This book has been put together in the hopes of stirring fond memories in a few of those Beatlemaniacs who are as much a part of this story as the four young Beatles were. Always updated with new CDs, prices, and recent information, throughout the years they've remained in the public eye as much as when they were together. This is a story of The Beatles together and their careers through the post-Beatle years. A comprehensive price guide of all their records together and their solo careers from around the globe. Stories never told before which makes this the Ultimate Beatles Price Guide. Updated yearly. All You Need is Love **The Unknown Paul McCartney** Ian Peel, 2013-04-02 Internationally acclaimed, knighted, and immortalised in music's pantheon, Paul McCartney nevertheless remains one of the least fully appreciated of modern icons. Throughout his career, McCartney has initiated and participated in projects that have taken him very far away from the kind of music associated with his career in The Beatles in Wings and as a solo artist. From as far back as the 1960s, there have been experimental solo projects, both under his own name and incognito. These include the legendary *Carnival of Light*, sixties freak-out, the Percy Thrillington diversion in the 70s techno-ambient and chill-out releases, as *The Fireman*, pure noise performance art, as well as less publicised activity, much of which Ian Peel now reveals in depth in print for the first time. What emerges is a unique critical insight into an apparently over-familiar public figure. Paul McCartney, avant-garde musician. Undertaking extensive research for this book, Ian Peel

interviewed many of McCartney's intimate musical associates from this less familiar side of his career including Super Furry Animals on their carrot chewing percussion and electronic sound collage collaborations Youth the three times BRIT nominated producer speaks in depth for the first time ever on his two albums of techno ambient and chill out recorded with McCartney as The Fireman Nitin Sawhney on McCartney's first tentative steps into drum bass holed up in Sawhney's London bedsit Richard Hewson breaks a 20 year silence on the Thrillington project and pseudonym David Vaughan the renowned psychedelic artist and organiser of 60s happenings airs his strong views on Carnival of Light The Beatles most legendary unreleased track Other interviewees include Yoko Ono bassist Herbie Flowers Gong's Daevid Allen Frank Zappa's guitarist Mike Keneally JJ Jeczalik Art of Noise and members of Wings
