

Paul I

A Reassessment of His Life
and Reign

EDITED BY HUGH RAGSDALE

Paul I A Reassessment Of His Life Reign

Simon Dixon

Paul I A Reassessment Of His Life Reign:

The Emperors and Empresses of Russia Donald J. Raleigh, A.A. Iskenderov, 2015-02-24 Since glasnost began Russia's most eminent historians have taken advantage of new archival access and the end of censorship and conformity to reassess and reinterpret their history Through this process they are linking up with Russia's great historiographic tradition while producing work that is fresh and modern In *The Emperors and Empresses of Russia* renowned Russian historians tell the story of the Romanovs as complex individual personalities and as key institutional actors in Russian history from the empire builder Peter I to the last tsar Nicholas II These portraits are contributions to the writing of history partaking neither of wooden ideologisation nor of naive romanticisation

Paul I Hugh Ragsdale, 2020-03-16 This book offers the first book length English language biography of Russian emperor Paul I 1754-1801 since a 1913 translation Most of the essays have been written expressly for this volume They examine Paul's education his mental pathology his administrative aims curious relations with the knights of Malta and with Bonaparte and his struggles with the threatening ideas emanating from the French Revolution There is also a provocative new view of the conspiracy that took Paul's life

Russia's Western Borderlands, 1710-1870 Edward C. Thaden, 2014-07-14 This book examines Russian policies in the western borderlands during the main period of expansion of the imperial system Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Making of Russian Absolutism 1613-1801 Paul Dukes, 2014-01-14 Revised and expanded the second edition of this fascinating study surveys the first two centuries of Romanov rule from the foundation of the dynasty by Michael Romanov in 1613 to the accession of Alexander I in 1801 The central theme of the book is the growth of absolutism in Russia throughout these years and it traces in detail how the Russian variety of what was a contemporary European phenomenon came fully into being

Russia and the Napoleonic Wars Janet M. Hartley, Paul Keenan, Dominic Lieven, 2015-09-15

Russia played a fundamental role in the outcome of Napoleonic Wars the wars also had an impact on almost every area of Russian life *Russia and the Napoleonic Wars* brings together significant and new research from Russian and non Russian historians and their work demonstrates the importance of this period both for Russia and for all of Europe

Император Павел I и Орден святого Иоанна Иерусалимского Владимир Захаров, 2022-05-15

The Imperial Russian Project Alfred J. Rieber, 2018-01-18 A pioneer in the field of Russian and Soviet studies in the West Alfred J Rieber's five decade career has focused on increasing our understanding of the Russian Empire from Peter the Great to the coming of the First World War *The Imperial Russian Project* is a collection of Rieber's lifetime of work focusing on three interconnected themes

of this time period the role of reform in the process of state building the interaction of state and social movements and alternative visions of economic development This volume contains Rieber s previously published classic essays edited and updated as well as newly written works that together provide a well integrated framework for reflection on this topic Rieber argues that Russia s style of autocratic governance not only reflected the personalities of the rulers but also the challenges of overcoming economic backwardness in a society lacking common citizenship and a cohesive ruling class The Imperial Russian Project reveals how during the nineteenth century the tsar was obliged to operate within a changing and more complex world reducing his options and restricting his freedom of action **The Modernisation of Russia, 1676-1825**

Simon Dixon,1999-07-29 This is the first book to place Russia s long eighteenth century squarely in its European context The conceptual framework is set out in an opening critique of modernisation which while rejecting its linear implications maintains its focus on the relationship between government economy and society Following a chronological introduction a series of thematic chapters covering topics such as finance and taxation society government and politics culture ideology and economy emphasise the ways in which Russia s international ambitions as an emerging great power provoked administrative and fiscal reforms with wide ranging and often unanticipated social consequences This thematic analysis allows Simon Dixon to demonstrate that the more the tsars tried to modernise their state the more backward their empire became A chronology and critical bibliography are also provided to allow students to discover more about this colourful period of Russian history

Paul I of Russia, 1754-1801 Roderick Erle McGrew,1992 This is the first full modern biography of Paul I son of Catherine the Great and Tsar of Russia 1796 1801 Considered by some to have been a cruel despot verging on the insane Paul has been seen by others as a progressive if flawed ruler who was overthrown because he challenged the privileged nobility McGrew explores the influences which shaped Paul s values and behavior assessing the role played by Paul s upbringing on the fringes of his mother s court and of the French Revolution He examines Paul s insecure unpredictable and often violent character and traces his gradual evolution into a committed autocrat who combined enlightened humanitarianism with a firm belief in military discipline and hierarchy As Tsar he aroused fear hatred and contempt among his nobles which resulted in a coup d etat ending his brief reign and his life McGrew s intensively researched study not only offers a portrait of a complex ruler and his times but also assesses the part played by Paul in establishing the deeply conservative political outlook which characterized Russia in the nineteenth century [Air University Review](#) ,1982 **The Russian Dilemma** Gordon M.

Hahn,2021-11-17 From the end of the Mongol Empire to today Russian history is a tale of cultural political economic and military interaction with Western powers The depth of this relationship has created a geopolitical dilemma Russia has persistently been both attracted to and at odds with Western ideas and technological development which have tended to threaten Russia s sense of identity and create destabilizing divisions within society Simultaneously deepening involvement in Western international affairs brought meddling in Russian domestic politics and military invasion This book examines how

the centuries old Western threat has shaped Russia's political and strategic structures creating a culture of security rooted in vigilance against Western influence and interference **Imperial Russian Foreign Policy** Hugh Ragsdale, V. N.

Ponomarev, 1993-10-29 Imperial Russian Foreign Policy aims to demythologise a field hitherto dominated by suspicions of diabolical cunning inscrutable motives and international plots using unseen forces of the gigantic fear inspiring empire of the tsar The contributors leading historians from both Russia and the West examine Imperial foreign policy from its origins to the October Revolution revealing a policy that as in other countries had a complex of motives commerce nationalism the interests of various social groups but an unusual origin coming almost exclusively from the entourage of the tsar The work is based largely on original research in Soviet archives which only became possible after Soviet glasnost **A Social History of the**

Russian Empire 1650-1825 Janet M. Hartley, 1999 This is a major and wide ranging survey of the social history of Russia from before Peter the Great right through to Napoleon *The Romanovs* Lindsey Hughes, 2008 A vivid and original portrait of the entire Romanov family who shaped Russian history and politics for three centuries and whose legacy still sparks the public's imagination Proceedings Discontinued European Roma Rights Center, 2006 Zsfassung in Romani

Малтийский орден Vladimir Aleksandrovich Zakharov, 2003 **Alexander I** Janet M. Hartley, 1994 Folder includes research notes and other material such as journal articles and copies of and extracts from Jefferson related correspondence

Russian Autocrats from Ivan the Great to the Fall of the Romanov Dynasty David R. Egan, Melinda A. Egan, 1987 No descriptive material is available for this title *Arts & Humanities Citation Index*, 1994 **Масонство и русская литература XVIII-начала XIX вв** Всеволод Иванович Сахаров, 2000
