Paul Elmer More Amer Criticism:

Forces in American Criticism Bernard Smith, 1971 **Critiques and Essays in Criticism, 1920-1948** Robert Wooster Stallman, 1949 Contemporary American Criticism , 1926 American Criticism William A. Drake, 1926 The North American Review James Russell Lowell, 1924 Vols 227 230 no 2 include Stuff and nonsense v 5 6 no 8 Jan 1929 Aug 1930

American Literature and the Academy Kermit Vanderbilt, 1989-02 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas **American Criticism, 1926** William A. Drake, 1926 *Russell Kirk* Bradley J. Birzer, 2015-11-09 Emerging from two decades of the Great Depression and the New Deal and facing the rise of radical ideologies abroad the American Right seemed beaten broken and adrift in the early 1950s Although conservative luminaries such as T S Eliot William F Buckley Jr Leo Strauss and Eric Voegelin all published important works at this time none of their writings would match the influence of Russell Kirk s 1953 masterpiece *The Conservative Mind* This seminal book became the intellectual touchstone for a reinvigorated movement and began a sea change in Americans attitudes toward traditionalism In *Russell Kirk* Bradley J Birzer investigates the life and work of the man known as the founder of postwar conservatism in America Drawing on papers and diaries that have only recently become available to the public Birzer presents a thorough exploration of Kirk s intellectual roots and development The first to examine the theorist s prolific writings on literature and culture this magisterial study illuminates Kirk s lasting influence on figures such as T S Eliot William F Buckley Jr and Senator Barry Goldwater who persuaded a reluctant Kirk to participate in his campaign for the presidency in 1964 While several books examine the evolution of postwar conservatism and libertarianism surprisingly few works explore Kirk s life and thought in detail This engaging biography not only offers a fresh and thorough assessment of one of America s most influential thinkers but also reasserts his humane vision in an increasingly inhumane time *Saturday Review of Literature* , 1928 **The American Year Book** Albert Bushnell Hart, 1914

Catholic World , 1923 The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction The American Year Book , 1914 Rousseau and Romanticism Otto Scott, 2017-07-28 This volume is the best known and most widely discussed work of the influential scholar and critic Irving Babbitt 1865 1933 intellectual leader of the movement known as the New Humanism It is also the work that best conveys the ethical and aesthetic core of his thought Broad in scope it examines a variety of manifestations of romanticism and presents a typology of the imaginative inclinations of that movement Rousseau is analyzed as paradigmatic of the ethical and aesthetic sensibility that is replacing the classical and Christian outlook in the Western world For Babbitt works of imagination are integral to human life in

general He explores romanticism with a view to its implications for Western civilization Babbitt identifies serious ethical religious aesthetic and philosophical problems in the modern world but he also shows how remedies to those problems must incorporate the best insights of modernity First published in 1919 the book is strikingly relevant to today s discussion of the crisis of American and Western culture and education Babbitt anticipated and analyzed dangerous cultural trends whose consequences are now widely bemoaned He applies to these phenomena an intellectual breadth and depth rare today At the end of the twentieth century his prescriptions for dealing with the central problems of Western civilization have acquired an acute urgency At a time of much renewed interest in Rousseau Babbitt s book offers a penetrating commentary that challenges widely held beliefs and interpretations Graced with a lengthy and wide ranging new introduction by Claes G Ryn Rousseau and Romanticism is simultaneously a work of literary history criticism and a theory of civilization In addressing its special subject this classic study reflects the main themes of Babbitt s thought making it representative of his work as a whole Ryn explicates and critically assesses Babbitt s central ideas refutes widely circulating

The Pageant of America
 Ralph Henry Gabriel,1926 **Handbook of the American Novel of the Twentieth and Twenty-First Centuries** Timo Müller,2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s *The Ambassadors* to McCarthy s *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification *The Pageant of America: The American spirit in letters*, by S.T. Williams Ralph Henry Gabriel,1926 **The Pageant of America: The American spirit in letters**, by S.T. Williams ,1926 **The Pageant of America, a Pictorial History of the United States** ,1926 **Modern North American Criticism and Theory** Julian Wolfreys,2006-04-21 Modern North American Criticism and Theory presents the reader with a comprehensive and critical introduction to the development and institutionalization of literary and cultural studies throughout the twentieth century and at the beginning of the twenty first Focusing on the growth and expansion of critical trends and methodologies with particular essays addressing key figures in their historical and cultural contexts the book offers a narrative of change transformation and the continuous quest for and affirmation of multiple cultural voices and identities From semiotics and the New Criticism to the identity politics of whiteness studies and the cultural study of masculinity this book provides an overview of literary and cultural study in North

America as a history of questioning debate and exploration
