty first century *The Guardian Index* ,2003 [Crude](#) Sonia Shah,2011-01-04 Crude is the unexpurgated story of oil from the circumstances of its birth millions of years ago to the spectacle of its rise as the indispensable ingredient of modern life In addition to fueling our SUVs and illuminating our cities crude oil and its byproducts fertilize our produce pave our roads and make plastic possible Newborn babies observes author Sonia Shah slide from their mothers into petro plastic gloved hands are swaddled in petro polyester blankets and are hurried off to be warmed by oil burning heaters The modern world is drenched in oil Crude tells how it came to be A great human drama emerges of discovery and innovation risk the promise of riches and the power of greed Shah infuses recent twists in the story with equal drama through chronicles of colorful modern

day characters from the hundreds of Nigerian women who stormed a Chevron plant to a monomaniacal scientist for whom life is the pursuit of this earthblood and its elusive secret Shah moves masterfully between scientific economic political and social analysis capturing the many sides of the indispensable mineral that we someday may have to find a way to live without

*Revelation Abridged* Paul Brown, 2021-06-17 This abridged commentary takes a highlighter to the whole book of Revelation like preparing for a school examination These highlighted words provide practical means for understanding the main points of God's words in improving daily life From complexity comes simplicity and elegance of the seven visions of Revelation Discover that the vision of Moses Tabernacle parallels the Lord's Prayer the vision of the Holy City parallels the Seven Days of Creation the vision of the Four Horsemen of the Apocalypse matches the vision of the Four Hallelujahs the vision of the Trumpets of Justice matches the vision of the Bowls of Mercy then climatically the middle Arch Keystone vision four marks all of God's creation as innocent perfection Supporting interfaith quotes come from the Jewish Tanakh the Islamic Quran and the Christian New Testament So instead of trying to understand geo political battlefields and theological labyrinths just sit back and contemplate a few clarified phrases from each of the seven major visions See also how the shepherd's Psalm 23 aligns as an uncomplicated summary of these seven visions From this new nondenominational viewpoint the book of Revelation becomes practical an archway to bring more peace to daily experience

*The Creative Vision of Bessie Head* Coreen Brown, 2003 This book is an exploration of the way in which Head's writing is her idiosyncratic response to her personal life Her desire to portray and yet subvert oppression political racist and sexist that she encountered in South Africa and Botswana led to a Romanticism born of her need to create an antithesis to what she perceived to be the reality around her Her eagerness to discover a haven in her adopted rural Botswana led to a Utopia of her own making a literary resolution imagined not actual A mental breakdown led to the creation of her greatest novel *A Question of Power* one which examines the depths of evil but allows also for the dawning of the heights of goodness The appendix contains many heretofore unpublished letters that help to explain the personal compulsion that provided for Head's creativity

*God in a Single Vision* David Brown, 2016-05-26 In the ancient conversation between Western philosophy and Christian theology powerful contemporary voices are arguing for monologue rather than dialogue Instead of these two disciplines learning from and mutually informing each other both philosophers and theologians are increasingly disconnected from and thus unable to hear what the other is saying especially in Anglo American scholarship Some Christian philosophers are now found claiming methodological authority over doctrine while some Christian theologians even deny that

philosophy has its own integrity as a separate discipline Against these trends David Brown has argued over the past thirty years that philosophy and theology are both necessary in order to grapple with the reality of divine mystery and Christian faith Neither discipline can be reduced to the other and each has its own contribution to make for a full understanding of what Brown describes as a single vision of God In this volume Brown addresses some key topics in philosophical theology including the created order experience and revelation incarnation and redemption and heaven and our communal destiny Combining analytic clarity doctrinal substance and historical depth this volume exemplifies Brown's project of truly integrating philosophy and theology It thus provides an ideal introduction to this vital conversation for undergraduate and postgraduate students as well as a connected argument of interest to specialists in both disciplines Temperance and Cosmopolitanism Carole Lynn Stewart, 2018-10-01 Temperance and Cosmopolitanism explores the nature and meaning of cosmopolitan freedom in the nineteenth century through a study of selected African American authors and reformers William Wells Brown Martin Delany George Moses Horton Frances E W Harper and Amanda Berry Smith Their voluntary travels a reversal of the involuntary movement of enslavement form the basis for a critical mode of cosmopolitan freedom rooted in temperance Both before and after the Civil War white Americans often associated alcohol and drugs with blackness and enslavement Carole Lynn Stewart traces how African American reformers mobilized the discourses of cosmopolitanism and restraint to expand the meaning of freedom a freedom that draws on themes of abolitionism and temperance not only as principles and practices for the inner life but simultaneously as the ordering structures for forms of culture and society While investigating traditional meanings of temperance consistent with the ethos of the Protestant work ethic Enlightenment rationality or asceticism Stewart shows how temperance informed the founding of diasporic communities and civil societies to heal those who had been affected by the pursuit of excess in the transatlantic slave trade and the individualist pursuit of happiness By elucidating the concept of the black Atlantic through the lenses of literary reformers Temperance and Cosmopolitanism challenges the narrative of Atlantic history empire and European elite cosmopolitanism Its interdisciplinary approach will be of particular value to scholars of African American literature and history as well as scholars of nineteenth century cultural political and religious studies **Catalog of Copyright Entries** Library of Congress.
