Pavletich, 2022-12-15 Pauline Elizabeth Hopkins 1859-1930 African American novelist editor journalist playwright historian and public intellectual used fiction to explore and intervene in the social racial and political challenges of her era Her particular form of cultural activism was groundbreaking for its time and continues to influence and inspire authors and scholars today This collection of essays constitutes a new phase in the full historical and literary recovery of her work JoAnn

Pavletich argues that considered from the broadest of perspectives Hopkins's life work occupies itself with the critique and creation of epistemologies that control racialized knowledge and experience. Whether in representations of a critical contemporary problem such as lynching imperialism or pan African unity or in representations of African American women's voices Hopkins's texts create new knowledge and new frames for understanding it. The essays in this collection engage this knowledge articulating nuanced understandings of Hopkins's era and her innovative writing practices opening new doors for the next generation of Hopkins scholarship. With contributions from well established Hopkins scholars such as John Gruesser editor of *The Unruly Voice* and Hanna Wallinger author of *Pauline E Hopkins: A Literary Biography* the collection also includes important new scholars on Hopkins such as Elizabeth Cali Edlie Wong and others.

[Pauline Hopkins and the American Dream](#) Alisha Knight, 2011-04-15 Pauline Elizabeth Hopkins was perhaps the most prolific black female writer of her time. Between 1900 and 1904 writing mainly for *Colored American Magazine* she published four novels at least seven short stories and numerous articles that often addressed the injustices and challenges facing African Americans in post Civil War America. In *Pauline Hopkins and the American Dream* Alisha Knight provides the first full length critical analysis of Hopkins's work. Scholars have frequently situated Hopkins within the domestic sentimental tradition of nineteenth century women's writing with some critics observing that aspects of her writing particularly its emphasis on the self made man seem out of place within the domestic tradition. Knight argues that Hopkins used this often dismissed theme to critique American society's ingrained racism and sexism. In her *Famous Men and Famous Women* series for *Colored American Magazine* she constructed her own version of the success narrative by offering models of African American self made men and women. Meanwhile in her fiction she depicted heroes who fail to achieve success or must leave the United States to do so. Hopkins risked and eventually lost her position at *Colored American Magazine* by challenging black male leaders liberal white philanthropists and white racists and by conceiving a revolutionary treatment of the American Dream that placed her far ahead of her time. Hopkins is finally getting her due and this clear eyed analysis of her work will be a revelation to literary scholars historians of African American history and students of women's studies. Alisha Knight is an associate professor of English and American Studies at
